## Here's what teachers are saying about the Hal Leonard Student Piano Library:

*"The Hal Leonard Student Piano Library is an excellent series, carefully designed and tested to produce musically literate pianists who are comfortable playing the piano, reading music, and creating music of their own."*

–Meg Gray (from the review in *Clavier Companion* July/August 2010 issue)

*"How do these methods rate in their implementation of [MENC] National Standards 2, 3, 4 and, 5 for variety of music, creating music, and reading music?...Excellent [highest] ratings were given to Hal Leonard: Piano Lessons."*

–Julie Ann Ballard (from DMA Dissertation: USC Thornton School of Music 2007)

*"I came on your website specifically to write you and let you know that I have been using your piano method books from the time that you introduced them. I love them so much. ... I wish you could hear some of my students some time. They play so beautifully and learn so much faster and more thoroughly since I started using your method. ... Finally, I just want to say thank you for combining your lesson books and CDs at such an affordable price. It has to be the absolute best value in the market today."*

–Kristi McIntyre, Franklin, TN

*"What I like most about the HLSPL is the variety of music. All of the pieces are beautiful, with or without the CD. I teach a lot of young beginners, and most method books start out on the black notes, as yours does. The big difference is that the pieces in your method are artistic right from the beginning. The children love the illustrations. And I love seeing results."*

–Karen Ferguson, Coquitlam, BC Canada

From the very first lessons in **Book 1**, students are making music as they explore the piano keyboard through fun improvisation pieces called *My Own Song*. The beginning of the book introduces finger numbers, the black-key and white-key groups, and basic rhythm patterns.

Directional reading is taught first by finger number, then by note name, and then by interval (step, skip, and repeat). Once the students are introduced to the staff, they learn reading guides **Bass F** and **Treble G** and read by interval in several different hand positions.

**BOULET HALF NOTE**  
A Boulet Half Note fills the space of three quarter notes.

# PIANO METHOD BOOK 2

**Book 2** opens with a new *My Own Song* improvisation on CDEFG. Unit 1 introduces phrasing and legato touch, and also presents harmonic 2nds and 3rds with staccato touch. The following two units are dedicated to the introduction of 4ths and 5ths.

Also in Unit 3, sharps are introduced in a diatonic setting starting on D, and flats are introduced as blues notes. Most pieces in the second half of **Book 2** coordinate hands playing together. This book works very well for transfer students.

# ADULT PIANO METHOD

## ADULT PIANO METHOD BOOK 1 LESSONS, SOLOS, TECHNIQUE, & THEORY

Fred Kern, Phillip Keveren, Barbara Kreader, Mona Rejino

The Hal Leonard Student Piano Library's **Adult Piano Method** takes an all-in-one approach by combining lessons, solos, technique, and theory into a single volume. This innovative series is authored by the skilled writers of the HLSPL children's method – accomplished composers, teachers, and performers with a broad background in piano pedagogy. The authors have taken a logical step-by-step approach, always keeping the adult learning process in mind. The book is well-paced, moving quickly but comfortably through new concepts and material. Beginning adult students will find this book challenging enough to be interesting, yet easy enough to experience a sense of accomplishment and satisfaction. Richly orchestrated accompaniments available on CD or GM disk will provide students with a sense of rhythmic security and musical accomplishment as well as encouraging them to practice on their own.

## ADULT PIANO METHOD BOOK 2 LESSONS, SOLOS, TECHNIQUE, & THEORY

Fred Kern, Phillip Keveren, Barbara Kreader, Mona Rejino

The **Adult Piano Method Book 2** begins with a brief review of concepts covered in Book 1, then proceeds step-by-step through 5-finger patterns in C, G, and F – all the way through to major scales in the keys of C, G, and F and their related scales A, E and D minor. Just as in Book 1, the imaginative and entertaining music found throughout Book 2 makes learning a pleasure and a key factor for student success. Great solos emphasize and support the introduction of new concepts in logical, steady sequence. These enticing solos encourage students to move ahead, and they are rewarded with two great arrangements from every adult's "Top Ten" list: "The Entertainer," and "Für Elise." Improvs, Quick Licks, Ad Libs, Sight Reading, and Technique Tips sprinkled throughout focus on using new skills and add musical fun along the way. CD and General MIDI disk accompaniments are by Phillip Keveren.
