

INDIANA HEALTH COVERAGE PROGRAMS

PROVIDER CODE TABLES

Procedure Codes That Require Attachments

*Note: Due to possible changes in Indiana Health Coverage Programs (IHCP) policy or national coding updates, inclusion of a code on the code tables does not necessarily indicate **current** coverage. See [IHCP Banner Pages and Bulletins](#) and the [IHCP Fee Schedules](#) for updates to coding, coverage and benefit information.*

For information about using this code table, see the [Claim Submission and Processing](#) provider reference module.

The Healthcare Common Procedure Coding System (HCPCS) codes in this table require that providers submit attachments with the claims for the claims to be processed. The IHCP denies claims using these codes that providers submit without attachments.

Note: Certain ICD-10 procedure codes also require attachments. For a list of ICD-10 procedure codes that require a hysterectomy informed consent and acknowledgement statement, see [Obstetrical and Gynecological Services Codes](#), accessible from the [Code Sets](#) page at in.gov/medicaid/providers.
