BUSINESS ARISING:

Incorporation: Secretary Robert advised that after submitting paperwork to Consumer Affairs in February that a Certificate of Incorporation arrived in the mail without imposing further conditions. REGIONAL OUTINGS – Pat Moore

The two Regional trips hosted by Syndal Ladies and Waverley Gardens Combined to WESTGARTHTOWN & DONNYBROOK which comprised a tour of Ziebel Farm, the historic former dairy farming settlement dating from 1850; a delicious smorgasbord lunch @ the Roxborough Park Hotel; and also tasting & purchasing opportunities of the award winning Donnybrook Cheeses. I personally felt that the Cheese visit was a little disappointing as they appeared unprepared for us and had only one cheese for tasting. But certainly the farm visit and lunch were excellent. Refer below for a listing of regional outings planned.

NOTE: There will be an opportunity for Outings Officers to meet at my home on Monday 28th July to discuss the programs for 2015/2016. Start @ 2pm.

WHERE? 52 Greenways Road, Glen Waverley. 9887 9191

If you can get 15 – 20 for a bus trip, please consider being a host club (very little involved!). Choose your own destination, get it on the calendar and other clubs will offer it and 'top-up' for you. BUT it is important to get it on the first calendar so that we are not overlapping and clashing.

Remember the purpose of this initiative is:

- to help your club offer a range of outings to members (helping to attract would-be members too!).
- to lighten the load of your club's Outings Officer.
- to stop cancellation of planned trips due to insufficient numbers.

Here's to fun, fellowship, friendship AND FULL BUSES! Hope to see you on the 28th July!

GENERAL BUSINESS:

- Regional Information Days 2014 Robert Renshaw advised that 3 Information Days were run within the District being Bayside, Manningham and Monash with those in attendance being 50, 110 and 85 respectively.

CLUB REPORTS

-----0-----0-----0-----

CLAYTON COMBINED - Bill Johnson

Since the Changeover in March we have been unable to fill our committee requirements and have been operating with caretaker committee members until we could resolve this situation.

Unfortunately, things have not changed and the committee has decided to put forward the Special Resolution to surrender our incorporation. Notices of this resolution have been sent to all members and will be voted on at the July meeting on July 21st.

It is expected this resolution will be passed and proceeding to close the club will then proceed in line with the needs of Consumer Affairs of Victoria and Probus South Pacific. Discussions have been held with Clayton Rotary Club, our patron club, but no solution has been found to get new committee members.

Until the July 21st meeting and subsequent vote on the resolution, we are unable to give any firm answer. Because of all that's happening, I have not prepared any report for submission.

COMBINED PROBUS CLUB OF NOTTING HILL – Freya Green

In April a group of 32 members spent 3 days in Bright. The weather was kind to us and the autumn scenery stunning. A side trip to Beechworth enlightened us all on the history of the area. All members had a great time.

During the past few months we have had lunch at the 'Mr Fox' cafe at the Ringwood Golf Club, a great meal with a great view and lunch at Paesano's Restaurant in Wheeler's Hill, where members enjoyed a substantial buffet.

Morning coffee at the Arena cafe where up to 32 members meet and chat, a very popular event, as are our card afternoons, where up to 28 members gather on the second and fourth Fridays of each month to play Crazy Whist. The substantial afternoon tea is a half time treat enjoyed by all.

Golfers hit off at a club golf day at the Waverley Municipal Golf Course, where the course won, but the tales of who did what produced many a chuckle.

Members attended two Whitehorse Theatre productions and also movies at Centre City Walk, Glen Waverley. A group of 22 members visited the State Theatre and saw 'The Beatles' down under display, as well as had a tour of the Theatre.

We have enjoyed some interesting speakers namely, Simon Green, speaking on Cystic Fibrosis, being a sufferer himself Simon gave an interesting insight into the disease, a talk on Seniors Fire Safety by a retired Fireman Eric Daffey, who gave a humorous talk embedded with some very good advice. Also at our June meeting when our Guest Speaker called in sick on the morning of our meeting, a hastily put together program was really enjoyed by all our members. Our Past President, Wilf Seelig, spoke on what it was like being an 8 year old migrant, coming to Australia from Germany in the fifties, who spoke no English. Then four members, who were past Bank Managers, agreed to be part of a question and answer segment. The answers gave members an insight into their professional lives as well as a really good laugh at some of the responses.

In the pipe line for the coming months is visit to the Mission to Seafarers, a CUB tour, and a visit to Ripponlea to see a special exhibition. Dinner at Oggi's Restaurant in Glen Waverley, a golf day, a guest speaker on what goes on at the Chelsea Flower Show, and our regular monthly activities.

PINEWOOD COMBINED – Rex Markby

Pinewood Combined Probus Club Inc has settled in to their new home at the Waverly Community Centre and we have since celebrated our 1st birthday, the new arrangements are working well.

I reported at the last meeting that we were expanding our membership from 80 to 90 which has now occurred with vacancies being filled very quickly and a waiting list of up to 10, it is not intended to expand the membership further at this stage.

We have just launched our own web site *Pinewoodprobus.org.au* which are very proud of and will include all club activities, calendars, news coming events, contact details and policies.

The most popular activities in recent months have been , Dinners, Trips (Yarra Valley, French Island,) Coffee mornings, Happy Hours, always very popular and walks weather permitting.

One aspect we are starting to pay more attention to is succession and committee participation to encourage members to be more proactive and prepared to assist by being part of sub-committees which gives them a better insight into the mysteries of being on a Probus Club committee, as an example the golf sub committee.

The PAV golf challenge entry forms have now been distributed and are on the PAV web site www.probusvic.com.au/sport/golf for those who wish to access directly and entries are being received steadily I have also left copies at this meeting for those who are interested.

We recently had John Gardiner, The Dunny Can Man as a guest speaker, those who have not booked him are missing out on not only a hilarious presentation but an insight into forgotten Melbourne history, we are to have an extended morning tea in July with various guests and Cliff Hardy in August who will talk to us about his experiences at the London Nautical School which was founded after the sinking of the Titanic.

At yesterday's Regional Meeting I mentioned that Mulgrave Country Club was interested in providing these devices to Clubs.

I checked this morning and they are looking at providing defibrillator to Community Sporting Clubs, and investigations on how many Clubs do not have a device is being undertaken. In other words it is in the early stages of checking a Community need. If it proceeds any rollout would be approximately 12 months away.

I apologise for my misreading of an informal conversation with one of the Board members of the Mulgrave Country Club.
