

## Prepare for A Brighter Day (Apostle R. D. Clark, Sr.)

### **Devotional Reading: Joel 2:15-27**

We are in a time where a lot of serious changes are taking place all over the world. We are facing great challenges, tests, trials, and tribulations because of worldly political systems. We are being denied the act of assembling because of the pandemic. It seems like we are being held hostage by the dysfunctional works of the Gentile world.

It seems like our hope is all we have right now. Yet, we know God will deliver us. We may not know when we will reopen all our churches, but we can keep pressing and surviving until that time comes. We must remember we are a strong, preserving, overcoming people. Therefore, let us keep our minds up and hold on to the truth that says we can overcome. Above all, let us use the principles of caution and vigilance to keep you safe.

When we do assemble again, we will have to be more aware of a new day. New challenges, new demands, and new realities will bring forth a need to adjust and adapt to functioning on a new level. New questions about pressing issues will be asked by our youth and adults. The politics of our new era will be questioned. We will also face the hard challenge of giving spiritual answers to political questions.

There is a truth that we must know and speak. We must also prepare our spiritual and physical lives because the damaging force of human ignorance is threatening our right to keep living.

The Black Lives Matter movement has troubled the spiritual waters of the whole world. The social demand to keep expanding the legacies of our ancestors, fighting for our freedom, and contending for equal rights have become challenges that we cannot ignore. We must also respect and respond to the demand for higher levels of information, wisdom, knowledge, understanding and power.

We are now being forced into a new and greater reality about ourselves. Therefore, we must embrace and sustain a forward movement and refuse to go backwards and live a life of inferior mediocrity. Although other races are participating in the Black Lives movement, we still must be responsible for ourselves.

God gave us a fortification system known as Triumph the Church and Kingdom of God in Christ. Apostle E. D. Smith called Her the ark of safety because this Church and kingdom would defend us, strengthen us, and reinforce our security as a people.

We must now become equipped and empowered for a new spiritual order. Our reassembling will be calling for a new paradigm. It is going to take more than trusting God and trusting a vaccination. Every belief system and every culture system of human religion must be replaced with a greater knowledge system.

We cannot return to the past when we reassemble. We must prepare now for progress. New political forums, new psychological understanding, and new biological understanding will be in demand. We have got to reunite and establish a different system when it comes to relating to the church and the world.

**Lesson Scripture:** Revelation 6:7-17; Revelation 11:15-19

**Lesson Outline:**

### **I. The Oppressors' Days of Wrath. (Revelation 6:7-17)**

God sees all the systemic racial oppression that has been set up against those who are identified as African American. Because of false Christianity, false churches, and false religions in America, black people have been victims of all kinds of injustice.

The founder of our Triumphant church said, "Almost imperceptibly, the custom of heathenism found its way into the Christian church. "We live in a nation where heathenism and paganism are mixed with evangelical Christianity, white supremacy, and false doctrine. Apostle Smith called them devil birth Christians (What We Believe and Teach.).

The plantation Gospel of the Kingdom and the militant church created systemic false doctrines that supported slavery, murder, torture, rape, and human sacrifice against black people.

Another pioneer of our church that worked unceasingly with Apostle E. D. Smith was known as E. D. Hadley. In his book (The Church Coming Out of Egypt). He wrote the words, "We believe the time is ripe for an

organization to start which will help colored people quit such towns and take such steps as are necessary to enable a citizen to be secure in his own home against mob violence."

"We believe that it is much better to die defending one's family and our homes than to burn alive."

"In our defense plan, we must overlook these traitors in our own ranks, which are largely responsible for the serious condition in which we find ourselves."

The zero hour approaches, let us prepare for it now." (Published by the Freeman paper of Indianapolis, Indiana, Feb. 17, 1923).

War, terrorism, wildfires, earthquakes, tornadoes, hurricanes, pandemics, and murders of innocent blacks do not come from the wrath of God. This kind of wrath comes against people who reap the wrath that they have sown against God's people. These conditions come from ungodly men establishing devil birth Christian societies that disagree with God and abuse legal privileges in society.

The wrath of God is a divine response to human injustice. God's wrath is not

programmed to kill, steal, or destroy people because of their complexion. His

wrath is a form of vengeance without revenge or retaliation.

## II. The Everlasting Kingdom Exchange. (Revelation 11:15-19)

The kingdoms of this world are full of injustice, murder, unrighteousness, capitalism, racism, crime, and hate. God's kingdom is full of righteousness, peace, and joy in the Holy Ghost (Romans 14:17). Governments, economic systems, religious systems, and antichrist corporations cannot last forever. They will have to be reconstructed and redefined according to the power of the Christ mind.

The kingdoms of this world will no longer be owned by human intelligence. They will become the property and territory of Christ and His Christ. The time for this prophecy to be fulfilled is now. Everything in the kingdoms of this world will be transferred from the rejects

of God and placed in the hands of the elect of God.

We must prepare for a kingdom system that can only be run by those who have achieved the spiritual maturity and absolute perfection in Christ. We must make our divine election solid and sure because God anoints His most persecuted people to create a system of better living in a better world.

### ***To Think About***

The wicked system of Jim Crow and Willie Lynch are set up in the Gentile world. These two conspiracies were profoundly serious about using the Bible and Christian religion to support slavery, racism, segregation, white supremacy, and hate crimes against people of color. The same Bible that was manipulated by King James and Constantine in the 1600's is full of information that shows how Black lives and Black rights should have more power than civil rights. Equal rights will never come forth until we become the Christ of our Lord and receive the Wisdom and Power of an Everlasting Gospel from the Kingdom of God.

**Revealed Verse:** I still see a new day for me.

## Knowledge of Truth and Life (Rev. Clinton LeVert, Jr.)

### **Devotional Reading: John 17:1-4**

This lesson comes from one of our great pioneers of the Triumphant Church that we identify with today. One of his greatest lectures was turned into a book written by Dr. and Mrs. Nathaniel Pollard, Jr. titled, "Basic Triumphant Philosophy of Truth and Life." The message and the information in this book discuss objectives, applications, and manifestations that edify and encourage us to know that life is right, and it will never be wrong.

Rev. LeVert starts with an objective saying, "The objective of this lesson is to establish in the mind of the reader, that *IT IS NORMAL AND RIGHT TO WANT TO LIVE A LONG LIFE*, and that there is nothing wrong or unreasonable with desiring eternal life." (A) "*YOU DO NOT HAVE TO DEFEND THE PHILOSOPHY OR DESIRE FOR LONG LIFE*, because the desire to live is a normal desire; and when you face the real facts about it, *EVERYTHING AND EVERYBODY WANTS TO LIVE; NOBODY AND NOTHING WANTS TO DIE*. Plus, the fact that THE BIBLE backs up the desire of long and eternal life 100 percent. For in the Bible, we are not only promised eternal life, but we are also promised to be given the desires of our hearts."

(B) "*YOU CANNOT DEFEND THE PHILOSOPHY OF LIFE WITH THE*

*BIBLE*, you can only base it on the Bible. The reason for this is because, according to the people that wrote the bible, the Bible has many mythical writings, many writings based strictly on oral citations, and even some lies (statements for which there is absolutely no foundation of proof). But on the other hand, when you face facts about living; *THERE IS NOTHING MYTHICAL ABOUT LIVING. LIFE IS REAL. YOU DO NOT HAVE TO DREAM IT. YOU DO IT. YOU DO NOT HAVE TO HOPE, WISH OR LOOK FOR IT LATER. YOU HAVE IT NOW, AND YOU KNOW YOU HAVE IT!*"

(C) "*THE BIBLE ITSELF* encourages us to *SEEK FOR LIFE FROM A REAL SOURCE* (not in the written word-the book), *BUT FROM THE REVEALED WORD OF TRUTH*. But, on the other hand, it proves that the desire for long life and eternal life has been in existence for thousands of years. It is the Bible that says, "*SEARCH THE SCRIPTURES FOR IN THEM YE THINK YE HAVE ETERNAL LIFE; BUT THESE ARE THEY WHICH TESTIFY OF ME.*"

There is much more challenging information in the objective section, but before going to the section of application, Rev. LeVert presented a test. It had 3 columns under the title, "Things I Enjoy and Have in Life,

Things that I know I have after I'm dead." This was called an honest test for

enlightenment.

**Lesson Scripture:** Galatians 6:7-9; Titus 1:1-2

**Lesson Outline:**

## **I. Let's Apply the Facts. (Galatians 6:7-9)**

Rev. LeVert then said, "Truth is of no use to you at all if you do not learn to apply it after you have heard it. "If you were truly honest with yourself in filling out the first 3 columns of the chart, they are completely full. But in column 4, you have not listed anything at all because it is a known fact that the dead cannot hear, see, taste, smell or think anything."

"So let this become implanted in your mind; Life is full of many good things and death is empty nothingness." "In other words, in life you have everything a human being can think of and in death there is absolutely nothing because the dead cannot do anything that the living can do. Thus, it should be firmly established in your mind that the most important thing to the living is to live and

keep on living. This is a truth you can accept with a clear conscience because *YOU DON'T HAVE TO MAKE YOURSELF BELIEVE THAT YOU WANT TO LIVE. YOU ALREADY HONESTLY KNOW THAT YOU WANT TO LIVE.*"

"You see, your body and your spirit work together and neither one can ever work without the other. Let us dispel another myth at this point; as far as the spirit is concerned, you do not have a personal spirit of your own that belongs to you. The teaching that there is a part of you that keeps living after you are dead is a myth. The fact of the matter is this, the spirit that dwells in you is the Spirit of God which is only manifested in life. God is a God of the living and not a God of the dead."

## **II. Moving to Manifestation. (Titus 1:1-2)**

In the section called Manifestation, Rev. LeVert said, "We know that if you have faced all of these facts, you now know that it is your God given right to live. *(JUST AS THE SCRIPTURES DESCRIBED IT), AN ENEMY TO YOU.*"

"The last enemy that shall be destroyed is death. Therefore, the shortest path to the Black man's deliverance from the bondage of religious ignorance is through *WISDOM, KNOWLEDGE*, and the new

and better *UNDERSTANDING* of life and the value of living."

"This is the mind that *TRIUMPH THE CHURCH* is setting out to instill in the minds of as many members of the human family as we can, and *ESPECIALLY THE BLACK MAN*. Accept the facts that have been brought to your intelligence in this lesson. Believe that life is full, and death is empty. Accept the fact that you have a right to defend your convictions

concerning life. Knew within yourself that you do not have to be ashamed of the fact that you want to live.”

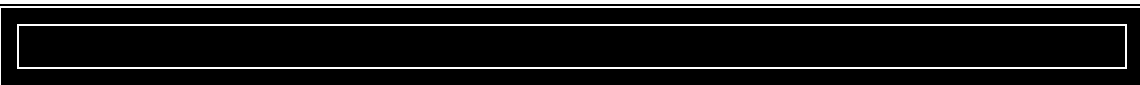

Rev. LeVert’s final admonishment in this lecture said, “Read this lesson at least once per day for seven days. Then once per month for seven months.” He said,

“Never get rid of this lesson; always keep it because the more you read it, the more valuable it will become to you. *AND YE SHALL KNOW THE TRUTH AND THE TRUTH SHALL MAKE YOU FREE.* May wisdom, knowledge, and understanding bless you continually.” Long live the legacy of Rev. Clinton LeVert, Jr.

### ***To Think About:***

We are to be translated not by deep breathing, or by muscular exercise, or by having our nerves shocked by electricity; but by a new process of thought and spiritual energy we are to awaken our sleepy body. We are to get back to the original state in which we consciously receive the inspiration of Spirit and charge our body with the Everlasting Life of the Infinite source of life and living.

**Revealed Verse:** “This world is a beautiful place to live in. Why should we make preparations to leave?” (Rev. Clinton LeVert, Jr.)

## Black by Unanimous Decision

### **Devotional Reading: Psalms 68:31-35**

God is calling for all black churches to unite and become a spiritual Ethiopia and an original Israel in America. We can no longer allow the religious insanity of the false Christian religion the freedom to label us as Gentiles rejected by God. The male white supremacy system in this nation knows that if black men, black women, and black children unite in the spirituality of God's church, a great change will take place in the earth.

Scientists have gone beyond the Bible and discovered by DNA evidence that the world's first man identified as Adam was black and African. Adam did not originate in the Garden "of" Eden, but God placed him in the Garden "in" Eden. Therefore, we have a need to reestablish a spiritual Garden in Eden through the black churches that will return the black man and the black race to their original being in God.

There are so many black churches all over this nation trying to figure out why young people are abandoning the church. One reason is because of so many doctrines debates, and disputes over a historical Jesus. Young people in many black churches have seen older members turn the church into a battleground against each other, and a playground for

the devil by arguing over disinformation and misinformation about Jesus. This is a major game plan of the American white supremacy systems. Keeping black churches divided and prejudiced against each other is not the divine plan of the Everlasting Gospel.

The biggest struggle in many churches comes from intelligent young black individuals having to accept a Caucasian as their lord and savior while seeing systemic racism kill black men and women habitually.

The Bible calls Jesus the last Adam according to 1<sup>st</sup> Corinthians 15:4. Therefore, if scientist have DNA evidence that confirms the blackness of the first Adam, that same DNA is confirming the blackness of the last Adam. Since that last Adam is now a quickening Spirit, God will use internal revelation to keep the blackness of Jesus alive in us.

The skin color of Jesus is not as important as the content of the salvation that He brought by being the incarnated Christ. The important message of this lesson is to know how our blackness of this day is just as important and powerful as it was throughout all biblical history.

**Lesson Scripture:** Song of Solomon 1:1-6; Jeremiah 39:15-18

**Lesson Outline:**

## **I. Black and Comely Is A Great Blessing. (Song of Solomon 1:1-6)**

Being black has never been a curse. The “N” word that racists use against black people has been defined by the wrong people with sick minds and blind eyes. The first civilization known as Ethiopia used words like Negus, Nebo, Niger, Nigger, Nitger, and Neger, to honor black kings. Before the language of other cultures turned the “N” word into a negative definition, that word was used to recognized black people who were true gods of God.

Even being descendants of Ham has a secret meaning that has been hidden by plantation gospel of the kingdom systems. The name Ham is the substitute name for God ‘Elohim.

Spelling Ham with Greek lettering would be “Y A M” which means the original definition of Ham would be converted to “I AM”. Being Black has always been the description of person or people who have been in touch with justice, power, wisdom, and creativity.

God honored the Black race by allowing Jesus the Christ (not Jesus the Christian) to have the same blood of Ham and Ethiopians flowing through His veins. Therefore, every church that accepts Jesus Christ is following a Black son of God instead of the Jesus of a European culture.

## **II. The Black Man’s Deliverance Is Promised. (Jeremiah 39:15-18)**

It is a proven fact that the people who are closest to God are the most persecuted people in the world. Therefore, it is important that black men represent themselves as gods instead of gangsters.

God created the people of African Ancestry with a super chemical substance known as melanin. The substance gives people with darker skin very superior activity in the mind, brain, nervous system, and body.

James Brown created a song called, “Soul Power.” Melanin is the source of

the soul’s power that causes Black people to exceed all other races in sports, music, dancing, cooking, preaching, teaching, and manifesting divine powers.

Because of melanin, we have a stronger ability to trust God and overcome that which is unlike God. Melanocytes and growth hormones come from the pineal gland in our brains. The pineal gland is also known as the third eye. Dreams, visions, revelations, and great inventions come from minds of the people of color because of the melanin that absorbs secret knowledge from the rays of the sun.

### ***To Think About***

Being black causes us to be much more than what the time, history, white supremacy, and circumstances of the Gentile world have tried to make us be. The melanin that causes blackness is more compatible with divine spirituality than human religion. There must be

an advanced level of spiritual education in black men and women causing them to control their own reality. Then, by safely mating spiritual principles with social activities, the black race must master economic civilization programs. Manufacturing, produce distribution marketing, engineering, agriculture, health care, investing, and legal systems must be the accomplishments of future black generations. Rebuilding a Black Wall Street is important.

**Revealed Verse:** “When a man is denied the right to live the life he believes in, he has no choice but to become an outlaw.” (Nelson Mandella)
