Easter and Christmas Special Mail

A parish can benefit from higher response rates during the holiday seasons by providing parishioners a personal touch of a special mailing! It is recommended to mail to active and inactive members that includes an offering envelope, folder and/or bulletin of events and a personally-addressed letter from the pastor.

On average, a Christmas offering envelope in a special mailing returns an \$84 donation. The average overall response is 29%.

Our Thoughts on Giving

One aspect of stewardship that is difficult for people to grasp is the giving of one's treasure. We know that stewardship is much more than fundraising, but we also know that there is an important connection between the two. Parishes that embrace stewardship already understand the four characteristics from the 1992 pastoral letter on Stewardship, A Disciple's Response:

- Accountability
- Gratitude
- Generosity
- Giving back to the Lord with increase

Good stewards are the best fundraising prospects because they live out this stewardship attitude. They give back to the Lord through their volunteer work and by the way they live out their commitment to Jesus.
