

Pick the Hot Stock - 3

Tan Kin Lian

What are hot stocks?

**HOT
STOCKS**

- These are stocks that are in high demand
- The price moves up strongly due to demand and momentum.
- I have made large profit on hot stocks during the past two years.
- I share my experience

Tesla (TSLA)

- I bought Tesla 2 years ago when the price was at \$80 (\$400 before the split).
- It has gone up 10 times to the current level of \$800.
- I bought the stock after learning about electric vehicles and the special strengths of Tesla.

Tesla (TSLA)

Ronald S. Baron

American investor

Cathie Wood

- I also watched YouTube videos put up by Tesla fans.
- They gave me a better understanding of the potential of the stock.
- I watched video interviews of Ron Baron (Baron Capital) and Cathie Wood (Ark Invest)

Tesla (TSLA)

- Initially, I made profit.
- In March 2020, when the stock market collapse, I suffered a loss of \$150,000.
- I increased my investment
- Fortunately, the market recovered and wiped off my loss.
- I bought and sold Tesla several times.
- I made a total profit of over \$400,000 SGD.
- I now have 0 stock in Tesla.

Nano Dimension (NNDM)

- I learned about this stock from several YouTube videos.
- Ark Invest bought this stock
- They develop a 3D printer to produce printed circuit boards (PCB)
- This equipment has a big market potential due to the breakdown of the supply chain and the need for PCB to be designed and prototyped in-house.

Nano Dimension (NNDM)

- It had several rounds of capital raising – issued stock to institutional investors at a discount.
- The stock price fell by 15% or more, giving the opportunity to “buy the dip”
- The stock price rebounded each time and goes to new highs.
- I made a profit of \$68,000 USD over several rounds.

Conclusion

- I use the resources available on the Internet, e.g. Yahoo Finance, YouTube
- I watched the YouTube videos and listen to the explanations provided by the presenters.
- I use my judgment and check the fundamentals with Yahoo Finance and other websites
- I picked a small number of stocks to invest in.
- So far, I have been quite lucky!
- Although I invest with a large capital, it is possible for others to invest with a small capital by purchasing a smaller number of shares.
