News From Your Chapter Directors

**Out and About!
By Steve & Robin Deane**

March has certainly been a busy month, certainly not the busiest in the history of the Chapter, but filled with activities which have had members going in most every direction. Of course, we kicked the month off with our Chapter Meeting, with the Central Couples' Plaque which brought in a crowd.

Then we visited Chapter B-2 in Winston Salem, Chapter M in Salisbury, and Chapter A in Greensboro, where we captured the Central Traveler's Plaque. Way to Go, A-2!!! Several of our members attended other events and meetings throughout the month.

Darrell and Karen Freedle did some on-site research in Hawaii for the 2007 "Wings Over the Smokies" Luau Party.

Bill Plyler rode down to Bike Week in Daytona, FL where we suspect he may have acquired another tattoo.

At the H-2 Swap Meet, Bernie Motley walked away with the 1st Place Trophy in the Bike Show for that immaculate GL1200 of his. Way to Go, Bernie!!!

Your Chapter MAD Coordinator, Steve, made another MAD Presentation to the Davie High School Driver Education Class, in the hopes that we can avoid future incidents between young drivers and motorcyclists. After several weeks of trekking and stalking, Sonny & Betty Dye captured the Central Couples' Plaque when several of us accompanied them to the Chapter X-2, Mt. Airy meeting. Way to Go Sonny & Betty!!! They will be making the Central Couples' Plaque available at the Chapter R meeting in Thomasville, and who knows, it might just come back to our meeting here in April. Several members took a weekend train excursion to Raleigh for a "Wingless Weekend" (unfortunately the weather was wonderfully warm and perfect for riding). Robin piloted her GL1500 sidecar rig down to Monroe, NC for the 1st Annual Open House at "Wing & A Chair", the Champion Trike and Sidecar dealer who is going to build her GL1800 Trike early next year. Steve attended the 1st Annual NC Rider Education Rodeo in West Jefferson, NC where he took part in the GWRRA On-Bike Trailering Course, which is much like the MSF Experienced Rider Course, except you perform all of the range exercises while towing your trailer. This was the first time this course was offered in North Carolina, and we all learned quite a bit. So, as you can plainly see, the members and staff of Chapter A-2 have certainly been "out and about".

Rider Education

With warmer weather you'll be doing more riding. There is one thing this time of year that will sneak upon you fast – dehydration. Normally we think of being dehydrated during the hot days of summer. But this time of year our bodies are still in the “winter mode”. A temperature in the 70's or even 60's can cause our bodies to dehydrate. In Greensboro last week during the big outdoor concert, dozens of people were treated for heat exhaustion and dehydration. And the temperature was in the low 70's.

Drink lots of fluids. Even in the early Spring.

Ride Safe!

The North Carolina Chapter Educators are selling raffle tickets to benefit NC GWRRA Rider Education. The Grand Prize is \$1,000 cash or \$2,000 off a Bushtec Trailer. First Prize is \$500 cash and three Second Prizes of \$100 each.

The chapter has been doing a lot of traveling so far this year. We've visited chapter B2, A, M, X2 and others. We even managed to scoop up the plaque at the Greensboro meeting.

We've decided to make a change to our Friday night dinner rides. The meeting location will change starting the first Friday night in

May. Instead of meeting at Char's on Main Street, we will start meeting at the LSB bank in the Lexington Plaza shopping center on highway 64 next to the Ford dealership. This is our regular departure location for our chapter rides. So remember - Friday, May 4, we'll start meeting at LSB.

Remember Our Sick

Marshall Lanning had a knee replacement and is Recouperating

Herman McClary of Chapter W was killed while on his motorcycle near his home on March 26th. An automobile driven by a 72 yr old woman ran a stop sign and pulled out in front of him and he had no chance to avoid the collision. This is a great loss, not only to Chapter NC-W, but to the GoldWing organization. His wife Laverne was to retire this June. Cards and condolences may be sent to her at their address.

WINGLESS WEEKEND

On Saturday March 24th, Bill & Becky Plyler, Sonny & Betty Dye, Peggy & Gerry Grotberg, and Bernie & Dottie Motley met at Betty's house and carpooled to the Amtrak Train Station in Salisbury for a Train Trip to the Raleigh Museums. The weather was Perfect for riding the Bikes but this was to be a trip onboard a AMTRAK TRAIN .

The Train was on time and we boarded at 8:25 AM and before we got seated the station. We had 5 stops before we reached Raleigh . The train stopped in High ton, Durham and Cary taking on passengers before arriving at the Raleigh station. 2 1/2 hrs , about the same as a car and the train was traveling around 65-70 mph The seating was Very comfortable with plenty of Leg room . Rest Rooms we at

train was rolling out of the Point , Greensboro, Burlington- Travel time to Raleigh was most of the time. the end of each car .

There was a car with a kitchen and tables where you could get Biscuits , Cook-wiches, Soft Drinks , Coffee, and Orange Juice or you could take your purchases were Not confined to your rail car. It was a very interesting and comfortable way to travel.

After departing the train station , we walked several blocks and checked into the Sheraton Hotel in Downtown Raleigh. After checking

in the hotel we walked up the street a couple of blocks and found a nice restaurant to EAT Lunch. We then walked 5-6 Blocks to the National Museum of Science passing the Capital Building on the way. There are replicas of Dinosaurs, animals of all kinds and Birds of Prey. We went to a show where they had Live Birds of Prey on Display. Most of the animals were stuffed in the exhibits, but the snakes were alive and well.

There were scenes of different wooded habitats , and displays of the insect world and lots of Bugs, and a few Butterflies. There was a Gigantic Blue Whale Skelton on display

As Usual , Sonny found another New Friend at the Museum of History on Sunday, but She sort gave him the Cold Treatment ??? Betty said : It's Ok —He is Harmless —LOL !!! After leaving the museum we went to the IMAX Theater and watched a movie of Life in the Ocean. We ended the day with dinner at an Italian Restaurant and retired to the Hotel.

Wright Bros. Airplane, and the many early pioneer forms of

Sunday we met at 9:00 and went for breakfast , then we went to the Capital Building and spent about an hour looking at all the Historical Monuments and Statues. The Museum of History opened at 1:00 where we saw a replica of the 1st automobile. Junior Johnsons History making race car was also on display along transportation. Clothes of early settlers of different time periods in History.

Medicines and Medical Instruments from the past to the present. There was a Sports Hall of Fame and the Life and Inventions of Carbine Williams on Display. A Hall of Presidents and all of their Portraits with a Brief History of each one. We left the museum and had a late lunch at Subway then we packed up and headed back to the train station to head home. This particular train runs from Charlotte to New York and upon our arrival back in Salisbury , we ate Dinner at DJ's. IT was a Good Trip and we had a good time and beautiful weather. We are thinking of taking the train to New York City between Thanksgiving and Christmas . These trips are open to any that may like to join us and it's NOT just for Couples so ,COME ALONG and Have a GREAT TIME with the Rest of Us. Tim's Tech Tip

Hopefully everyone should have received his or her new Gold Book.
Everyone should know the routine, when we get the new one rotate, the old ones to the automobiles or wherever it will be most useful! It is like the American Express cards, don't leave home without it!! I can speak from experience on this one, and I would not be without mine. This alone is worth the cost of membership, even if I still had to pay my membership. HA! The Gold Book could be the best "Tool" you carry on your bike.

Looking back in years gone by:

This rally was stated at the Inlander, and moved to the Holiday Inn at Emerald Inland for a couple of years, then back to the Inlander. Then development pushed us to go elsewhere: From there we moved to Morehead City to the Holiday Inn Express then over to The Hampton Inn where we plan to remain. Some things have changed but many have stayed the same. The price is the same as it was 20 years ago, the hospitality will always be the same. GREAT!!! Ron Ayers started with us and has remained a true supporter. We appreciated everything that they have done through the years for this rally. This rally takes lots of hard working people to keep it at it's best. We feel that we have accomplish this. Our hats off to everyone that has given of themselves for others. Some on these people have worked all 20 years. Of course, the true reason for this Rally has always been for and about the Children that we have helped and hope to help in the future. We lost count of exactly how much we have given but it's way over \$100,000.00, is that not amazing? To all of you that have supported us all the years - We thank you and most of all thanks from the children.
