ENABLING DIGITAL BUSINESS

Fast Lane is a trusted leader in advanced technology enablement services. Our objectivesfocus on assisting our customers in reaching their business goals with services that support them to develop a comprehensive understanding of the nature and impact of transformational technologies.

Fast Lane has developed a new suite of services to enable the digitalization of your business. By providing a range of services supporting the development of digital strategies and business outcomes, we are here to guide you in reaching your digital business strategy goals. Fast Lane supports you throughout the entire product life cycle, from launch, to buy/sell and then on to how to deploy and operate. By utilizing our expertise, you will improve efficiency, minimize Capex, accelerate revenue, improve consumer satisfaction and thereby increase retention and differentiate your offeringsin a competitive landscape.
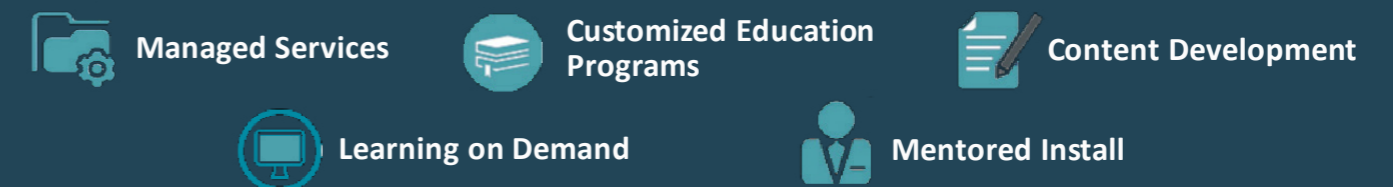

Transformational Technologies

Virtualization, cloud computing, enterprise mobility, and business analytics are some foundational technologies for digital business. These technologies are providing the platform for digital business and are widely thought to be keys to next generation IT.

- Virtualization
- Cloud Computing
- Enterprise Mobility
- Analytics

Education Services

Starting with the delivery of thousands of IT, Business and Soft Skills courses delivered in multiple countries and more than a dozen languages, Fast Lane boasts a strong track record of providing a variety of services related to the transfer of skills and knowledge.

- Managed Services
- Customized Education Programs
- Content Development
- Learning on Demand
- Mentored Install

Sales and Business Enablement

Fast Lane is a leader in sales enablement and business relevancy training across all IT architectures. Fully embracing and supporting the entire product life cycle of our vendor partners, sales and business transformation training is an important pillar of our education framework.

- Business Transformation
- Sales Enablement
- Demand Generation
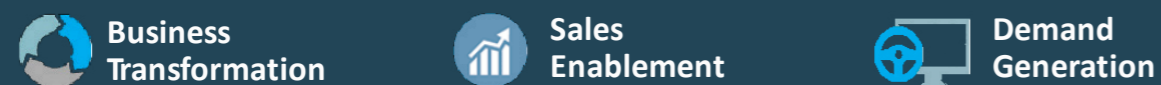

Solution Areas

Fast Lane also provides a portfolio of solution areas to achieve these business outcomes including IoT, collaboration, cyber security, and customer workforce experience.

- Internet of Things
- Collaboration
- Cyber Security
- Customer Workforce Experience

Fast Lane

¿Por qué Fast Lane?

Nosotros podemos ayudar a su compañía a obtener y desarrollar todas las habilidades tecnológicas que necesita poseer ante desafíos de alto nivel. Después de todo, la tecnología es la herramienta y sólo aquellos que la dominan pueden sacar provecho de sus beneficios. Nuestros clientes y socios confían en nosotros, y por muy buenas razones.

Fast Lane ofrece el know-how que necesita.
Servicios en la nube, virtualización y Data Center, Internet de las cosas (IoT), voz, video y comunicaciones unificadas, seguridad o tecnologías inalámbricas: cualquiera que sea la profundidad de conocimientos, las habilidades y la consultoría especializada que pueda necesitar, Fast Lane tiene el experto adecuado para usted.

Fast Lane está a tu disposición en más de 60 países.
Con nuestros expertos, **asesoramos a grandes empresas en todas las industrias**, a los principales proveedores de servicios y agencias gubernamentales, en doce idiomas. Atendiendo a sus clientes en todo el mundo, las oficinas centrales de FAST LANE están situados en Berlín, Cary / NC, San José de Costa Rica, Ljubljana, San Petersburgo, Singapur, Sydney, Bangalore, Pekín y Johannesburgo.

Fast Lane ofrece soluciones de formación completas, autorizados por los principales fabricantes de tecnología.
Estos incluyen **Cisco, Microsoft, NetApp, VMware, Amazon Web Services, IBM**, y otros proveedores principales de tecnología

En Fast Lane hemos desarrollado cursos que cubren todas las tecnologías claves pensadas para el futuro.
En nuestros cursos de formación tecnológica genéricos, **proporcionamos contenidos prácticos**, independientes del fabricante, enfocados en las últimas tecnologías y tendencias.

Fast Lane da acceso a sus clientes a una infraestructura de laboratorios exclusiva, de clase mundial.
Nuestros clientes disfrutan en sus procesos de formación y en eventos de demostración, de todos los laboratorios de redes de gama alta. Equipados con **los últimos dispositivos y tecnologías**, nuestros laboratorios del más alto nivel ofrecen un servicio de primera clase y elevan la calidad de la formación.
