

# PINCKNEY DISPATCH

Vol. XXXVII

Pinckney, Livingston County, Michigan, Thursday, November 4, 1930

No.

## OBITUARY

David Bennett son of Gershom and Temperance Bennett was born Dec. 23 1857 on the farm where his life has been spent, and passed away Oct. 22 at the age of 62 years and ten months.

He was married to Nettie E. Carson of Losco, May 28 1884, and to this union was born one daughter Hazel.

He was a man of sterling qualities, a kind husband and father and always ready to lend a helping hand in time of need.

He is survived by his wife and daughter and two brothers, Ralph of Hamburg and Anson of Los Angeles Cal. besides nephews and nieces and a host of friends.

The funeral services were held from the North Hamburg Church and burial in the cemetery near by. The services were in charge of Rev. N. W. Pierce and a large congregation showed the regard which they held for the deceased.

## AFTER THE FIRE

We are getting back to normal business again as near as possible with some of the stocks depleted.

The fire had gained such headway in the Cadwell building on the corner that the fire fighters could do nothing to stop the blaze until both the Teeple Hardware and Monks Bros. stores were burned out. Nothing was saved from the hardware stock.

Some of the stock in Monks Bros. store was removed in time but their loss is great; possibly enough insurance was carried to cover it.

All along the line goods were removed from the stores. The Barnard and C. H. Kennedy stocks were removed also Roger Carr's stock and barber outfit, and Miss Nellie Gardner's stock of millinery.

While the fire fighters were concentrating their efforts in the rear of Monks Bros. store, to prevent the whole block from burning up, others were carrying out the stock. The Hoff sisters stayed at the telephones through it all, although warned several times that it was not safe to remain longer. Their calls for help brought many willing hands from the vicinity and also the Brighton fire engine which the bucket brigade was working at so valiantly but under insurmountable handicaps.

When daylight finally appeared the business section certainly was dilapidated. The postoffice fixtures were all on the Square as well as tons of merchandise. Postmaster Murphy requisitioned space in the Dispatch building and the mail for the rural routes was sent out on time.

When the merchants who were not burned out gathered their stocks back in the stores it was found that many articles had been stolen, so that the actual fire sufferers were not the only losers.

The Brighton fire apparatus demonstrated to Pinckney folks that it is an efficient engine capably handled by the Brighton men. Many who at first were somewhat doubtful as to the advisability of purchasing one of the same make for Pinckney are now strongly in favor of an immediate purchase.

The authorities and most of our people are of the opinion that the fire started first in the Sphinx Club rooms, as when first discovered it was confined to the two upper floors of the building, occupied by the Masons and Sphinx Club. The Masonic hall had not been opened that day but the Sphinx Club was open during the fire.

The building, owned by the Dispatch, was destroyed in 1897.

## AFTER ELECTION

With the Republican victory in the United States and Michigan the complete Livingston County Republican ticket was elected by large majorities. Pinckney township however gave no Republican a majority. The nearest was Fred Teeple whose Democratic opponent received a majority of 10.

The school amendment was defeated 200 to 75. The latest returns in the state give the vote as follows:

For amendment 255,631  
Against amendment 393,919  
Majority against 138,388

## CARD OF THANKS

We desire to express our sincere thanks to all those who so kindly assisted us during the sickness and death of our dear husband and father. Also to the minister for comforting words and to the singers for their selections, and neighbors for their assistance with automobiles.

Mrs. D. J. Bennett  
Hazel Bennett

I wish to thank the people of Pinckney and vicinity for helping me in the removal of goods from my store on Thursday Nov. 28.

C. H. Kennedy,

I wish to thank all who labored so hard during the fire to help save my stock from the threatened buildings.

On behalf of the U. S. Post Office Department and also personally, I wish to thank all who assisted during and after the fire. Your efforts made it possible to send out the rural mail on time and also handle the usual business with little delay. Also the Dispatch for the use of room to work in.

W. E. Murphy, Postmaster.

thrived there. The Teeple building was erected about 35 years ago by Teeple and Cadwell, whose wooden store on the same site had been burned. J. J. Teeple, the senior member of the present firm has been continuously in the hardware business in Pinckney for 45 years, the longest business career of any man in Pinckney, past or present. He has burned out twice but does not give up, and here's hoping his long and honorable career as a leading business man will long continue. Some of their goods were at the depot and some in transit. They have opened up again under the opera house.

Monks Bros. have their salvaged stock in the opera house and are continuing their business there at present. They are also heavy losers but it is hoped that the alert enterprise they have always shown during their business career will soon result in getting squared away on the old basis.

R. W. Entwisle, who conducted the meat department in Monks' store will endeavor to furnish his patrons in Pinckney fresh meats on Wednesday and Saturdays.

Already plans are being formulated to erect new buildings. The Masonic order is contemplating the erection of a fine new building on the site of their old home. While the plans are only in the process of incubation it seems probable that a store on the corner with a Masonic hall on the upper floor will be soon started. There's one thing about those Masons—when they start an enterprise it is always a success. And when they start in this undertaking they are sure to find the undivided support of the whole community backing them up.

Later—At a meeting of the Pinckney Lodge Wednesday night it was the unanimous opinion of the Masons present that steps should be taken immediately to build a Masonic Temple with store below and we are assured by members of the lodge that the project will go through as soon as possible.

## Armistice Day Celebration

The American Legion of Livingston County is planning a big celebration for the ex-service men of the World War. Howell being the county seat is chosen as the logical center for this event which occurs Thursday November 11, Armistice Day.

A big banquet will be served at 12:30 P. M. to all ex-service men now living in this county or to any who have moved away and care to come back for this event. A formal notice will be sent out to each one with a return answer in order to ascertain the number of reservations. The place for dinner will be announced later through the papers.

The Victory Club Rooms will be open for dancing in the evening. Any information regarding this affair can be obtained from the American Legion in Brighton, Fowlerville or Howell or from Mr. Oscar Reed, Post Commander Howell, Mich.

## OUR FIRE LOSS

as great as it is, seems not so great to us when we take into consideration the fact that had it not been for the able and timely assistance of all who helped to remove goods from our store—at the risk of life—we would have suffered a total loss of stock and we most earnestly desire to thank all who assisted in any way, shape or manner in our time of need.

We have removed all goods which were saved to the Opera House, where we will be very glad to welcome all our friends and customers

In view of the fact that there is no available stock building in town, also owing to our inability to buy at this season of the year, we are compelled to sacrifice the balance of our stock, and

## Must Sell Everything Regardless of Cost

Many are already taking advantage of our sweeping reductions on our Shoes, Rubbers, Shirts, Overalls, Blankets, Hosiery and Dry Goods. Will have last sale bills out as soon as we obtain a settlement with insurance company, whose adjuster has not yet arrived.

Do not fail to avail yourself of this opportunity to lay in a stock at such greatly reduced prices, as ever.

GOVERNOR'S PROCLAMATION

The eleventh day of November next will be second anniversary of the signing of the Armistice in the Great War, and, inasmuch as the Michigan Legislature in the session of 1919 passed an act making it the duty of school officers and teachers to have Sunday observed with appropriate commemorative exercises, it is fitting that the day should not be allowed to pass without attention being called to its significance.

Therefore, I, Albert E. Sleeper, Governor of the State of Michigan, do issue this proclamation and hereby request a proper and appropriate observance, on the part of the people of the state of Michigan of Thursday the Eleventh Day Of November, 1920. Following the proclamation of President Wilson, I further request that on Sunday, November the fourteenth, 1920, memorial services be held for our heroic dead, for our soldiers, sailors and marines who gave up their lives in our cause in the great World War, and that on this day flags be displayed at half staff.

Albert E. Sleeper, Governor.

### Stock Raising in WESTERN CANADA

is as profitable as grain growing. Successes as wonderful as those from growing wheat, oats, barley, and flax have been made in raising horses, cattle, sheep and hogs. Bright, sunny climate, nutritious grasses, good water, enormous fodder crops—these spell success to the farmer and stock raiser. And remember, you can buy on easy terms

#### Farm Land at \$15 to \$30 An Acre

—land equal to that which through many years has yielded from 20 to 45 bushels of wheat to the acre—grazing land convenient to good grain farms at proportionately low prices. These lands have every rural convenience; good schools, churches, roads, telephones, etc., close to live towns and good markets.

If you want to get back to the farm, or to farm on a larger scale than is possible under your present conditions, investigate what Western Canada has to offer you.

The Flavor Lasts So Does the Price!

**One Way of Relief.**

That some grown-ups find it hard to understand a healthy child's need for constant physical activity is shown by a story that comes from New England. In the midst of the "long prayer" at Sunday service a lad of seven or eight leaned over to his mother and whispered: "Mother, do you think they would care if I went through my setting-up exercises while the minister prays? I am awful tired of sitting still."—Harper's Magazine.

**Silliness Discouraged.**

"There's one thing I like about the idea of women in politics," remarked Farmer Cornstossel. "What is that?" "They are not likely to encourage any of these fool election bets about people's not shaving until one candidate or another is elected." In a Canoe. "Never rock a canoe." "And it's almost as risky to try to kiss a girl."

## FRECKLES MADE THE BREAK COMPLETE

No Possible Question of a Future Reconciliation Between Mabel and Her Former Fiance.

"I am glad I broke my engagement

to 'He's no real gentleman

"Why, I have always thought him one," Tess commented in surprise. "What has he done?"

"Well, I sent him back his presents—that is, all except the diamond ring and a few other things that I thought I was really entitled to, considering how many times he had taken dinner at our house and all, and asked him to return mine."

"Well, did he refuse?" "He did not. He not only sent back a box of cigars, unopened, and a pen wiper and a knit necktie, but he sent also five boxes of face powder, saying that he estimated that to be about the quantity he had taken away on his coat during the time we were engaged."

### Japanese Industry.

If Japanese mills had been able to obtain deliveries of all machinery ordered from English and United States builders since 1914, their equipment would now aggregate about 5,000,000 spindles. The actual number, however, is not more than 3,250,000.

Locating the Heart. "Home is where the heart is," remarked the man of sentiments. "Yes," commented Mr. Billoo; "but I wish my landlord wouldn't keep my heart in my mouth."

**A Lady of Distinction**  
Is recognized by the delicate fascinating influence of the perfume she uses. A bath with Cuticura Soap and hot water to thoroughly cleanse the pores, followed by a dusting with Cuticura Talcum powder usually means a clear, sweet, healthy skin.—Adv.

### HARD TO LIVE UP TO THESE

Speakers Would Do Well Indeed if They Matched the Work Credited to the Painters.

John Brookbank, commander-in-chief of the 330 Richmond business men who are soliciting money for the \$500,000 endowment of Earlham college, was speaking to the men at the daily

of the Grace M. E. church. He was congratulating them on their good work and exhorting them to greater efforts in the future. He said: "To gain success in this enterprise, as in any, we must make it real and lifelike. . . something that people can see is worth while and vital and living. Why, we must do as good as the painter who drew a picture of a cat so lifelike that ten minutes after he hung it on the wall there were fleas on it."

President Edwards arose and said: "Or we must do as well as the other painter who drew a picture of a hen. This painter threw the drawing of the hen in the waste basket, but it was so life-like that it just lay there."—Indianapolis News.

## AN APPEAL!

**To the People  
 Of this Vicinity,  
 Men and Women:**

When the representative of this paper called on the Teeple Hardware Company to see what they had to say about advertising this week Mr. John J. Teeple said they were too busy to attend to the matter and requested us to write an ad, using our own judgment about what to say

You all know what this firm is up against right now

### THEY NEED MONEY

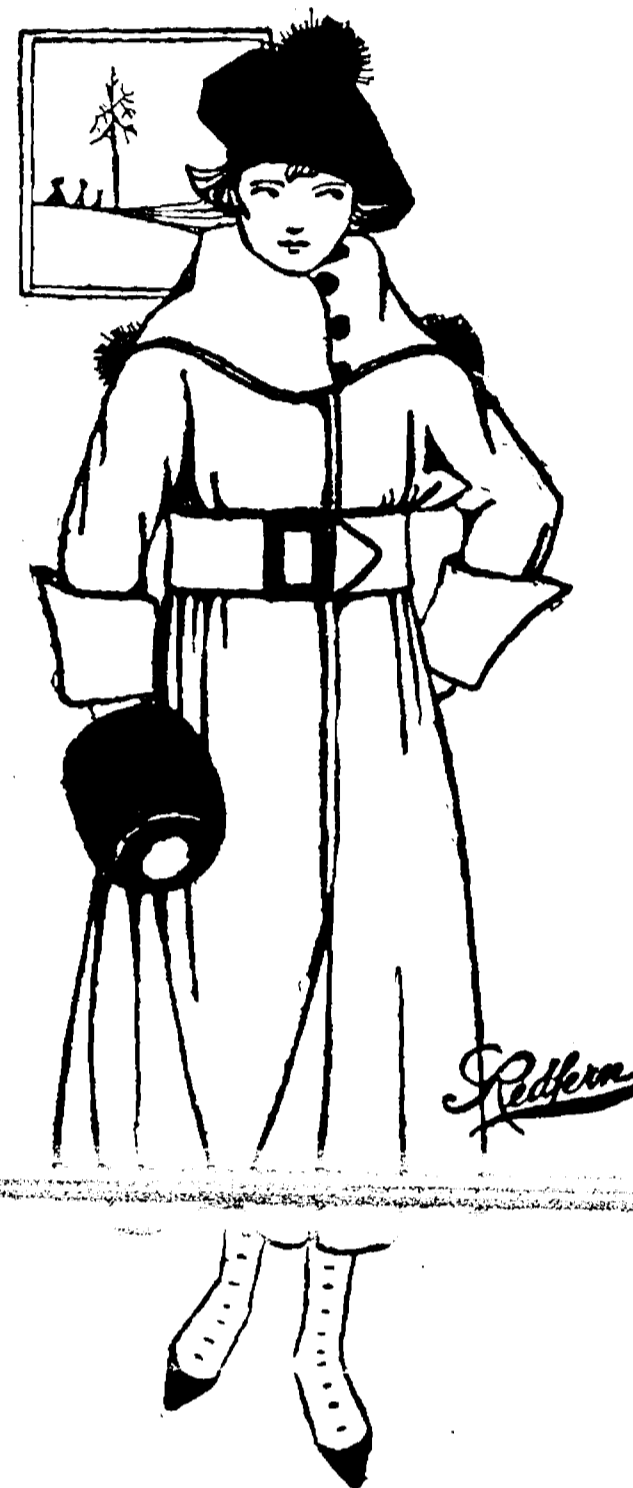

Just imagine yourself in their predicament and ask yourself if you too, would not need it. And we are sure, knowing the community as well as we do, that every man or woman who owes this concern—the oldest mercantile firm in this part of the county—will come down this week and pay their accounts in full if possible. If this is not possible, give them what you can on account, and if you are not just at present in a position to do either, you surely can come down and give them a hearty, sympathetic hand-shake and tell them you will do the best you can as quickly as possible.

The future of this concern is largely in your hands at the present critical time. What are you going to do about it?

They are at home under the opera house with a small stock of hardware. The stock of implements was not destroyed, and they will be glad to see their many friends at all times.
