Section I Letter Names and Sounds

1. **Consonant Sounds**

Directions:

- Show the student consonant letters in lower case.
- Ask the student to say the *sound* each letter makes.

Scoring:

- If the student knows at least the first 18 sounds, skip items 2a and 2b and go to 3.
- Either the "soft" or "hard" sound of *c* or *g* counts as a correct answer.

Section II **Reading and Phonetic Decoding**

In this section, the student will be asked to read both real and pseudo words.

- Tell the student he or she will be asked to read sets of real, and then "silly" or "madeup" words.
- Tell the student not to make pseudo words sound like real words he or she has seen before, or think about the meaning, since there is none.

4. **CVC Words—Short Vowel**

Directions:

- Have the student read across the real words first.
- If the student cannot read real words, do not go on to pseudo words.

5. Onset and Rime—Short Vowel

This activity is specifically designed to test the student's ability to use onset and rime as a decoding strategy.

Directions:

- Have the student make and read as many word combinations as possible, manipulating the rimes *at*, *in*, *ob*, *ug*, *et* (that the teacher has cut out) and placing them next to the letters *b*, *m*, *r*, *s*, *t* on the student answer form.
- Tell the student some combinations will make "silly" words.
- If the student is unfamiliar with the test format, use practice examples on the answer form.

Scoring:

• Record the total number of words read correctly for each rime (real or pseudo).

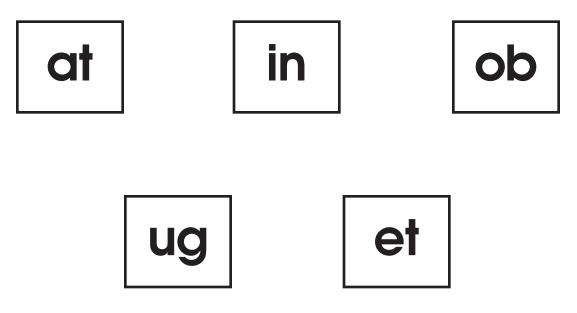

| | at | in | ob | ug | et |
|---|----|----|----|----|----|
| b | | | | 0 | |
| m | | | | | |

Mastery: 20/25 Date of Mastery: _____

Rimes to use with Number 5, Section II

Cut out all 5 rimes and have student manipulate on the answer form in order to make the various onset and rime combinations.

Practice:

Cut out the rime below. Have the student practice making words on #5 of the answer form. Tell the student to put "op" after the letter b and have them read the word they made (bop), then move the "op" to the letter m and have them read the word (mop). Have the student continue making words with r/s/t.

6. CVCV—Long Vowel (silent *e*)

Directions:

- Have the student read across the real words first.
- If the student cannot read real words, do not have the student read pseudo words.
