

A Family Business Since 1971

Product Catalogue

www.coventryfencing.com

Coventry for Fencing is a family business and was formed by Alistair Coventry in 1971 in his home town of Auchterarder in Perthshire.

The initial aim of the company was to give local farmers and fencing contractors the opportunity to purchase timber and wire fencing at competitive prices. Quickly becoming established, Coventry for Fencing built a reputation for excellent customer service and for always having an impressive range of products in stock.

From its strong agricultural base, demand grew and to enable Coventry for Fencing to successfully service Scotland, new depots were opened in Carstairs and Doune which also houses a commercial sawmill.

Both depots now offer a range of garden furniture and fencing products for the domestic, agricultural and industrial sectors. Depots also offer Coventry's extensive range of ironmongery products.

The company has grown steadily over the years, but continues to offer customers a personal service and expert advice on all types of fencing. Additional services have been added such as a supply and erection service and an impressive delivery service covering the whole of Scotland and the North of England.

Alistair's son Ross now runs the company but the next generation is already showing an interest in this proud family business.

We deliver throughout SCOTLAND and the NORTH of ENGLAND

DuraPost®

BY FENCEMATE

FENCE POSTS BUILT TO LAST

Designed by industry experts and trusted by homeowners and professionals

DuraPost is a great alternative to a timber or concrete fence posts. Built from galvanised steel, it's lighter while offering both durability and strength. It has been designed to work with virtually all types of fence panels and boards.

RELIABLE

Quality and peace of mind is important to us. It's why we have tested DuraPost in winds of up to 110mph and offer up to a 25-year guarantee*. We're confident they can stand up to the task.

VERSATILE

DuraPosts work with virtually any type of fencing, so you can tailor a solution to suit you and your garden.

Details matter: Colour matched screws are available to purchase separately.

HASSLE FREE

DuraPosts are easy to fit, taking roughly half the time to fit than some traditional fence posts. They're maintenance-free too.

STRONG AND SECURE

DuraPost's pre-drilled holes mean fence panels can be securely fixed, unlike concrete posts that allow panels to be lifted up and out.

*For guarantee details visit www.durapost.co.uk

HD DECK® DUAL

A Composite Prime Product

HD Deck® Dual is our most natural looking wood plastic composite deck. With its 'capped' design creating a protective layer that offers **maximum protection** against stains and the elements for an extra long life. HD Deck® Dual takes composite decking to the next level.

HD Deck® Dual is made from **FSC® 100% hardwood flour** and **recycled plastic** which combine to produce a high quality finished product that outperforms traditional treated timber.

Low Maintenance & Long Life

- Will not rot or decay
- Will not warp, bend or splinter
- Requires no staining, treating or painting

Socially Responsible & Friendly to the Environment

- FSC® 100% certified timber
- Recycled plastics
- Over 280 plastic milk bottles used per square metre

Safe & Child Friendly

- Barefoot safe
- Slip resistant
- Free from hazardous substances

NBS Plus
