Operating Rules of the Institute Schedule

- 1. Intent, Philosophy, and Operating Guidance of the Institute Schedule.
 - A. **Intent**. To provide guidance and a basic framework that facilitates Cadet success at VMI.
 - B. **Philosophy**. The Institute Schedule sets the tempo of the cadets' day according to a specific operational blueprint. It provides guidance identifying where the cadet will be, and which activities are authorized to be scheduled (and by whom) during specific periods. Constructs such as Academic Class Periods, Dean's Time, Commandant's Time, Superintendent's Time, Evening Study Period, Dean's, ROTC's and Commandant's Saturdays, and the like are designed to fence blocks of time for specific activities, to discipline the members of the Institute against encroaching on others, and to add discipline, structure, and clarity to the cadet's life.
 - C. **Operating Guidance**. Provides a schedule of events to balance a cadet's academic, athletic, military and life activities to participate in a full VMI experience and qualify for graduation. When a cadet is required to be at more than one place at the same time, it is incumbent upon the *cadet* to de-conflict the situation prior to that time asking forgiveness for an absence after the fact is not an acceptable course of action.
- 2. Weekday Schedule (1900 Sun Taps Fri).
 - A. **Reveille.** (0700, Mon Fri). All cadets (except for those involved in ROTC designated physical training or authorized athletic/club practice) must be formed for Breakfast Roll Call (BRC).

 - 2) NCAA Stipulations for BRC. All NCAA Teams will have the ability to schedule morning activities starting from 0600 to 0715. When participating in morning activities, teams will be excused from the BRC formation, accountability will be performed by the team in a manner deemed acceptable by the Commandant.
