DELIVERY

polytec's large fleet of company owned trucks is dedicated to delivering polytec products across Australia, covering the majority of Metropolitan and Regional areas.

To operate this service we charge a delivery fee of \$45.00 excluding GST. Should you require a delivery to a particular area or region outside our normal delivery route, please contact polytec for an estimated delivery charge.

To ensure a safe working environment for our drivers and customers, we have formalised our position on hand unload deliveries.

The following sheet sizes are **Fork Unload** only: **2400 x 1800, 3115 x 1200, 3600 x 1200** and **3600 x 1800**.

polytec drivers will also require assistance with hand unload deliveries when the weight of any item exceeds 25 kilograms.

RETURNS

polytec will not accept product returns after 6 months from the original invoice date.

if polytec elects to take back an inventory item, it must be in an 'as new' or saleable condition and upon terms agreed.

A re-stocking fee of no less than 15% of invoice value or minimum \$75 (whichever the greater) will apply. Any items not stocked at your local branch and requiring a transfer will incur a restock fee if the order is cancelled when the item is in transit.

MADE TO ORDER (MTO)

Alterations and cancellations must be made within four hours of the order being placed. Any alterations and cancellations after this time will incur full charge. Made to order items, components and custom made doors and benchtops can not be returned. MTO inventory items will incur a restocking fee if cancelled.

polytec does not guarantee exact colour matches across product ranges due to colour variation in each product group.

polytec now offer online ordering. Scan the QR code to register or login. www.polytec.com.au/login

polytec offer an express sample service. Visit www.polytec.com.au to order your free sample.

‡ Limited stock, Ex NSW *Square Edge Only ◆ Not available in Tight Form
 △ Tight Form available in 21mm only ∅ Tight Form available in 33mm and 39mm only
 All square edges on Benchtops will be provided with 1mm edgetape as standard where available.
 21mm square edge Benchtops only available for colours with matching 29mm edgetape.
 Benchtops manufactured using 3650 x 1220mm laminate are limited in width. Benchtops rolled one side max 1130mm, Benchtops rolled two sides max 1040mm. Maximum length for rolled Benchtops, rolled one side max length 3600mm, rolled two sides max length 3500mm
 Due to the controls and technology we have within our benchtop manufacturing process polytec can manufacture benchtops in a Tight Form radius.
 polytec is unable to guarantee our laminates when manufactured to a radius less than 10mm by other manufacturers due to the fact we have no control over any other manufacturers' process.
 When ordering polytec products please quote the Item Code, Edge Tape Code and/or Laminate Code on your order form.
 Products to be returned should be strapped for pick up.

18mm & 21mm MR MDF E-Zero, max size 3050x1200

The product is suitable for professionally prepared 2-pack polyurethane or similar coating systems. Water based paints do not tend to bond easily to melamine surfaces and as such, the use of acrylic or domestic oil based paint is not recommended. In all applications, the painting of melamine doors and panels should be referred to a reputable paint-trade professional.

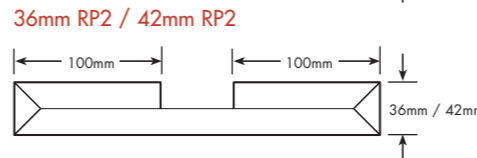

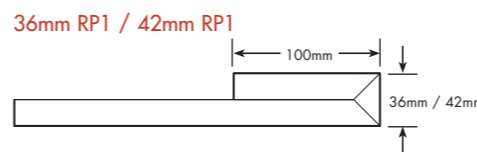

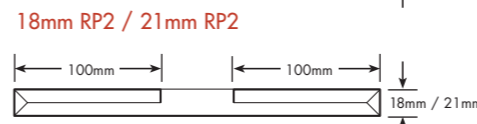

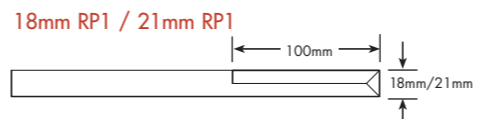

polytec recommend the use of 21mm MR MDF for style 4 doors. For more information and door styles refer to the polytec THERMOLAMINATED doors & panels brochure.

GREEN

polytec is committed to an eco-friendly and sustainable environment. It is an intrinsic part of the way we do business daily. Our decisions are made so that they have minimum negative impact on the environment.

Our product is manufactured from managed and renewable plantation pine, and on request can be purchased as Responsible Wood Chain of Custody certified. All **polytec** board products are manufactured from E0 or E1 MDF, with particleboard now made from a percentage of recycled wood material.

We manage waste responsibly through numerous recycling programs including aluminium and metals, used oils and timber waste is recycled back into packaging and energy. We subscribe to local government environmental initiatives and voluntary audits as well as our own internal Energy and Carbon Management Policy (ECM), which aligns with the Australian Government's Energy Efficiency Opportunities (EEO) program.

Our national portfolio of facilities boasts a total of almost 54,000 solar panels with 17.66 million solar kWh generated, the equivalent of 7,377 trees planted saving close to 12,000 tonne of CO2 emissions. The Oberon facility is now Australia's largest rooftop solar system, with 27,000 panels spread across 8 hectares of rooftop. **polytec** continues to improve on sustainability measures in order to build a circular economy and better future for all.

polytec doors and benchtops are certified Australian Made & Owned.
