

PICTURE PROOF: SATANIC POLITICS

“For we wrestle not against flesh and blood, but against . . . the rulers of the darkness of this world, against spiritual wickedness . . .” (Ephesians 6:12)

This 23-pages “pictures report” sheds a light on the “spiritual wickedness” that permeates Lebanon’s political establishment. To succeed, we must strike at the root of what ails the nation and replace destructive behaviors with constructive spiritual and political principles. “There are a thousand hacking at the branches of evil to one who is striking at the root.” Henry David Thoreau

My purpose is to bring awareness, especially to young Lebanese who are misled to do evil to themselves and their nation under the guise of political affiliation. The Lebanese should discard the use of “political” hand-signs, to throw away their political logos and flags, and to use only respect and logic as means of debate with their fellow countrymen.

Witches Pyramid, also known as the four corners of the Witches' Temple, is the foundation for all magical work and represents the mindset necessary to create magic and the qualities to be embraced by all witches. There are four statements, or levels, that represent the Witches Pyramid, and are all required to perform magic. They correspond with the four elements that coincide with the four cardinal directions --

To Know (noscere) corresponds to Air;

To Will (velle) corresponds to Fire;

To Dare (audere) corresponds to Water;

To Keep Silent (tacere) corresponds to Earth;

To Go, to make manifest (ire) corresponds to Spirit, bringing the other four elements into perfect balance.

The **TWO FINGER SALUTE** or the “**V**” sign has been used by many political figures from Winston Churchill to Yasser Arafat and various Lebanese parties, allegedly as a victory sign.

In Lebanon, the V sign is used as part of Al-Marada’s hand gesture.

<https://www.youtube.com/watch?v=k6QThFvX8Ok>

According to Free Patriotic Movement (FPM)’s explanation of their own logo, “when looking at the logo, people can SEE and FEEL” the V sign for victory and the number 7 (which is V in Arabic) -- among other reasons listed.

<http://www.crwflags.com/fotw/flags/lb%7Dfpm.html>

However, this sign has nothing to do with victory. The sign was recommended to Churchill by Aleister Crowley -- who also recommended the stretched out, right-hand salute to Adolf Hitler.

Crowley is an English occultist. His work influenced “two prominent figures in religious Satanism, Anton Lavey and Michael Aquino....”

https://en.wikipedia.org/wiki/Aleister_Crowley

The V sign represents the 33rd Degree Freemason level. Each finger bends at three joints, so two fingers extended symbolize ‘33.’ Freemasons use the letter ‘V’ to represent ‘33’.

<https://thetalkingpot.wordpress.com/2013/08/05/satanic-hand-signs/>

The V sign can be a sign of Satan or can represent the ancient god of fire and destruction.

<http://www.illuminatirex.com/illuminati-signs/>

In addition, according to FPM, the right edge of their logo also represents “the Road that keeps increasing and widening” towards “a new and ideal Lebanon.”

<http://www.crwflags.com/fotw/flags/lb%7Dfpm.html>

However, the Bible clearly tells us: “for wide is the gate, and broad is the way, that leads to destruction...” (Matthew 7:13)

Different politics, same occult: Kataeb, Hizballah, Lebanese Forces, and Al-Nusra Front -- all extending the right-hand salute recommended by occultist Crowley to Hitler.

Some argue that the salute reflects “military socialism” -- wanting all of society to emulate the military. <http://rexcurry.net/>

Kataeb (three fingers salute)

Kataeb’s use of three fingers could also indicate a triangle (being of three corners), in relation to their triangular cedar logo. The meaning of a triangle is discussed elsewhere in this report.

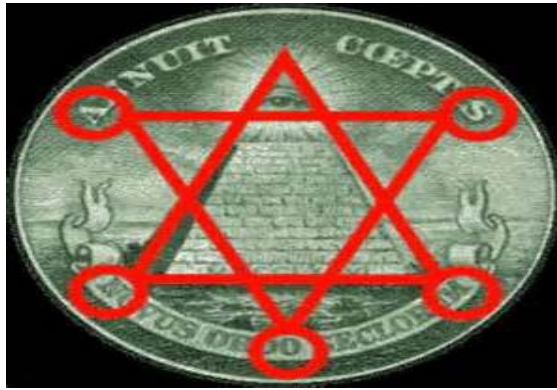

TRIANGULAR CEDAR and DOUBLE TRIANGLE

Kataeb’s triangular cedar and the double triangles (one up and one down)

The triangle is of primary importance in all Illuminati realms, whether in the ritual ceremonies of the Rosicrucians and Masons or the witchcraft, astrological and black magic practices. Always the triangle is used.

Among Satanists and witches, the double triangle, the Seal of Solomon, also called the hexagram, is of great interest.

This seal is actually composed of two triangles, superimposed on each other. One triangle pointed upward; the other, pointed downward. This indicates the reconciliation of opposites, yin and yang, or God and Satan.

In his book, *The Six-Pointed Star*, Dr. O.J. Graham proves that this symbol was never used by King David of Israel and so the name Star of David is a misnomer. The symbol was chosen in 1947 for the flag of Israel at the insistence of the Rothschilds. Its usage stems from the medieval period when corrupt rabbis into cabalistic magic began to use the six-pointed star in their rituals. Dr. Graham declares this emblem a tool of Satan, unworthy of use by the Jews.

TRIANGLE WITHIN A CIRCLE

Both the Lebanese Forces (LF) and the Progressive Socialist Party (PSP) use the triangle within a circle symbolism. The National Liberal Party (NLP) uses a triangular cedar inside a circle.

NLP

PSP: a triangle, an X (inside triangle), and a circle

<http://www.lebaneseforces.com/deltalogo.asp>

The LebaneseForces.com website says: “The delta means ‘in the name of the father, son, and holy spirit.’” That is a total falsification -- to provide a “Christian meaning” to an occult symbol, to justify its use within a Christian community.

The website also says that “the delta represents the cedars,” and “the circle represents the circle of resistance.” That is also not true.

The Thaumaturgic Triangle has long been used to summon demons.

http://www.jesus-is-savior.com/False%20Religions/Wicca%20&%20Witchcraft/occult_signs_and_symbols.htm

The triangle is the door through which the demon will be called; the circle is a boundary of power.

<http://kingdomsoftheworld.com/symbols.htm>

The 1975 war in Lebanon started in three areas (Ain el-Roumeneh, Furn el-Chebek, and Ta7weeta), forming a triangle to summon demons. Regardless of the reasons you may have heard for the war, the real reason was a satanic ritual.

THE SUN

Whatever their political differences, at least they agree on a red circle -- which symbolizes the sun.

<http://gnosis1111.blogspot.com/2007/06/importance-of-red-and-blue-big-oil.html>

Similarly, whatever their political differences, they both agree on a rising sun. FPM says that its orange color is “the sign of a new shiny day.”

<http://www.crwflags.com/fotw/flags/lb%7Dfpm.html>

The rising sun can be associated with sun worship. In ancient Egypt, it was associated with Horus. Occultists consider it a symbol of world transformation and the dawn of a new (occult) age. <http://stop-obama-now.net/obama-luciferian/>

AL-MARADA

The Al-Marada logo has the double Satanic “S” on each side of a sword. The Satanic S represents a lightning bolt that means “destroyer.” It was worn by the Nazi SS.

The Armenian Democratic Liberal Party -- Its logo includes the freemason symbol, the fascist symbol in the center, and the X.

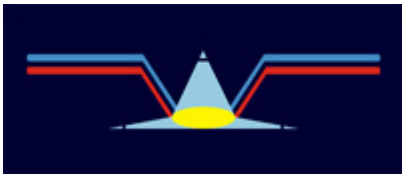

The Democratic Left Movement -- is nothing more than a split from the Communists and advocates socialist policies.

The Islamic Group -- has an Islamist ideology and was founded as the Lebanese branch of the Muslim Brotherhood. It supports the idea of achieving an “Islamic order” in Lebanon based on Shari’a law. The Muslim Brotherhood was created or infiltrated by British Intelligence and British Freemasonry.

The Shuraya Party -- which claims to represent “all oriental Christians.” The Middle of its logo shows a pyramid with a separated top -- which is similar to the pyramid on the back of the U.S. dollar bill with the all seeing eye of Horus (Satan) and the writing “Novus Ordo Seclorum” (New Secular Order).

The X

“When the departed Mason’s body is given a Masonic funeral by the assembled brethren, with his immediate family in attendance, the X again comes into play..... The arms are crossed over the breast, the left above the right, the fingers touching the shoulders...”

http://www.bibliotecapleyades.net/sociopolitica/codex_magica/codex_magica11.htm

That is exactly what Saad Hariri did at his father’s funeral -- he crossed his arms over the breast in the form of an X, the left above the right, with fingers reaching to the shoulders.

Also, Hizballah supporters cross their hands in the form of an X.

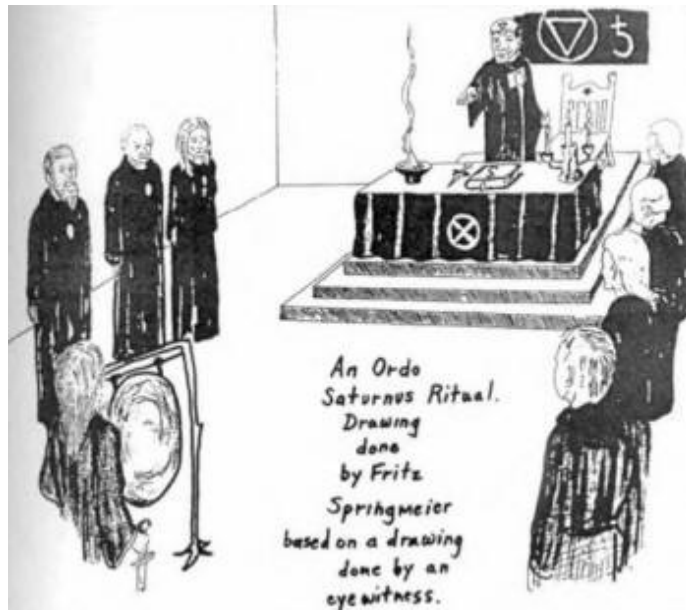

<https://www.youtube.com/watch?v=k6QThFvX8Ok>

Once again, the Future Movement and Hezbollah intentionally divide the people by their politics while their leaderships belong to the same occult and are serving the same master.

“Freemasonry early-on latched onto this letter X exactly because of its paranormal significance as a sign of Lucifer, the solar (sun) God.”

http://www.bibliotecapleyades.net/sociopolitica/codex_magica/codex_magica11.htm

Was it a coincidence that the Future Movement has the sun on its flag?

This is a drawing based on an actual ritual conducted by a satanic sect. Notice the X within a circle on the front of the altar cloth, and the triangle within a circle on the wall.

THE INTELLIGENCE REPORT

Lebanon's daily newspaper Addiyar reported on August 6, 2015 that after an investigation by a Lebanese intelligence service, it was discovered that more than half of the Lebanese ministers and half of the Lebanese parliamentarians are freemasons, and that there is a secret joint cooperation in the decision-making process between them and freemason government officials in foreign countries.

This intelligence finding supports this report that links many political hand-signs, logos, and symbols to freemasonry. However, that is not the end of the story because there are many other secret societies involved in ruling Lebanon -- not just freemasonry.

Anyway, do these freemason ministers and parliamentarians know the "god" of freemasonry? Probably not. Here is an introduction:

To the left is a freemason picture with the name “Jah-Bul-On” written on a triangle within a circle. To the right is a picture of three-headed “Jah-Bul-On.”

Albert Pike, the Sovereign Grand Commander of the Southern Jurisdiction of the Scottish Rite, referred to the name “Jah-Bul-On” as a "mongrel word" partly composed of an "appellation of the Devil". (Hannah, Walton, *Darkness Visible*, p. 35 - quoting from Pike, *The Holy Triad*, 1873.)

I will leave it to the reader to decide if that picture or that name are compatible with Christianity or Islam -- and if Lebanese politicians who follow this garbage are fit to be part of Lebanese politics.

Here are some freemason handshakes:

CONCLUSION

Are we to believe that these Lebanese political groups of freemasons, socialists, communists, Marxists, Satanists, and misguided individuals can be relied upon to bring about a better society for us to live in? Our alternative is to look for Godly outsiders who have the courage to speak the truth, have the understanding of what it takes to establish a peaceful and prosperous nation, and have the loyalty to Lebanon and its people.

In summary, I could not find any positive meaning to the hand-gestures used by Lebanese political groups. The public is fooled to believe that these gestures are intended as forms of political affiliations when the reality is otherwise. The leadership destroys the souls of their own followers (those who love them) for their earthly “glory.” They failed to realize that we have within us and with us the Spirit of Truth to expose and overcome their witchcraft.

The Lebanese society should be cleansed of these hand-signs, flags, and logos. Those who consider them “innocent” can (1) display them in their own homes and offices, not in public, and (2) write an article explaining the “blessings” and benefits that these hand-signs, logos, and flags have bestowed on them or the country.

If something has caused no measurable good, and has the potential of being destructive, where is the wisdom or benefit in using it?

Cleansing Lebanon from this spiritual wickedness in politics is a fundamental step towards saving the country. Our prayer is: Let the whores of darkness be defeated, and let Lebanon be filled with God’s glory. Amen, and Amen.
