## G. Schirmer Aria Anthology

### G. Schirmer American Aria Anthology

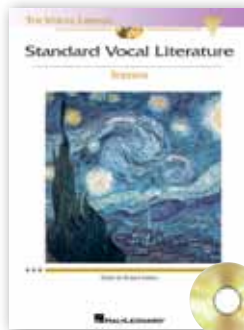

compiled and edited  
by Richard Walters

This landmark series collects compelling, useful, singer-friendly arias from a distinctly American opera tradition. Each volume includes information

about every opera and an aria plot note. A majority of the music in the four volumes has never before been available outside of the opera vocal scores, and some arias in the series have never been in print at all before now. Most arias are appropriate for college-level singers. Composers such as Samuel Barber, William Bolcom, Douglas Moore, Virgil Thomson and Gian Carlo Menotti are well represented. Additionally, arias are included from important works such as *Regina*, *A Streetcar Named Desire*, *The Ghosts of Versailles*, *The Great Gatsby*, *Little Women* and many others. Stephen Sondheim graciously agreed to adapt new aria editions of two pieces from *Sweeney Todd* for the series: "The Contest" in the Tenor volume and "Epiphany" in the Baritone/Bass edition.

## Snare Drum

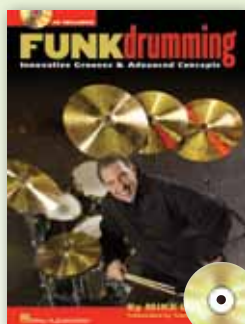

**Snare Drum Play-Along**  
MELODIC RUDIMENTS WITH BACKING TRACKS IN ALL STYLES  
by Joe Cox  
Learning drum rudiments is essential for every drummer, but just practicing  
with a pad or a snare drum, speeding up then slowing down in the traditional  
method, can become a bit tedious. This book has been designed to help inter-  
mediate and advanced drummers develop rudiment speed with play-along tracks  
that start slowly, accelerate, then slow back down. But what sets it apart from  
other rudiment books is musical grooves, in a number of different styles, which  
help the drummer to hear the sticking patterns. The melodies in the tracks  
mirror and/or compliment the left and right hands of the rudiment. This book  
and the accompanying play-alongs will motivate any drummer to work longer  
and become better at rudiments because they make practice fun!
