Nagel Cattle Company

Pounds + *Beef* = Profit

Performance 

24th Annual Bull Sale
February 9, 2018

The NCC First Breeding Season Guarantee

We represent these bulls to be sound and their records to be accurate to the best of our ability. All are fully guaranteed for structural soundness and bulls will be fertility tested in March. If an unfortunate problem arises, please notify us promptly. We can provide a satisfactory replacement (if available) or a credit will be issued for next year's sale for the bull's full purchase price less any salvage value received.

We highly recommend purchasing short term insurance in the event of bull death. We are retaining in herd semen use on all bulls in the offering at the new owner's convenience. Costs incurred in collecting semen for NCC in herd use will be the responsibility of NCC.

Pre-Sale Bull Inspection
Videos of all sale bulls will post on nagelcattle.com in late January. Feel free to visit us and check them out any time at the ranch as well! Early viewing is a great time to visit in detail to match potential herd sires to your herd goals, along with viewing heifer mates, dams & like genetic feeder calves.

Bull Care
Both Tyndall Veterinary Clinic, Tyndall, SD & Northwest Vet, Parkston, SD serve as our herd veterinarians. All yearling bulls will be semen tested mid to late March by Northwest Vet. We encourage you to leave your NCC bull purchases with us to continue their care. This allows us to keep the bulls on the same nutritional standards, semen test & then deliver in early April. It's also a great avenue for more visitation with our customers! We love to hear about your operation & hopefully procure some future feeder calves and/or replacement heifers.

More Info Available on Sale Day & Website!
Ultrasound Data, ADG/WDA & Scrotal will be available on sale day!
Make sure to visit our website www.nagelcattle.com for new info as well.

Announcements
Announcements made sale day take precedence over printed material. All persons who attend this sale do so at their own risk and the sale management or owners assume no liabilities for any accidents that may occur.

- Our only Harvestor son this year
- Excellent EPD's and performance numbers

- All out of 1st calf heifers
- 3 of the dams were fall borns that were carried over to spring
- These Slider sons will offer calving ease while not sacrificing performance
- Bulls have grow and their dams are extremely powerful
