POPTOPS & HT CARAVAN SERIES

A'van... Five Star Affordable Travel

Avan™
CAMPERS . CARAVANS . MOTORHOMES

EVERY A'van Pop Top carries more features than any other. Such a vast range of quality appointments maximize comfort and versatility for our customers. Simply, value is a standard, not an option. The A'van Pop-Top you inspect will be the most complete standard van in its class.

Greater freedom to enjoy the great outdoors is here. The New Generation A'van Pop Top range brings a world of features to your caravanning journeys, allowing you to spend less, enjoy more!

The A'van Advantage

A'van's *Super-Strength Smooth Panel Construction* delivers superior strength without weight, meaning better fuel economy when travelling. Every A'van Pop Top features double-glazed and tinted windows, combined with all-round insulation to maximize your living comfort in all types of environment. Our unique anti-jam blind & flyscreen system and two-piece entry door with retracting screen give you greater ventilation than any other Pop-Top.

What's more, our heavy duty battery pack AND charger allows extended camping in remote places *without* the need for external power! With Hot Water Service and electric water pump, along with so many other quality standard features, the A'van Pop Top Series is your invitation to genuine Five Star Affordable Travel.

THE RAY - SLIDEOUT SERIES

Featuring our unique fully-insulated solid wall extension, the A'van Slideout range of Pop-Tops offers greater versatility and comfort than its imitations. Thanks to A'van's *Super-Strength Smooth Panel Construction*, our patented slide-out rear double bedroom has superior insulation and security than competitors' canvas-based models.

The A'van Slideout is compact and lightweight, so it is easy to tow with most medium size cars. Of course, the Slideout is also an exceptional fuel saver.

Setup is delightfully simple: The Slidout's rear door lifts up with assistance of heavy duty gas struts and the back wall slides smoothly outwards, locking securely into place.

Back inside, the double mattress folds down onto a solid base. Within seconds, an entire bedroom with large double-glazed window is complete.

SLIDEOUT SERIES

The A'van Slideout also features generous living area because, even with the extension closed, no bed space is taken from the basic floor area. In more ways than one, the Slideout extends the boundaries for RV travel.

A'van... Others Follow!

The A'van Advantage:

- * Less Maintenance !
- * Easy to clean !
- * Greater impact Resistance !
- * Virtually resistant to dents !
- * Higher Insulation Properties !

AUSTRALIAN INNOVATION, EUROPEAN STYLING

Centurion Chassis

Unique to A'van, the *Centurion Chassis* offers superior support to our RVs than all others. Hot-dipped galvanized steel ensures that your A'van will remain protected from corrosive elements that can fatigue other types of chassis without maintenance. Intelligent engineering design maximizes strength and resistance to torsion and compression via pressed hole cross-members, while enabling greater protection to electrical wiring running underneath your van. For your long-term peace of mind, choose the A'van *Centurion Chassis*.

Leading-Edge Euro Construction

A'van incorporates our own *Leading-Edge Euro Construction* process to the interior furniture of all our vans. The enduring style of solid timber construction is enhanced by state of the art edge-banding technology, producing the most sophisticated and appealing living environment. Fine craftsmanship and superior technology ensures the A-Grade finish expected with A'van, while versatile daytime/night configuration allows you to enjoy greater comfort in your home on wheels.

Super-Strength Smooth Panel Construction

A'van has more experience than any other Australian RV manufacturer in sandwich panel wall construction. For more than 12 years, A'van has applied panel bonding methods to all of our vans. A'van's unique Super-Strength Smooth Panel Construction combines superior strength, insulation and exterior finish while our ply-reinforced aluminium outer skin ensures superior dent resistance.

Augmented Power Supply

Every A'van Pop Top HT caravan features the most advanced electrical system for maximum utility, wherever your adventures take you. Our top of the range AC Delco 100 Amp/hour battery pack and 18 Amp charger & power supply, including battery level indicator and water level indicator*, give you peace of mind and confidence even in remote destinations.

Authorised Dealer

Remember - Only A'VAN offers you the CHOICE of Smooth Aluminium Or Fibreglass Panels!

Our construction process incorporates 25mm styrene foam insulation, 2 x layers ply and your choice of smooth prepainted aluminium or fibreglass outer panels. *The choice is yours!*

*A'van recommends prepainted aluminium side panels due to ali's unique benefits over fibreglass, including weight per square metre, surface appearance, UV-resistance, low dirt-retention and ageing resistance.
