THE KNIGHT 500[®]

NEW!
Li•Fe
NITRIDE
FINISH

A competition muzzleloader and the ultimate hunting rifle, the Knight 500 is one serious long-range muzzleloader. At 500 yards, this rifle's out-of-the-box MOA assures your shot will hit its intended target at an impressive distance. With a Full Plastic Jacket ignition system, the Knight 500 shoots in any condition imaginable. Boasting an impressive 28" handcrafted Green Mountain barrel and a Boyds Custom Stock with an Aluminum Bedding Block that assists in free floating its barrel, this rifle defines accuracy. An adjustable cheek piece on the stock adds to your comfort, enabling a clear, sure shot at the bullseye from any position. Now available in our new line of Li•Fe Nitride finish muzzleloaders.

 **500**
Guaranteed MOA accuracy to 500 yards.

TEST PATTERN RESULTS FOR THE TK2000®		
Total Yardage	Number of Shot in a 30" Diameter	Percentage of Shot in a 30" Diameter
25 yds	330	97%
30 yds	328	96%
40 yds	289	85%

Extended Jag for easier cleaning

Vented Breech Plug provides 40% longer life and less blowback

Knight's patented Jug-Choke design allows the shot to expand into the chamber, controls the shot, and directs it into the choke tube, shaping the spread of the shot, improving range and accuracy, and concentrating your shot into a lethal load. Providing quick, easy-loading, the Jug-Choke design yields an incredible 85% shot density in a 30-inch circle at an impressive 40 yards.

BULLETS & SABOTS

BLOODLINE SEGMENTING EXPANSION BULLETS

> Bloodline steps beyond tradition. Utilizing forefront ballistic technology, Bloodline is the next generation in expansion bullets. Made exclusively by Knight, Bloodline bullets have a controlled release of 6 petals leading to increases in organ damage and visual blood trails. The controlled release means consistency and no excess shrapnel.

> All Bloodlines come in packs of 20
