

## Post-registration Certificate Course in Stoma and Wound Care Nursing (20.3.2019 – ~~11.3.2020~~ **Deferred to 14.8.2020**)

This program is organized by  
Institute of Advanced Nursing Studies and conducted by Kowloon Central Cluster

*The Nursing Council of Hong Kong has approved the Hospital Authority as a provider of  
Continuing Nursing Education (CNE) since 1 December 2005.*

### COURSE PROGRAM

#### In collaboration with:

Department of Surgery, Caritas Medical Centre  
Department of Surgery, Kwong Wah Hospital  
Department of Surgery, North District Hospital  
Department of Surgery, Pamela Youde Nethersole Eastern Hospital  
Department of Surgery, Princess Margaret Hospital  
Department of Surgery, Prince of Wales Hospital  
Department of Surgery, Queen Elizabeth Hospital  
Department of Surgery, Queen Mary Hospital  
Department of Surgery, Ruttonjee and Tang Shiu Kin Hospitals  
Department of Surgery, Tseung Kwan O Hospital  
Department of Surgery, Tuen Mun Hospital  
Department of Surgery, United Christian Hospital  
Department of Surgery, Yan Chai Hospital

#### With support in Clinical practicum from:

Department of Surgery, Caritas Medical Centre  
Department of Surgery, Kwong Wah Hospital  
Department of Surgery, North District Hospital  
Department of Surgery, Pamela Youde Nethersole Eastern Hospital  
Department of Surgery, Princess Margaret Hospital  
Department of Surgery, Prince of Wales Hospital  
Department of Surgery, Queen Elizabeth Hospital  
Department of Surgery, Queen Mary Hospital  
Department of Surgery, Ruttonjee and Tang Shiu Kin Hospitals  
Department of Surgery, Tseung Kwan O Hospital  
Department of Surgery, Tuen Mun Hospital  
Department of Surgery, Tung Wah Hospital  
Department of Surgery, United Christian Hospital  
Department of Surgery, Yan Chai Hospital

# Post-registration Certificate Course in Stoma and Wound Care Nursing

Organized by IANS and Conducted by KCC

(20.3.2019 – 11.3.2020 Deferred to 14.8.2020)

## COURSE INFORMATION

### AIM

To provide an opportunity for registered nurses to gain special knowledge and clinical skills in stoma and wound care nursing and prepare for an advanced role in this specialty.

### PROGRAM INTENDED LEARNING OUTCOMES (PILOS)

On completion of the course, the participants will be able to:

1. assess, plan, implement and evaluate nursing interventions to meet the needs of patients with a stoma or wound;
2. demonstrate specific knowledge and skill in the care of patients with difficult stomas and different types of wounds;
3. promote the awareness of the patients and their families in the prevention of complications or recurrence of problems related to stomas and wounds;
4. implement preventive measures for patients with alteration in skin integrity;
5. provide psychological support to patients and their families;
6. demonstrate competency on advanced practice in stoma and wound care nursing.

### COURSE DESIGN AND DURATION

A. **Theoretical Input:** 21 study days (20 full study days and 2 half days)

<b>Module I – Fundamental Module (4 study days on Day 10, 12, 13 and 15)</b> This is the fundamental module which focuses on the foundation concept of wound care. A series of lectures are conducted on physiology of wound healing, wound classification, pressure injury management and selection of wound products so as to enhance nursing assessment and management of patients with wounds.	
(a) 4 study days	29/05/2019, 12/06, 19/06/2019, 03/07/2019
(b) Quiz	03/07/2019 (AM)

  

<b>Module II – Specialty-specific Module (17 study days on Day 1-9, 11, 14, 16-22)</b> This module encompasses broader and comprehensive contents on stoma and wound care nursing. It aims to provide opportunities for nurses to critically examine major issues and trends in stoma and wound care nursing, and also enhance the knowledge, skill and practice in stoma and wound care nursing at an advanced level.	
(a) 17 study days	20/03, 27/03/2019, 03/04, 10/04, 17/04, 24/04/2019, 08/05, 15/05, 22/05/2019, 05/06, 26/06/2019, 10/07, 17/07, 24/07, 31/07/2019, 14/08/2019 (half day in AM) 04/03/2020 14/08/2020 (half day in AM),

	<del>11/03/2020</del> 24/06/2020
(b) Written Examination Exam I Exam II	05/06/2019 (AM) 14/08/2019 (AM)
(c) Product Assessment	<del>04/03/2020 (AM)</del> 14/08/2020 (AM)
(d) Group Project Presentation	<del>11/03/2020</del> 24/06/2020

**B. Clinical Practicum (CP): 6 weeks (19/08/2019 to 23/02/2020) in designated CP Centers**

Group	Period
Group 1	19/08/2019 to 17/11/2019 (any 3 weeks for CP I and any 3 weeks for CP II)
Group 2	18/11/2019 to <del>23/02/2020</del> 26/07/2020 (any 3 weeks for CP I and any 3 weeks for CP II)

**(a) CP I: 3 weeks** in acute surgical setting with stoma and wound cases

Case load required in **3** weeks:

- Minimum **20** different cases with acute / chronic wound and different types of stoma

**(b) CP II: 3 weeks** in acute surgical setting with:

- GI or Urology ward / unit; **and**
- Stoma and wound cases; **and**
- Nurse led clinic for stoma and wound care

Case load required in **3** weeks:

- Minimum **15** different cases with various types of stoma care
- Minimum **30** different cases with either acute / chronic wound care
- At least **1** week cross hospital training is required

## **VENUE**

**A. Theoretical Input:**

- Multifunction Room, D Ground, QEH
- Room 2, M Ground, QEH
- Lecture Theatre, R12, R Block, QEH
- Lecture Theatre, G/F Wai Oi Block, CMC
- Nursing Lab, School of Nursing, Wai Oi Block, CMC

**B. Clinical Practicum Centers:**

Clinical Practicum I only -

Department of Surgery of TWH

Clinical Practicum I & II -

Department of Surgery of CMC, KWH, NDH, PMH, PWH, PYNEH, RHTSK, QEH, QMH, TKOH, TMH, UCH and YCH.

## **ASSESSMENT**

Items	Weighting	Date
A. Written Assessment		
1. Quiz	3 %	03/07/2019
2. Written Examination I	30 %	05/06/2019
3. Written Examination II	27%	14/08/2019
4. Group Project - Oral presentation - Written Assignment	15 %	Submission of Group Project Topic: 10/04/2019 Submission of Group Project Outline: 12/06/2019 Submission of Group Project: 08/01/2020 Presentation of Group Project: 11/03/2020
5. Patient Care Study	10 %	4 weeks after completion of CPII in parent hospital
6. Product Assessment	15%	<del>04/03/2020</del> 14/08/2020
C. Continuing Clinical Assessment, Case Review and Log Book	100 %	During Clinical Practicum

## **TARGET PARTICIPANTS**

Registered Nurses or above rank

## **CLASS SIZE**

53

## **ENTRY REQUIREMENTS**

1. Nurses registered with the Hong Kong Nursing Council with valid practicing certificate
2. Registered nurses with at least 2 years post-registration clinical experience are eligible to apply.
3. Preference will be given to nurses who are working in surgical wards with stoma and wounds.
4. Lower priority would be given to nurses who have enrolled in previous PRCC and without successful completion of the course.

### **Pre-requisites:**

Nominated participants should have completed the e-Learning program on “Wound Management (3rd edition)” as a pre-requisite for the course.

### **Exemptions:**

Potential participants who had successfully completed the Fundamental Module of PRCC in Stoma and Wound Care Nursing in past 3 years since 2015/2016 (i.e. 1/6, 15/6, 22/6 & 6/7/2016; or 22/3, 29/3, 5/4 & 13/4/2017; or 22/1, 29/1, 5/2 & 12/2/2018) could be granted direct entry to Module II - Specialty Specific Module of 2018/2019.

NTWC	Ms. WAN Yin Ping	NC (Stoma & Wound Care), NTWC
NTWC	Ms. PUN Man Kei	APN (Wound Team),NTWC

### **LANGUAGE MEDIUM**

English supplemented with Cantonese will be used in class; English will be used in all examinations and assignments.

### **TEACHING & LEARNING STRATEGIES**

1. Lectures and demonstrations
2. Workshop
3. Group discussion and tutorials
4. Group projects (*including presentation*)
5. Patient care study
6. Clinical teaching and supervised clinical practice

### **AWARD OF CERTIFICATE**

Certificate will be issued to those who have completed all parts of the course and successfully passed all the course assessments.

### **CNE**

The course is equivalent to 264 CNE points.

(Contact hours:    Theoretical input                      :	147 hours	(147 CNE points)
Clinical Practicum                      :	6 weeks	(117 CNE points)
