JetPaws® Travel Checklist

Traveling with your pet can be lots of fun as long as you are well prepared and informed. Use the checklist below to ensure you have everything you need for a trip as smooth as your companion’s coat.

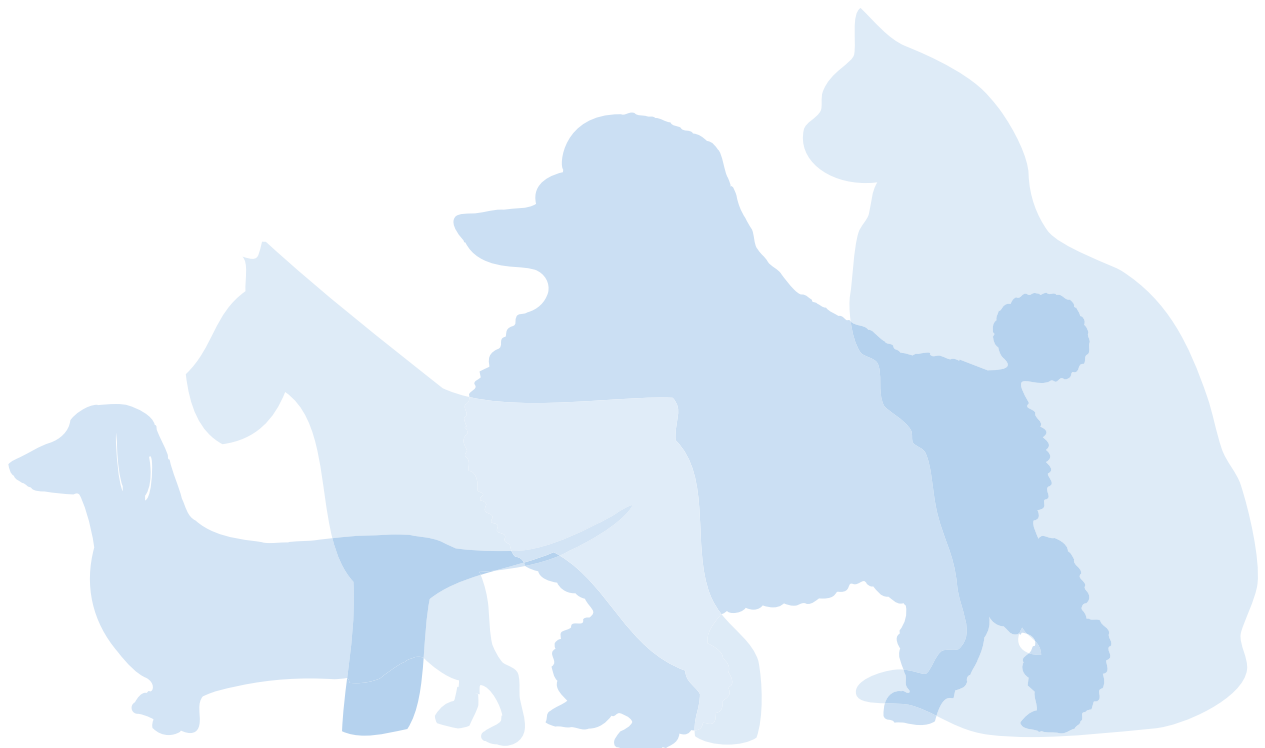

- Required vaccinations and documentations
- Tags
- Licenses
- Airline-approved pet carrier
- Snacks and treats

- Pet carriers are subject to being searched by airport security authorities.
- When passing through security, you will be asked to hold the pet and walk through while the carrier is x-rayed.
- Your pet and carrier will count as your one carry-on bag.
- Pets must remain inside a closed carrier while at the airport and in the aircraft.
- You must exit the airport and return through security if your pet needs to relieve itself.

HOTELS, RESTAURANTS AND PARKS BY CITY

There are lots of pet-friendly places out there! Always call ahead before visiting an establishment to make sure their pet policies haven't changed. Here's some helpful information about these places:

HOTELS

When booking a hotel, make sure you let them know you're bringing a pet. Always ask about the hotel pet policies. Some hotels have rules, such as requiring that pets are not left alone in the room, that might require some extra planning on your part.

RESTAURANTS

- Most pet-friendly restaurants allow you to sit with your pet at their outdoor tables. However, they cannot sit on the chairs or tables.
- Always keep your pet leashed.
- Some restaurants provide water for your pet, but if they don't, come prepared with a portable water bowl.

PARKS

- Bring a leash. Some parks are off-leash or have off-leash areas, but it's good to always have one handy.
- Always clean up after your dog. Bring a pooper scooper or a plastic bag to pick up what your pooch may leave behind.
