PRODUCT CATALOG

ABOUT PHOENIX LTC

Established in February 2010 Phoenix LTC is dedicated to providing med carts and cabinets to the unique med-storage needs of long-term care pharmacies and their clients.

Owned and operated by the Bergmann Group who is experienced in engineering and manufacturing since 1981. Long-term care pharmacies look to us for our excellent customer service and expertise in the industry.

PHOENIX SERIES MEDICATION CARTS

## STATSAFE AUTOMATED MEDICATION MANAGEMENT

PHOENIX SERIES

GREATER CAPACITY
SMALLER FOOTPRINT

Decrease the nurse's physical demands with a smaller, lighter cart!

Our unique drawer sizes and adjustable divider system eliminates the wasted space between rows. This creates additional capacity in a smaller, lighter, more maneuverable cart.

5 Rows of Cards

10 Rows (2 extra rows)

Drawers can also be easily converted to Medicine on Time ® or any configuration you can imagine, with no tools what-so-ever.

Our unique drawer divider solution helps you make the most of every square inch!

PHOENIX SERIES

CHANGE IS GOOD
IT'S EASY TOO

Every drawer is equipped with our clever divider system that adapts to any packaging system imaginable; in addition, the drawers are easily interchangeable, just like the rest of the cart's components.

INTERCHANGEABLE DRAWERS

Alternative drawer configurations are simple to swap.

PHOENIX SERIES

ONE PLATFORM
UNLIMITED OPTIONS

Imagine the ease of maintaining a single cart platform that serves many different markets — from skilled nursing to independent living.

EXTERIOR FINISHES

Each client requires a finish that will harmonize with the demands and décor of their facility. That is why we designed our Phoenix frame to be completed in the durable creme-textured finish or in our Homewood Collection furniture-finish.

SECURITY SYSTEMS

FILL IT UP - WE'LL KEEP IT SECURE!

With multiple locking options and proven security you're sure to find the system that best fits your needs.

CENTRAL LOCK
There is nothing basic about our base lock. It is a figure-8 exchangeable-core BEST® lock. The cores are removable for lock number management. It is included with Keyless Entry and Proximity Lock as a manual override.

KEYLESS ENTRY PAD
Upgrade to the keyless entry with auto relock. The system holds up to 250 codes and tracks 1500 entries, failed and successful. In addition, keypad LEDs show the cart lock status and battery level.

SOFTWARE OPTION
Customize and manage your Keyless and Proximity entry systems with our Microsoft Windows based software. The software manages user codes by shift, auto relock timing and full audit capability up to 1500 failed or successful entries.

EMAR READY

Phoenix Series Medication Carts are reinforced and ready to accept monitor arms on the left or right side of the cart. Phoenix LTC is happy to install your mount at the factory.

MONITOR ARM MOUNT KIT
This sturdy low-profile adapter is mounted safely on top, directly to the frame to avoid smacking it into doorframes. It also accepts an economical laptop cable-lock.

Item: PLXMNT-3

Security cables can easily be integrated onto the mount.

SINGLE ARM MONITOR MOUNT
Single monitor arm adjusts effortlessly for easy use. Arm extends and retracts, tilt to change reading angles and rotate from landscape to portrait mode.

Item: P-ARM1

NOTEBOOK TRAY
This accessory creates an ergonomic workstation for your notebook computer. Open-sided mounting plate with adjustable-length knobs accomodates almost any size.

Item: P-NLAPTRAY

SECURE NOTEBOOK TRAY
Fully secures the laptop in place using adjustable clamps. Designed with ventilation holes to allow for additional airflow to keep your laptop cool and prevent overheating.

Item: P-SECURETRAY

STAT S∏FE

Automated Medication Management

STATSAFE PROVIDES IMMEDIATE ACCESS TO STAT AND FIRST DOSE MEDS WITH UNCOMPROMISING SECURITY, TRACEABILITY AND SIMPLICITY.

WHY STATSAFE?

Nearly 10 years ago StatSafe was introduced to the LTC market as the original, cost-effective automated med-management system. Our newest generation uses the latest hardware technology and smart software to create a safer and more efficient stat dose process.

The latest generation cabinet has an updated look and now includes a large touchscreen, biometric login and exchangeable-cube system. Our foundation software includes special order codes and swift discrepancy alerts, helping to reduce medication errors and improve quality of care.

Managing medications is a critical part of patient care—StatSafe streamlines the overall patient medication experience with the most budget-friendly solution!

NO RISK
60-DAY TRIAL

BIOMETRIC SECURITY
Biometric security delivers highly accurate and quick recognition that is difficult to falsify and impossible to forget.

FULL VISUAL GUIDANCE
Effortless dispense with large touchscreen and simple user interface that prompts status lights leading to the pop-open cube, bin or drawer.

COMPLETE INVENTORY SECURITY
The entire cabinet remains locked during med dispense, including exchangeable cubes, bins and drawers, blocking diversion.

STATSAFE
AUTOADAPT INVENTORY SYSTEM

INDIVIDUAL LOCKING CUBES
Available in two sizes

SAFE, SECURE & EFFICIENT!

The AutoAdapt inventory system manages your entire off-site inventory one medication at a time.

MED ERROR PREVENTION

Detailed med information is tracked and verified in a serialized, pharmacist verified package, from loading to dispensing.

FIRST IN, FIRST OUT

Correctly rotates inventory by automatically dispensing the highest aging medication.

REMOTE INVENTORY MANAGEMENT

From the StatSafe portal pharmacies assign and reassign inventory positions to accommodate frequent formulary adjustments.
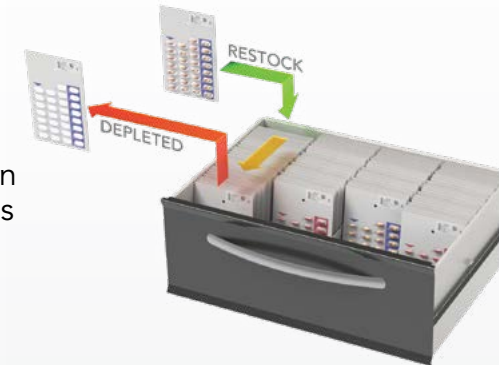

STORAGE/SECURITY OPTIONS

Mix and match our three levels of security — Open Matrix, StatBin or StatCube systems — to accomodate narcotics, maintenance meds and stock items.
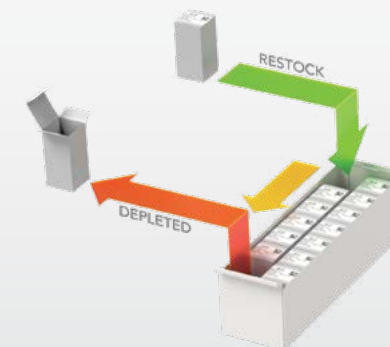

OPEN MATRIX

- Our most economical option
- Ideal for stock, routine meds and non-controlled doses

STATBIN

- Individually locks small number of meds
- Ideal for controlled dose medications and high value meds

EXCHANGEABLE STATCUBE

- With our single cube exchange system, there is no need to replace an entire module when running low on a single medication
- Every cube is fully locked from pharmacy to StatSafe and only unlocked for dispensing
- Each intelligent cube contains a digital ID, making it impossible to misload
- Easily locate selected medication with the cube's LED guidance indicator
- Cube sizes and locations can be dynamically reconfigured to suit the changing needs of any facility

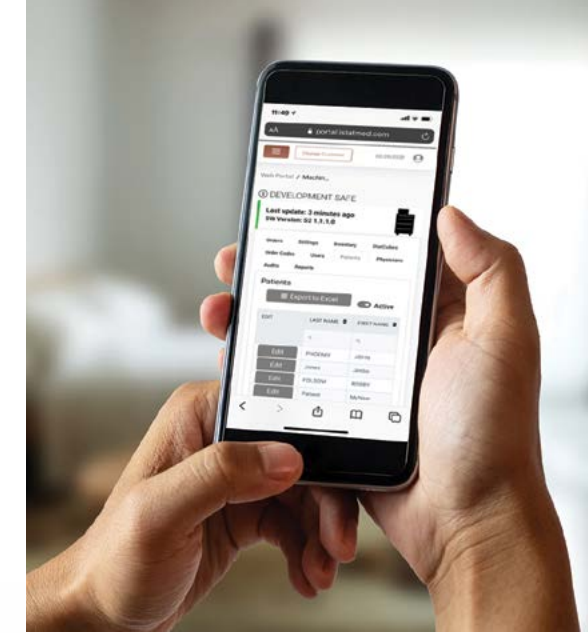

Restocked cube is sent from Pharmacy

Depleted cube is sent back to Pharmacy

STATSAFE
INTUITIVE PORTAL

With our web-based portal; access inventory, management tools and reports, wherever and whenever you need it.

INVENTORY

- Create and refill inventory
- Manage par levels and expiration dates by med
- Control access with special order codes

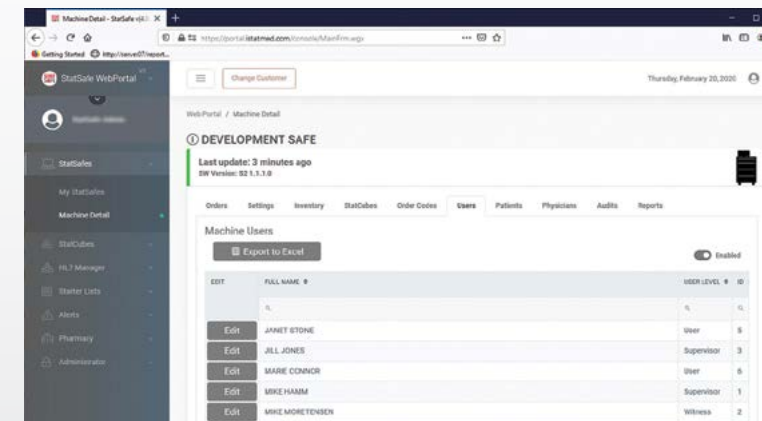

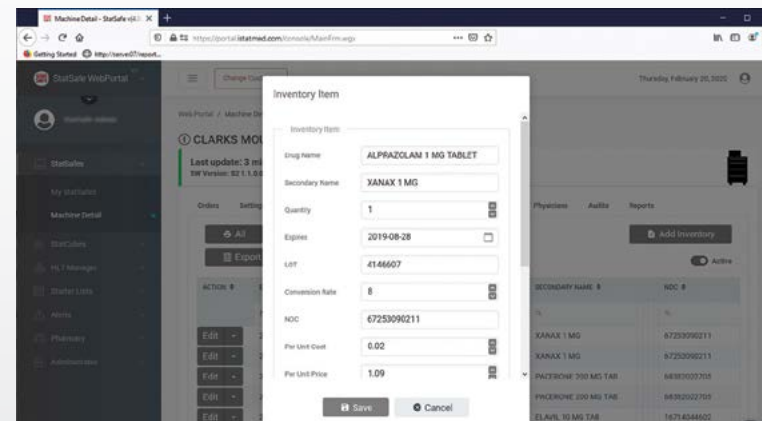

MANAGEMENT

- Responsive and mobile-friendly dashboard
- Manage facility/pharmacy users and patients
- Grant facility-focused portal access

REPORTING

- Discrepancy reporting
- Security reporting
- Order/billing reporting
- Controlled inventory reporting
- Utilization reporting
- Automated email alerts

THE SMART SOLUTION

NO NEED TO COMPROMISE SAFETY FOR AFFORDABILITY

StatSafe is your affordable cure for clients with high stat-pharmacy charges. Plus, it's an excellent tool to win and retain business!

With an average ROI of only 3 months, StatSafe just makes sense.

- StatSafe securely manages exponentially more off-site meds than traditional E-Kits, reducing stat deliveries.
- StatSafe is the most functional and economical Auto E-Kit system on the market.
- The StatSafe can be purchased or leased to own which may both qualify for Section 179 benefits.
- The reduction in stat deliveries will easily provide an ROI in just a few months.
