

UNI CARRIERS®

□ FORKLIFT □

Product Catalog

Reliability to keep your trucks up and running. Exclusive features that enhance productivity. Unique designs to reduce maintenance and lower cost. You'll find it all in each forklift we manufacture and throughout the UniCarriers line.

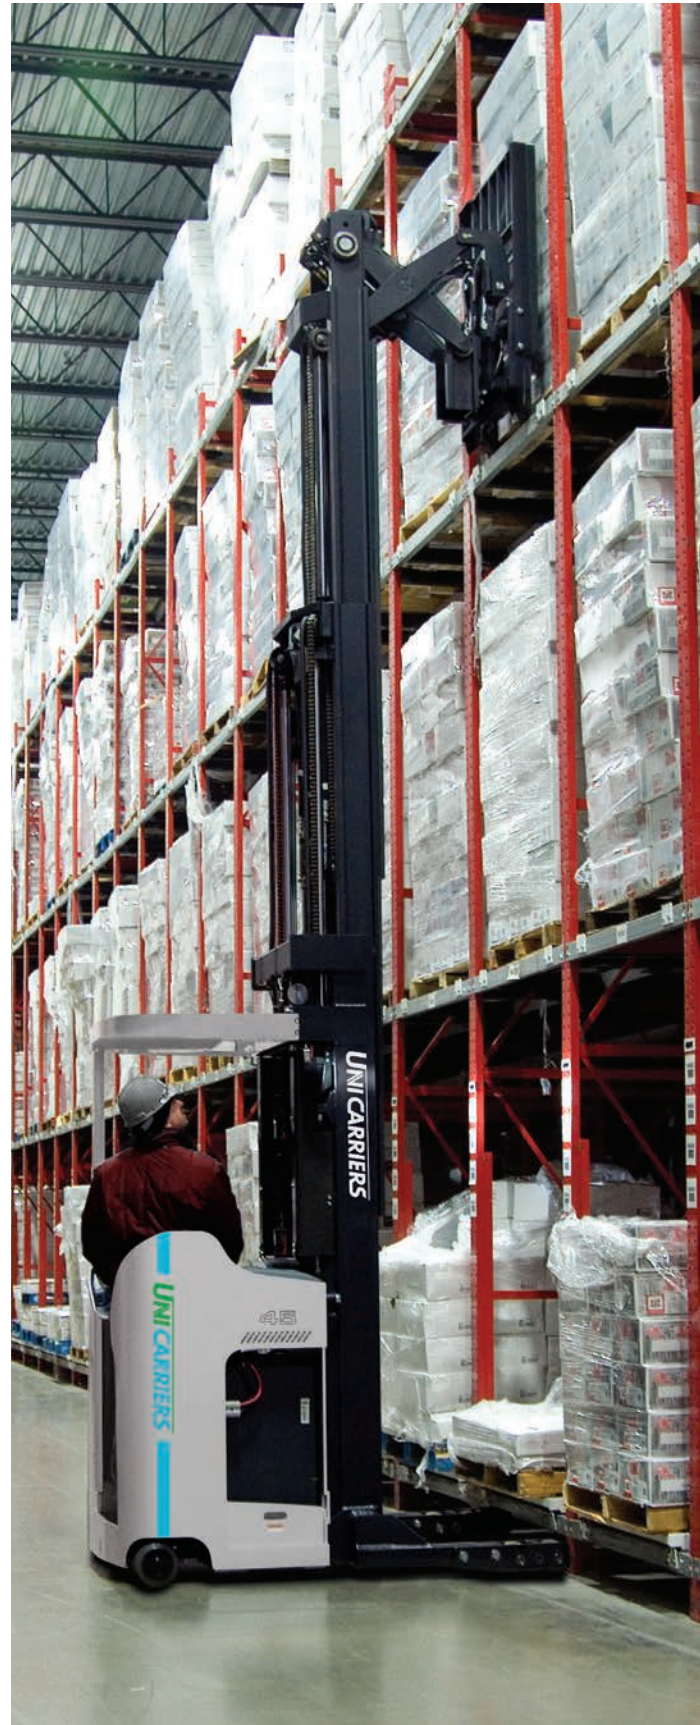

Available on all Class I, IV and V products. Contact your local authorized dealer for specific details, limitations and exclusions.

UNI CARRIERS[®]
[FORKLIFT]

NEVER QUIT

It's the attitude that defines our company and our forklifts —forged by more than 100 years of continuous innovation in the design and manufacture of industry-leading forklifts.

Engine Powered

Smart Designs. Powerful Performance.

Platinum II® Series

At the heart of both our Platinum II® cushion tire and pneumatic tire forklifts are UniCarriers' own legendary GCT K21 and K25 industrial engines — delivering **greater torque and horsepower** while raising the standard for reliable performance.

All Platinum II® LP and Dual Fuel forklifts feature an advanced fuel management system that **improves economy, lowers emissions and protects the engine** in the event of excessive heat or drop in oil pressure.

A UniCarriers exclusive — the Platinum II® Nomad Series is a compact pneumatic tire forklift that is highly maneuverable, amazingly versatile and **the only forklift available** that moves seamlessly from inside the warehouse to improved surfaces outside.

Platinum GO4 Series

Powered by our GCT ZD30 3.0 liter diesel industrial engine or GCT TB45 4.5 liter LP or Dual Fuel electronic fuel injected industrial engine, the GO4 Series is **built for tough applications** that demand rugged, large-capacity material handling equipment.

Superior uptime performance, innovative engineering and exceptional productivity — it all comes together in UniCarriers internal combustion forklift series.

**Platinum II® Series
Pneumatic Tire Models**

LPG / Dual Fuel / Gas*

Load Capacity (lbs):
3,000 / 3,500 / 4,000† / 5,000
5,500 / 6,000 / 7,000

**Platinum II® Series
Cushion Tire Models**

LPG / Dual Fuel / Gas*

Load Capacity (lbs): 3,000 / 3,500 / 4,000†
5,000 / 5,500 / 6,000† / 6,500 † / 7,000 / 8,000

**Platinum II® Nomad Series
Compact Pneumatic Tire Models**

LPG / Dual Fuel

Load Capacity (lbs): 3,000 / 3,500 / 5,000

**Platinum GO4 Series
Pneumatic Tire Models**

LPG / Dual Fuel / Diesel

Load Capacity (lbs): 8,000 / 9,000 / 10,000 / 11,000

Built for tough operations like foundries, lumberyards, construction, and recycling. Our GCT TB45 4.5 liter (LPG/Dual Fuel) and GCT ZD30 3.0 liter (Turbo Diesel) engines deliver greater power and performance.

**Platinum GO6 Series
Pneumatic Tire Models**

Diesel

Load Capacity (lbs): 15,500 / 17,500 / 22,000

This heavyweight series is equipped with a turbocharger and intercooler, combined with an electronically controlled, common rail fuel injection system. These models deliver exceptional power while using less fuel.

* On select models.

† Models are available with a shorter chassis and wheelbase to deliver needed capacity in a more compact size.

**BX Series
Cushion Tire Models**
36V / 48V

Load Capacity (lbs):
3,000 / 3,500 / 4,000
5,000* / 6,000 / 8,000

**BX Series
Pneumatic Tire Models**
48V

Load Capacity (lbs):
3,000* / 3,500* / 4,000* / 5,000*

**RPX Series
Walkie/Rider Pallet Trucks**
24V

Load Capacity (lbs): 6,000 / 8,000
The RPX offers the largest end platform in its class, with a cushioned pad for operator comfort.

**QX Series
Solid Pneumatic Tire Models**
80V

Load Capacity (lbs): 4,000 / 5,000* / 6,000

**WLX Series
Walkie Pallet Truck**
24V

Load Capacity (lbs): 4,500
Best-in-class turning radius, lifts faster and higher than competitive models.

**WPX Series
Walkie Pallet Trucks**
24V

Load Capacity (lbs): 6,000 / 8,000

**SPX Series
Walkie/Rider Center Control Pallet Trucks**
24V

Load Capacity (lbs): 6,000 / 8,000

Includes exclusive articulated frame with 5-point contact for smooth transitions over dock plates and uneven floors. Available with single, double or triple length forks.

**TX 3-Wheel Series
Cushion Tire Models**
36V / 48V

Load Capacity (lbs): 3,000 / 3,500 / 4,000

**TGX Series
Tow Tractor (Tugger)**
24V

Rolling Load Capacity (lbs): 10,000

**SCX Series
Stand Up Models**
36V

Load Capacity (lbs): 3,000* / 3,500 / 4,000

SRX Series Reach Truck Models
36V

Single Reach
Load Capacity (lbs): 3,500 / 4,500*

Double Deep Reach
Load Capacity (lbs): 3,000*

*Models offered with larger battery compartment for extended run time.

*Shorter wheelbase model available for tighter turning and greater maneuverability.

Battery Powered

Less Maintenance. Increased Productivity.

WCX Series
Walkie Counterbalance Stackers
 24V
 Load Capacity (lbs): 3,000 / 4,000

WSX Series
Walkie Straddle Stackers
 24V
 Load Capacity (lbs): 3,000 / 4,000

OP Series
Order Picker
 24V
 Load Capacity (lbs): 2,200
 Ergolift design features secondary mast to ensure pallet is always at the right picking height to eliminate bending and help prevent back strain for increased productivity.

Get more uptime, less maintenance, lower operating costs and amazing reliability from the brushless AC motors that power UniCarriers battery powered forklifts. Within our lineup, you'll find advanced features like on-board diagnostics and thermal protection that drive down costs as they drive up productivity.

WLX / RPX / WPX / SPX / TGX

Our lineup of pallet trucks and tow tractors are designed for optimal performance in **wet and cold applications**. Push design lift linkage and solid steel tie rods used in our lineup of pallet trucks never extend beyond the fork plane, keeping maintenance costs low.

BX / TX / QX

The UniCarriers AC TECH motor and controller system delivers greater productivity through faster acceleration, lift and tilt speeds — and is **an exclusive feature** of our counterbalanced Class I lift trucks. All UniCarriers sit-down rider forklifts are complete with full-suspension seats, 5-mode regenerative braking, customizable performance settings, quiet on-demand power steering and auto-power off.

Economy, versatility and performance — they're all standard on UniCarriers battery powered forklifts.

NEVER QUIT ADVANCING

You can't remain idle in the material handling business. Neither can we. That's why all of our people, technology and investments are focused on advancing the reliability, productivity and economy of UniCarriers brand forklifts.

As a result, we've created a whole new category of forklifts with The Nomad, still the only forklift on the market designed for indoor and outdoor operations. We've introduced new features that add value, improve performance, lower costs and set the standard for uptime reliability—and that you won't find on any other forklift brand. We build each forklift with meticulous care to exacting standards, and we back them up with a world-class dealer network and the best standard, limited warranty in the business*.

We **Never Quit** advancing forklift reliability, performance and value, or the support we provide to our customers.

*Available on Class I, IV and V products. Contact your local authorized dealer for specific details, limitations and exclusions.
