March is here along with the hope that the weather will start giving us more sunshine and less rain. A big Thank You to Charlene for another great Cupid Cruise. It doesn't get much better than Doughnut, Chocolate and our loved ones. Friday Night Dinner Out at Johnny's at Fife, good food and better conversation.

This month we have some fun events planned. On Mar 4, we are getting a tour of the Art Morrison Manufacturing Facility. Art Morrison is a local legend in Chassis manufacturing. We will then go around the corner to enjoy some great pizza at Louie G's. Your Car Show committee will meet on Mar 14 at Paul and Heidi's house. If you are interested in helping plan the car show this is your opportunity. Then on Mar 18 we will celebrate St Patty's day with our Annual Poker Run. We will also do a Tech Day at Griot's Garage on March 26th I look forward to this cruise each year. All of the detail for these events and more can be found in this newsletter and on our website.

We are a great group of Mustang enthusiasts and we need to make sure we continue to be open and welcoming. Remember we were all new to the club at one time, so look around and introduce yourself to an unfamiliar face. Remember if there is something you feel needs to be addressed, contact one of the board members and voice your concerns. We work really hard to make sure the club is running as smoothly as possible and your help is needed and welcomed.

Hope to see you all soon

Greg Robbins
PCMC President

Trivia Question:

Q—This is the 50th anniversary of the 1967 Shelby GT500. One special one-of-one was built this year, the Shelby GT500 Super Snake. For what purpose was it built?

Charity Involvement

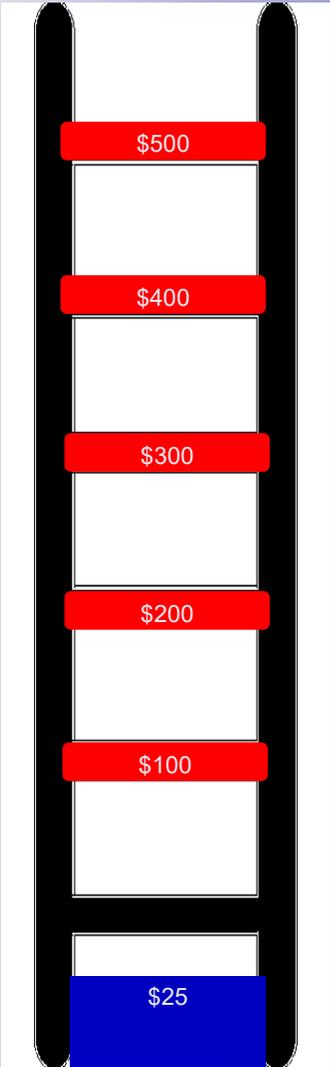

50/50 Raffle

50/50 tickets for 2017 are on sale NOW. You can purchase the winning ticket from Missy Willert at any club event. Half will go to a club member in December and half goes to Santa's Castle.

Dear Ms. Freeman and Club Members,

Every year at our annual Recognition Breakfast we honor our corporate and civic partners. These partners go above and beyond for Emergency Food Network. This year, we are pleased to recognize YOU as one of those partners!

We would like to present Pierce County Mustang Club with a Corporate and Civic Partner Award at our Recognition Breakfast on Wednesday, April 12, 2017 at the STAR Center. Doors open at 7am and the program will be from 7:30-8:45am.

During the program, Pierce County Mustang Club's name will be called from the podium and a Daffodil Princess will present the award to your representative at their table. During the morning we will also be recognizing our Silver Spoons winners and sharing more about them.

As an award recipient, you receive a complimentary ticket so that a representative from your organization is in attendance to accept the award.

If you choose, tables of 10 can be sponsored for \$500 and additional single tickets can be purchased for \$30.

Please RSVP to the April 12 Recognition Breakfast by calling Erin Kozma at 253-584-1040 or through e-mail at events@efoodnet.org by April 5.

We look forward to acknowledging your organization's strong support of Emergency Food Network and partnering in our mission: so that no person goes hungry.

With gratitude,

Michelle Douglas *Thank you!*

Car Show Planning Update

We still need your help!

Please help us find some great items for the goodie bags! PCMC is known for having the BEST goodie bags. One or two items from each member can add up to 70 items.

Raffle items – we are ready to take and store **ANY** item you would like to donate.

Sponsorship – let Charlene know.

If you would like to help ask restaurants for gift certificates, we have plenty of sponsor letters! You ask to talk to the manager – share info on PCMC and our car show and give them a sponsor letter. It is that easy, and remember it is okay for the restaurant to say no, but it never hurts to ask!

Want to save a couple of dollars on a show shirt? Early bird order forms for the t-shirts are available now – website & newsletter, they need to be turn in at March's General Meeting. The show shirts will be ready for pick up at April's General Meeting. The shirts have a great design with PCMC celebrating 25 years and Burt's Mustang.

Thanks,

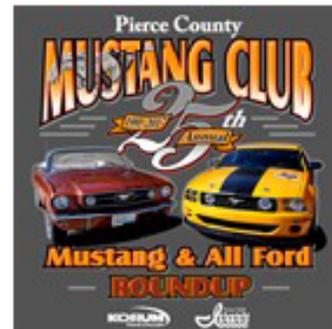

Charlene and Missy

Mission Statement

A social group whose purpose is to promote a better understanding and stronger fellowship in the preservation and maintenance of all Mustang and other Ford Motor products.

Mustang of the Month Dave and Betty Ringlee 1967 Mustang Convertible

This car has a “sordid” past! The original owner purchased this San Jose built car in San Jose, CA. Apparently, within the first year of ownership, his daughter borrowed the car for a date with her boyfriend.....well, you can imagine, “kids” in a Mustang in California!! The story goes that they were caught doing whoopee in the car, and Mom and Dad decided that the car had been “soiled” and they could not drive it again! Different culture in 1967!! He immediately sold the car to a neighbor, that man passed it on to his granddaughter and her husband, he sold to us in February 2016, so we are the third formal owners of this two family car. The original black plates were still licensed for the car thru 2016.

The car was driven until the mid 1990’s, when the receipt trail showed that it pretty much stopped driving. We have the original window stickers, owners’ manuals and many original receipts from the owners, including smog inspection certificates validating mileage over the life of this car. In 2002, the car was taken to Kirkendals in San Jose for a major strip down, and got all new paint (Pepper Gray Metallic—the Eleanor color), leather interior, glass, wheels, tires and a new convertible top. Original factory paint was Ivy Gold Metallic with black interior and power top. The trail of receipts shows all new front suspension in 1996, and only 3500 miles driven since then for a total mileage of 115,000.

It is a “base” convertible, 289, 2bbl, and C4 auto-

matic—all original, sounds great and runs very well for its’ age...except for the rear main seal drip! It also has factory power front disc brakes and power steering. It has lived in San Jose and Sacramento until we brought it to Gig Harbor in February 2016.

This car has not been washed with water or seen rain since 2002. Our first “work” on the car

was to protect the underbelly from rust with POR 15. It lives on the top perch of the garage lift and only goes out to play on nice days.

In my search for a Mustang, I quickly learned that I had to see any prospective car on a lift—to verify with my own eyes that it had no, or minimal rust. I have seen some very scary rust buckets from underneath! If a seller was reluctant, I wrote them off. It was very easy to find local restoration shops that would put a car on a lift for a small fee. I traveled to see several Washington, California and Salt Lake City 67 Mustangs before finding this “well loved” beauty!!!!

Informational Article: Yes It Is That Time-Car Show Preparation Time!

So you know what time it is? Yeah, TOOL TIME! But we mean tools of the trade for detailing and getting those cars ready to show.

My husband and I are doing our first one on March 11th at Griot's. Anyone going with us?

It is a rough time of year because we have to get that winter dirt off, clay, polish, wax, wash, dry... You know the routine. And we must do it in the cold.

Find those thermals and check the weather for a reasonable day—no rain and little chance the wash water will freeze to the car or the driveway. That isn't cool. I know because my Dad was none to happy when he came home from work and found I had just washed my new (about 1984) cardovan Mustang. (My husband says it was brown. I say it was burgundy.) Washing wasn't the problem. What was the problem was the approximately 1/2 inch of ice on the driveway when I was done. There was a lot of salt and scraping that day. "But Dad, I am only a girl. What do I know about washing cars in the winter?" I say, use it when you need to....

So the club is doing a Tech Session at Griot's on March 26th. I am sure we'll be introduced to all their newest products. One item I know they have is a claying mitt. Instead of the time it takes to clay the car, you use the same routine but the mitt rather than the clay. We used it last year and it seemed to work pretty well in much less time.

They also have a new cleaner like Speed Shine but with wax in it, Best of Show Detailer. It flashes off quickly so it can even be used in the direct sun. Good for those show day needs. We

haven't really tried that one yet but I'll bet we see it in March.

Absolutely know that the car show season is right around the corner. Which means that there is much to do in the next month or so. That first prepping is the hardest so quit procrastinating, get the hand warmers out and clean and shine away!

See you on the road. Don't forget to wave.

Ideas for Future Articles: **Send me your stories or ideas by the 25th of the month! What do you want to know about?**

Send to: pcmceditor@gmail.com

In the News

To keep us up on what is happening in our “family” of Mustang enthusiasts across the country and beyond I thought an interesting addition to our newsletter would be some simple thoughts/news that come from other newsletters or the Mustang Times. If you would like more details on these topics, check out the sources provided.

From Mustang Times—February 2017 issue

- Donald Farr, Mustang Times Editor, pg 6
 - ◇ Meme on Facebook on a photo of 2 Mustang drivers waving at each other as they passed on the street—“When you own a Mustang, you not only drive an American icon, you become part of a family.”
- 2016 Women’s Performance Car of the Year is the Mustang. Voted on by 17 judges (all women) across 14 countries for its “grip and suspension” which give the driver the feeling of control. According to the article, one judge mentioned also the “silver-screen celebrity status.” pg 11
- MCA President, Jeff Mays, pg 4
 - ◇ Is there an “electric Mustang “ in the near future?

From your editors perspective: I have heard this as well. Let’s see what happens. If so, I hope it comes with a CD of Mustang engine sounds.

Journey (AAA magazine) - March/April, pg 45

- “An Alternative to the Gas Tax?”
 - ◇ An article in the most recent AAA magazine talks about the experiment for finding an alternative to the gas tax. Up to 2000 volunteers will be involved in testing options

“ranging from allowing participants to purchase a block of miles to using mileage meters.” The questions that will be the focus of the testing would be such issues as: a) would there be equity between urban, suburban, and rural motorist, b) would there be “adequate privacy protections and data security,” and c) “would motorists understand how to comply,”

◇The article stated that according to WSTC’s RUC website, “ ‘This pilot project is testing the road usage charge only as a replacement to the gas tax, not as an additional tax.’ “

From MMHF Newsletter—March 2017— Editor Betty Fox (reprinted with permission)

Oregon Kills Bill to Substantially Tax Older Vehicles

Oregon legislation (H.B. 2877) that would have required registered owners of vehicles 20 years old and older to pay a \$1,000 “impact tax” every five years was quickly killed after an onslaught of objections were lodged by vehicle owners in the state. Under the bill, vehicles registered as antiques would have been exempted from the tax. House Speaker Tina Kotek’s office confirmed with the SEMA Action Network that the bill will not be considered and was dead on arrival. Thank you to those who participated in opposing this bill!

Life is always an adventure.....

Enjoy the ride!

'He is the Napoleon of crime, Watson. He is the organizer of half that is evil and of nearly all that is undetected in this great city. He is a genius, a philosopher, an abstract thinker. He has a brain of the first order. He sits motionless, like a spider in the centre of its web, but that web has a thousand radiations, and he knows well every quiver of each of them.'

Sherlock Holmes, 'The Final Problem'

'Moriarty! He is the Napoleon of Crime' Cruise **Saturday, April 1, 2017 9:30 AM**
