AND PERSONAL CARE PRODUCTS  
FOR YOU AND YOUR FAMILY

## OUR STORY

At NutriBiotic®, we are committed to helping individuals achieve healthier, happier lives by providing innovative, high quality nutritional supplements and personal care products.

Our founding principle that everyone deserves good health, along with the research and recommendations of two-time Nobel Laureate Linus Pauling, PhD, inspired us to produce vitamin C products in both pure and buffered forms. Keeping in mind vitamin C is fundamental to the body and realizing individuals have varying needs dependent on diet, health, and sensitivities, we developed an array of vitamin Cs to fulfill individuals' nutritional requirements.

We also discovered there was a need for premium, plant-based protein for food sensitive individuals, so we introduced a variety of naturally flavored, as well as unflavored, rice protein powders. Our Rice Protein is gluten free, GMO free, and produced without chemicals, pesticides, herbicides, and PCBs.

We later pioneered the use of grapefruit seed extract (GSE), derived from the seed and pulp of grapefruit. GSE is vegan, gluten free, and made without GMOs. You will find GSE in many of our formulas, including dietary supplements and body care.

We are pleased to continue developing an ever-expanding range of quality, cruelty free formulas, created with the intent of supporting your health. We use top-of-the-line raw materials and packaging to ensure freshness and stability. In addition, we are proud to offer a 100% guarantee on our products.

NutriBiotic is a GMP (Good Manufacturing Practices) compliant manufacturer, and we follow a multitude of GMP and astringent quality assurance controls. Our careful attention to detail assures our customers that each and every product is produced correctly, batch after batch.

For 37 years and through our constant dedication to deliver quality products, we have gained the respect and trust of thousands of natural food stores, health practitioners, and consumers.

# RICE PROTEIN

**Boost your nutrition and energy with these wholesome, protein rich powders!**

**Gluten free • Made without GMOs • Chemical free processing**

**Low temperature processing — prevents denaturing of the amino acids**

## Original Rice Protein

- Raw
- Gluten & GMO free
- 80% protein content\*
- Made without pesticides, herbicides, PCBs & preservatives

Our Rice Protein is a high quality, low carbohydrate, vegan protein powder. This easily digestible protein provides an extensive array of naturally occurring amino acids, the building blocks of protein. Our Rice Protein is produced by means of a unique enzyme process. A proprietary blend of organic plant enzymes is used to separate the fiber and carbohydrates from the protein portion of the whole grain, sprouted brown rice. Low temperatures used during processing prevent denaturing of the amino acids. NO CHEMICALS are used at any time.

Make a drink, sprinkle on cereal or yogurt, or add to your favorite recipes to boost the protein content without adding fat or a lot of calories!

# COCONUT OIL SOAP

Simple • Pure • Responsible

Made with certified organic coconut oil, unrefined & non-GMO

Certified Organic  
by CCOF

## Coconut Oil Soap

- No refined or bleached coconut
- Sustainable • Biodegradable • Vegan
- Made without preservatives, parabens & sulfates

Our Coconut Oil Soap is sourced from sustainable, certified organic coconuts. The coconuts are processed without chemicals to extract pure, virgin coconut oil. The coconut oil is then organically saponified with alkali per the National Organic Program, producing a soap of fatty acids and glycerin. This soap is blended with citric acid for pH stability and packaged in a protective #2 HDPE container for easy use and recycling. Provides a great cleansing lather. Essential oils are added to the scented formulas for a variety of wonderfully refreshing aromas!

## Ascorbic Acid with Bioflavonoids, Crystalline Powder

- **Pharmaceutical grade**
- **Vegan**
- **pH\* 3.1**

Delivers 100% pharmaceutical grade vitamin C and bioflavonoids from lemon. Vitamin C is often found in nature accompanied by bioflavonoids, a group of water-soluble plant pigments. Bioflavonoids work synergistically with vitamin C to help support the body's health. Each serving supplies 4000 mg of vitamin C and 1000 mg of lemon bioflavonoid complex.

**INGREDIENTS:** L-ascorbic acid USP-FCC† (C<sub>6</sub>H<sub>8</sub>O<sub>6</sub>) and lemon bioflavonoid complex-50 USP†. Made without milk, soy, egg, yeast, wheat, rose hips, animal products, fillers, excipients, lubricants, binders, starch, colorings, flavorings, and preservatives.

**Our Promise and Guarantee:** We use only 100% pure pharmaceutical grade L-ascorbic acid USP-FCC† (C<sub>6</sub>H<sub>8</sub>O<sub>6</sub>), which contains no corn residue, plant antigens, or protein impurities.

## VITAMIN C

### Ascorbate Bio-C, Crystalline Powder

- With Bioflavonoids & Minerals
- Buffered
- Vegan
- pH\* 5.8

An effervescent powder delivering vitamin C, bioflavonoids from lemon, and an array of highly bioavailable minerals in a readily soluble form. Vitamin C is often found in nature accompanied by minerals and bioflavonoids, a group of water-soluble plant pigments. Bioflavonoids work synergistically with vitamin C and various minerals to help support the body's health.

When Ascorbate Bio-C is added to a liquid, the vitamin C and minerals react to create carbonation (effervescence) to form mineral ascorbates. In ascorbate form, minerals buffer the acidity of vitamin C. The end result is a buffered vitamin C in liquid form, providing easy-to-assimilate minerals, as ascorbates, with the industry's most potent 50% bioflavonoid extract.

Each serving supplies 1500 mg of vitamin C, 250 mg of lemon bioflavonoid complex, 150 mg of calcium, 75 mg of magnesium, 50 mg of potassium, 1 mg of zinc, 500 mcg of manganese, 12 mcg of chromium, and 12 mcg of selenium.

**INGREDIENTS:** L-ascorbic acid USP-FCC<sup>†</sup> (C<sub>6</sub>H<sub>8</sub>O<sub>6</sub>), calcium carbonate-USP<sup>†</sup>, lemon bioflavonoid complex 50-USP<sup>†</sup>, magnesium carbonate-USP<sup>†</sup>, potassium bicarbonate-USP<sup>†</sup>, zinc sulfate-USP<sup>†</sup>, manganese gluconate-USP<sup>†</sup>, selenium amino acid chelate, and chromium amino acid chelate. Made without milk, soy, egg, yeast, wheat, rose hips, animal products, fillers, excipients, lubricants, binders, starch, colorings, flavorings, and preservatives.

**Our Promise and Guarantee:** We use only 100% pure pharmaceutical grade L-ascorbic acid USP-FCC<sup>†</sup> (C<sub>6</sub>H<sub>8</sub>O<sub>6</sub>), which contains no corn residue, plant antigens, or protein impurities.

## Calcium Ascorbate, Crystalline Powder

- **Pharmaceutical grade**
- **Our most alkaline form of vitamin C**
- **Buffered • pH\* 7.3 • Vegan**

A fully reacted, buffered compound combining vitamin C and calcium in a highly soluble form. Vitamin C and calcium are both essential nutrients that help support the body's health. This is our most alkaline (buffered) form of vitamin C. Helpful for those bothered by more acidic forms or people desiring a calcium boost from their vitamin C. Each serving supplies 2245 mg of vitamin C and 255 mg of calcium.

**INGREDIENTS:** Calcium ascorbate USP-FCC<sup>†</sup> (C<sub>12</sub>H<sub>14</sub>CaO<sub>12</sub>). Made without milk, soy, egg, yeast, wheat, rose hips, animal products, fillers, excipients, lubricants, binders, starch, colorings, flavorings, and preservatives.

**Our Promise and Guarantee:** We use only 100% pure pharmaceutical grade calcium ascorbate (USP-FCC<sup>†</sup>), which contains no corn residue, plant antigens, or protein impurities.

## Sodium Ascorbate, Crystalline Powder

- **Pharmaceutical grade**
- **Buffered • pH\* 7.1 • Vegan**

A non-bitter, non-acidic, fully reacted, buffered compound combining vitamin C and sodium in a highly soluble form. Manufactured by dissolving pharmaceutical grade vitamin C with sodium hydrogen carbonate mined from the earth. Vitamin C and sodium are both essential nutrients that help support the body's health. The sodium in this product differs from common table salt in that it is not combined with chloride. Each serving supplies 1112 mg of vitamin C and 137 mg of sodium.

**INGREDIENTS:** Sodium ascorbate USP-FCC<sup>†</sup> (C<sub>6</sub>H<sub>7</sub>NaO<sub>6</sub>). Made without milk, soy, egg, yeast, wheat, rose hips, animal products, fillers, excipients, lubricants, binders, starch, colorings, flavorings, and preservatives.

**Our Promise and Guarantee:** We use only 100% pure pharmaceutical grade sodium ascorbate USP-FCC<sup>†</sup> (C<sub>6</sub>H<sub>7</sub>NaO<sub>6</sub>), which contains no corn residue, plant antigens, or protein impurities.

## Hypo-Aller C, Crystalline Powder

- Buffered with calcium, magnesium, potassium & zinc
- Vegan
- pH\* 6.8

An effervescent powder delivering 1300 mg of vitamin C in combination with an array of highly bioavailable minerals (175 mg of calcium, 175 mg of magnesium, 50 mg of potassium, and 3 mg of zinc) in a readily soluble form. When Hypo-Aller C is added to a liquid, the vitamin C and minerals react to create carbonation (effervescence) to form mineral ascorbates. The mineral ascorbates formed are buffered and, therefore, less acidic.

INGREDIENTS: L-ascorbic acid USP-FCC<sup>†</sup> (C<sub>6</sub>H<sub>8</sub>O<sub>6</sub>), magnesium carbonate-USP<sup>†</sup>, calcium carbonate-USP<sup>†</sup>, potassium bicarbonate-USP<sup>†</sup>, and zinc sulfate-USP<sup>†</sup>. Made without milk, soy, egg, yeast, wheat, rose hips, animal products, fillers, excipients, lubricants, binders, starch, colorings, flavorings, and preservatives.

Our Promise and Guarantee: We use only 100% pure pharmaceutical grade L-ascorbic acid USP-FCC<sup>†</sup> (C<sub>6</sub>H<sub>8</sub>O<sub>6</sub>), which contains no corn residue, plant antigens, or protein impurities.

## Buffered Vitamin C, 500 mg Capsules

- Buffered with calcium, magnesium, potassium & zinc
- pH\* 6.8

Delivers 500 mg vitamin C in combination with an array of highly bioavailable minerals (65 mg of calcium, 65 mg of magnesium, 19 mg of potassium, and 1 mg of zinc) in a readily soluble form. The minerals (mined from the earth) in this formula are blended with 100% pharmaceutical grade vitamin C, forming mineral ascorbates which are buffered and, therefore, less acidic. These capsules provide vitamin C and minerals in a pure, pre-measured form. These potent, water-soluble nutrients are encapsulated to be convenient, easy-to-swallow, and rapidly dissolving. Capsule contents may be emptied into food or beverages if desired.

INGREDIENTS: L-ascorbic acid USP-FCC<sup>†</sup> (C<sub>6</sub>H<sub>8</sub>O<sub>6</sub>), calcium carbonate-USP<sup>†</sup>, magnesium carbonate-USP<sup>†</sup>, potassium gluconate-USP<sup>†</sup>, zinc sulfate-USP<sup>†</sup>, gelatin (capsules), and magnesium stearate (vegetable lubricant). Made without milk, soy, egg, yeast, wheat, rose hips, animal products, fillers, binders, starch, colorings, flavorings, and preservatives.

Our Promise and Guarantee: We use only 100% pure pharmaceutical grade L-ascorbic acid USP-FCC<sup>†</sup> (C<sub>6</sub>H<sub>8</sub>O<sub>6</sub>), which contains no corn residue, plant antigens, or protein impurities.

## Meta-C®

- Buffered vitamin C with biologically active metabolites
- Rapid absorption

A unique, buffered vitamin C that is water-processed at low temperatures with calcium, resulting in high solubility and bioavailability with an alkaline pH similar to blood. The processing conjugates vitamin C with an array of biologically active metabolites in a buffered form as a fully reacted ascorbate of calcium. This calcium ascorbate is then reacted with spirulina (blue-green algae) creating an advanced food-bound nutrient system providing all the properties found in concentrated whole foods such as, protein, lipids, glycoproteins, lipoproteins, nucleoproteins (RNA/DNA), complex carbohydrates, phytopigments, flavonoids, fatty acids, enzymes, co-enzymes, trace elements, and fiber.

### Meta-C®, 500 mg Capsules

- Contains bioflavonoids
- Buffered
- pH\* 6.2

Vitamin C is often found in nature accompanied by bioflavonoids. Meta-C Capsules offer the added benefits of bioflavonoids from lemon. Each capsule contains 500 mg of vitamin C, 200 mg of lemon bioflavonoid complex, 155 mg of spirulina, 64 mg of calcium, and 56 mg of biologically active metabolites and dehydroascorbic acid.

INGREDIENTS: Meta-C® calcium ascorbate, lemon bioflavonoid complex, magnesium stearate (vegetable lubricant), silicon dioxide (flowing agent), and gelatin (capsules). Made without milk, soy, egg, yeast, wheat, rose hips, fillers, binders, starch, colorings, flavorings, and preservatives.

AVAILABLE IN: 100 capsules Item 0180 UPC 7-28177-00180-3

### Meta-C®, 1000 mg Tablets

- Buffered
- Vegan
- pH\* 7.2

Each tablet supplies 1000 mg of vitamin C, 310 mg of spirulina, 128 mg of calcium, and 112 mg of biologically active metabolites and dehydroascorbic acid.

INGREDIENTS: Meta-C® calcium ascorbate, vegetable cellulose, magnesium stearate (vegetable lubricant), silicon dioxide (flowing agent), and vegetable glaze coating. Made without milk, soy, egg, yeast, wheat, rose hips, animal products, fillers, starch, colorings, flavorings, and preservatives.

### Meta-C®, Powder

- Buffered • pH\* 7.2 • Vegan

Each serving supplies 1520 mg of vitamin C, 470 mg of spirulina, 195 mg of calcium, and 170 mg of biologically active metabolites and dehydroascorbic acid.

INGREDIENTS: Meta-C® calcium ascorbate. Made without milk, soy, egg, yeast, wheat, rose hips, animal products, fillers, lubricants, binders, starch, colorings, flavorings, and preservatives.

AVAILABLE IN: 8 oz. Item 0190 UPC 7-28177-00190-2

## Electro-C

- Effervescent vitamin C and electrolyte powder
- Buffered • pH\* 6.0 • Vegan

An effervescent, vitamin C and electrolyte powder delivering 950 mg of vitamin C and highly bioavailable electrolyte minerals (62 mg of calcium, 31 mg of magnesium, 11 mg of chloride, 10 mg of potassium, 5 mg of sodium, and 1 mg of zinc) per serving in a readily soluble form.† Vitamin C is an essential nutrient that cannot be produced by the body. Electrolyte minerals are utilized (through use) and lost (through sweating). Therefore, vitamin C and electrolytes must be replenished. When mixed with water, Electro-C is a fresh, tart, sparkling, naturally flavored, non-caloric drink.

Our Promise and Guarantee: We use only 100% pure pharmaceutical grade L-ascorbic acid (USP-FCC<sup>‡</sup>), which contains no corn residue, plant antigens, or protein impurities.

### Electro-C, Cherry

INGREDIENTS: L-ascorbic acid USP-FCC<sup>‡</sup> (C<sub>6</sub>H<sub>8</sub>O<sub>6</sub>), calcium carbonate-USP<sup>†</sup>, magnesium carbonate-USP<sup>†</sup>, potassium bicarbonate-USP<sup>†</sup>, natural cherry flavor, sodium chloride-USP<sup>†</sup>, stevia, and zinc sulfate-USP<sup>†</sup>. Made without milk, soy, egg, yeast, wheat, rose hips, animal products, fillers, lubricants, binders, starch, colorings, and preservatives.

## VITAMINS & MINERALS

### Essential Electrolytes

- **Helps increase performance & promotes faster recovery<sup>§</sup>**
- **Helps promote muscle function<sup>§</sup>**
- **Gluten free**
- **Vegan**
- **Made without GMOs**

Designed to help provide your system with essential electrolytes to help promote electrical impulse function when taken prior to light athletic activity.<sup>§</sup> When taken after these activities, Essential Electrolytes help restore lost (through sweating) and utilized (through use) electrolytes helping promote a quicker recovery.<sup>§</sup> Essential Electrolytes combine 100 mg of vitamin C with electrolytes (calcium, magnesium, potassium, sodium, chloride, zinc, and chromium).

INGREDIENTS: L-ascorbic acid USP-FCC<sup>†</sup>, sodium chloride, potassium gluconate, calcium carbonate, magnesium carbonate, zinc sulfate, chromium nicotinate, magnesium stearate (vegetable lubricant), and vegan capsules. Made without milk, soy, egg, yeast, wheat, rose hips, animal products, fillers, binders, starch, colorings, flavorings, and preservatives.

AVAILABLE IN: 100 capsules Item 0560 UPC 7-28177-00560-3

### Calcium Magnesium

- **Easily digestible & absorbable**
- **Gluten free**
- **Made without GMOs**

These capsules are comprised of calcium and magnesium derived from their naturally occurring compounds. The calcium and magnesium are bound with citric acid and aspartic acid. This dual citrate-aspartate complex is then bound with predigested rice protein.

INGREDIENTS: Calcium amino acid chelate, magnesium amino acid chelate, calcium hydroxide, magnesium oxide, gelatin (capsules), and magnesium stearate (vegetable lubricant). Made without milk, soy, egg, yeast, wheat, rose hips, fillers, binders, starch, colorings, flavorings, and preservatives.

## VITAMINS & MINERALS

### Multi-Mineral

- With boron, chromium & trace minerals
- Highly absorbable
- Gluten free • Made without GMOs

A highly comprehensive formula containing major minerals and trace minerals plus boron and chromium, all in an easily absorbable form.

INGREDIENTS: Calcium hydroxide, calcium citrate, magnesium oxide, potassium aspartate, magnesium citrate, zinc citrate, iron glycinate, magnesium stearate (vegetable lubricant), boron citrate/aspartate/glycinate, manganese citrate, chromium amino acid chelate, copper citrate, molybdenum amino acid chelate, 72 trace minerals (from montmorillonite), vanadyl sulfate, L-selenomethionine, potassium iodide, and gelatin (capsules). Made without milk, soy, egg, yeast, corn, wheat, fillers, binders, starch, colorings, flavorings, and preservatives.

AVAILABLE IN: 100 capsules Item 0640 UPC 7-28177-00640-2

### Hypoallergenic Multiple

- Vitamins & minerals in a base of chlorella
- High potency
- Pharmaceutical grade
- Highly absorbable
- pH 6.1\*
- Gluten free • Made without GMOs

A balanced blend of the purest bionutrients available. Each ingredient has been carefully selected for high bioavailability and absorbability, including:

- 17 pure pharmaceutical grade USP-FCC<sup>1</sup> vitamins, all highly soluble and completely assimilable
- 9 fully reacted (chelated) minerals are completely bonded with citrates and aspartates. This chelated mineral structure is then bound to a rice protein complex.
- 72 pure trace minerals derived from ocean source montmorillonite
- 24 free form amino acids for added assimilation and nourishment
- In a synergistic base of chlorella, a highly nutritive, fresh water phytoplankton

INGREDIENTS: L-ascorbic acid USP-FCC<sup>1</sup>, dl-alpha-tocopheryl acetate (vitamin E), calcium amino acid chelate, calcium carbonate, zinc amino acid chelate, magnesium oxide, calcium hydroxide, calcium pantothenate, magnesium amino acid chelate, glucono delta lactone, iron amino acid chelate, potassium chloride, manganese citrate, thiamine HCl, pyridoxine HCl, riboflavin, niacin, para-amino benzoic acid (PABA), inositol, choline bitartrate, molybdenum amino acid chelate, vanadium amino acid chelate, beta-carotene, copper amino acid chelate, vitamin A palmitate, cyanocobalamin, L-selenomethionine, pyridoxal-5 phosphate, vanillin, chromium amino acid chelate, ergocalciferol, biotin, magnesium trisilicate, and folic acid in a chlorella base containing 72 trace minerals (from montmorillonite) and 24 free form amino acids; gelatin (capsules); and magnesium stearate (vegetable lubricant). Made without milk, soy, egg, yeast, wheat, rose hips, fillers, binders, starch, colorings, and preservatives. Completely vegan formula except for the capsule.

## CHLORELLA & SLEEP AID

### Chlorella, 500 mg

- Broken cell wall microalgae
- Highly digestible
- Vegan
- **Gluten free • Made without GMOs**

Our Chlorella is aqua-cultivated to be the cleanest and purest microalgae product available! This ancient, single-celled, super green plant is grown under the strictest, controlled conditions without the use of herbicides, pesticides, or toxic chemicals. Chlorella's tough protective cell wall is broken by special low temperature processing, making over 90% of the vital nutrients easily digestible and bioavailable. Chlorella is one of nature's best food sources for chlorophyll. This microalgae also provides a wide range of vitamins, minerals, and trace elements.

INGREDIENTS: Chlorella and natural food glaze coating. Made without milk, soy, corn, egg, yeast, wheat, animal products, fillers, excipients, lubricants, binders, starch, colorings, flavorings, and preservatives.
