Reception Site When choosing a venue, consider what they include in the rental fee such as chairs, tables, linens, etc. This can make one venue a more budget friendly option over another. Plan on about 50% of your total budget going toward this part of the wedding that includes your rental (venue) fee, food, beverage, rentals and etc.

Cater/Food/Beverage Be sure to look at what the food and beverage minimum is for a specific venue before you sign the contract. This will save you the headache of trying to use that money on unneeded items. If you are looking to stay within a certain budget, limiting the bar to beer and wine can help. Add a little bit of personality to your cocktail hour with a signature drink!

DJ vs. Band When making this decision, make sure you know the rules of the venue and the space available. A 5-piece band is going to need more space than a DJ!

FLAWLESS EXECUTION
Independence assists you in planning a special day that reflects your style.

Attendant Gifts Think of treating your bridal party to more of an experience than just a gift. For the guys, how about a round of golf? For the ladies, it could be a day of pampering and afternoon tea.

Flowers Some ceremony sites speak for themselves and don't need an abundance of flowers. You can then focus your floral budget on the reception space and really WOW your guests.

Gratuities For your caterer or food service gratuity is always added into your bottom line, but you do have other wonderful vendors on the day of that you can treat. Keep this in mind when thinking about your budget. Be sure to arrange envelopes with each vendor's name on it and have your wedding planner handle this on the day of.

Accommodations If you are having your reception in a space that has guest rooms available, see if there is a discount for your room or for anyone in your bridal party.
