

dōTERRA[®]

Product Guide | *Spring 2022*

Changing the world one drop, one person, one community at a time

dōTERRA Meaning “Gift of the Earth”

In 2008, a group of healthcare and business professionals came together with a common vision of sharing the power of pure essential oils with the world. Each understood that essential oils—when properly sourced from optimal regions and thoroughly tested for the highest levels of purity and potency—are the Earth’s gift to humanity. With this gift comes great responsibility to respect the power of each element, the expertise of each grower, and the potential of each contributing community.

dōTERRA focuses on maintaining the highest levels of purity and sustainability as it partners with local growers around the world through Cō-Impact Sourcing®. This unique model implements long-term, mutually beneficial supplier partnerships where skilled rural farmers oversee plants and growing environments. In return, dōTERRA provides jobs with fair payments, leading to stronger local economies and healthier, stable supply chains.

Each dōTERRA essential oil passes through rigorous CPTG Certified Pure Tested Grade® testing guided by cutting-edge advancements in essential oil research and testing implementation. dōTERRA benefits from the ever-increasing knowledge and expertise of a Medical Advisory Board made up of global consultants in chemistry, microbiology, botany, research science, physiology, and nutritional science.

Since the beginning, independent Wellness Advocates have shared the life-enhancing benefits of dōTERRA CPTG® essential oils with millions of customers throughout the world.

dōTERRA has emerged as a global integrative health and wellness company and the world’s largest essential oil company.* By partnering with respected medical professionals and world-renowned research partners, dōTERRA is revolutionizing healthcare by integrating conventional medical professionals with alternative approaches to address individualized health and wellness.

To ensure that dōTERRA never forgets the sacredness of this gift, the dōTERRA Healing Hands Foundation® offers resources and tools to global sourcing communities and charitable organizations for self-reliance, healthcare, education, and sanitation, and for the fight against human trafficking.

We respectfully offer this “gift of the Earth” to you and your family.

* Verified global market leader in the Global Aromatherapy and Essential Oils market.

What Are Essential Oils?

Essential oils are natural aromatic compounds found in the seeds, bark, stems, roots, flowers, and other parts of plants. They can be both beautifully and powerfully fragrant. If you have ever enjoyed the gift of a rose, a walk by a field of lavender, or the smell of freshly cut mint, you have experienced the aromatic qualities of essential oils. Essential oils elicit powerful responses, yet the use of essential oils goes well beyond their fragrant appeal.

Essential oils have been used throughout history in many cultures for their health-promoting properties. Modern trends toward more holistic approaches to self care and growing scientific validation of alternative health practices are driving a rediscovery of the profound health benefits of essential oils. Many have powerful cleansing properties. Their unique chemical structure allows them to deliver targeted benefits through topical application. Certain oils may be used as dietary aids to promote vitality and well-being.

Extraction Methods

Essential oils are most often extracted via a steam distillation process in which steam is circulated under pressure through plant material, liberating the essential oils into the steam. As the steam mixture cools, the water and oils are separated and the oil is collected in its pure form. To ensure the highest quality oil extract of correct chemical composition, temperature and pressure must be monitored very closely. Too little heat and pressure will not release the valuable oil; too much can fracture the oil's delicate chemical composition and alter its potency.

In addition to using proper distillation methods, creating a quality CPTG® essential oil requires the meticulous selection of the correct plant species and plant parts, harvested at the perfect moment when their aromatic compounds are most concentrated. This complex process is as much an art form as it is a science and requires experienced growers and distillers working together to ensure a superior product.

CPTG Certified Pure Tested Grade®

dōTERRA® CPTG Certified Pure Tested Grade® essential oils are pure, natural, aromatic compounds carefully extracted from plants. They do not contain fillers or artificial ingredients that would dilute their active qualities and are free of contaminants or other chemical residues.

As important as it is to keep contaminants out of our oils, assuring the presence of the oils' active compounds at the right levels is necessary to guarantee safety and effectiveness. Many oils claim to be natural and some may be pure—but few are subjected to rigorous testing standards for chemical composition. dōTERRA CPTG Certified Pure Tested Grade essential oils are cross tested using Mass Spectrometry and Gas Chromatography to ensure both the purity and compositional potency of each batch.

dōTERRA works closely with a global network of leading essential oil chemists and growers to select botanicals of the correct species, grown in ideal environments, and carefully harvested at the right time. The aromatic compounds of the plants are skillfully extracted by experienced distillers and subjected to chemical analysis to ensure purity and composition. dōTERRA CPTG Certified Pure Tested Grade essential oils represent the safest and most beneficial oils available in the world today.

Equally stringent standards of safety and efficacy are applied to all dōTERRA Essential Wellness products. Guided by our Medical Advisory Board, dōTERRA uses only top development and manufacturing partners who maintain Good Manufacturing Practice (GMP) certification and enjoy industry reputation for superior innovation and quality. Each dōTERRA product is guaranteed to exceed customer satisfaction and performance expectations.

Essential Oil Uses

Essential oils are used for a very wide range of applications. They can be used individually or in complex blends depending on user experience and desired benefit. Essential oils are usually administered by one of three methods: diffused aromatically, applied topically to the skin, or taken internally as dietary supplements. Using essential oils can be both profoundly simple and life changing at the same time. Working with someone who has used essential oils before will help first-time users have a more beneficial and enjoyable experience.

Essential oils are naturally safe and have few, if any, undesirable side effects when used as directed. They are, however, powerfully concentrated and should be used with care. Be sure to use only pure essential oils and follow all label warnings and instructions. Essential oils should never be used in the eyes or inside the ear canal. If redness or irritation occurs when using essential oils topically, apply a vegetable oil such as Fractionated Coconut Oil to the affected area—water will not dilute essential oils. Consult your physician before using essential oils if you are pregnant or under a doctor's care.

Look for the following symbols by the essential oil product descriptions in this product guide to help you with your oil selection. (Use instructions and appropriate cautions are included on individual essential oil labels.)

Application Methods

- A** Can be used **aromatically**
- T** Can be used **topically**
- I** Can be used **internally**
- H** Can be used for **home care**

Sensitive Skin

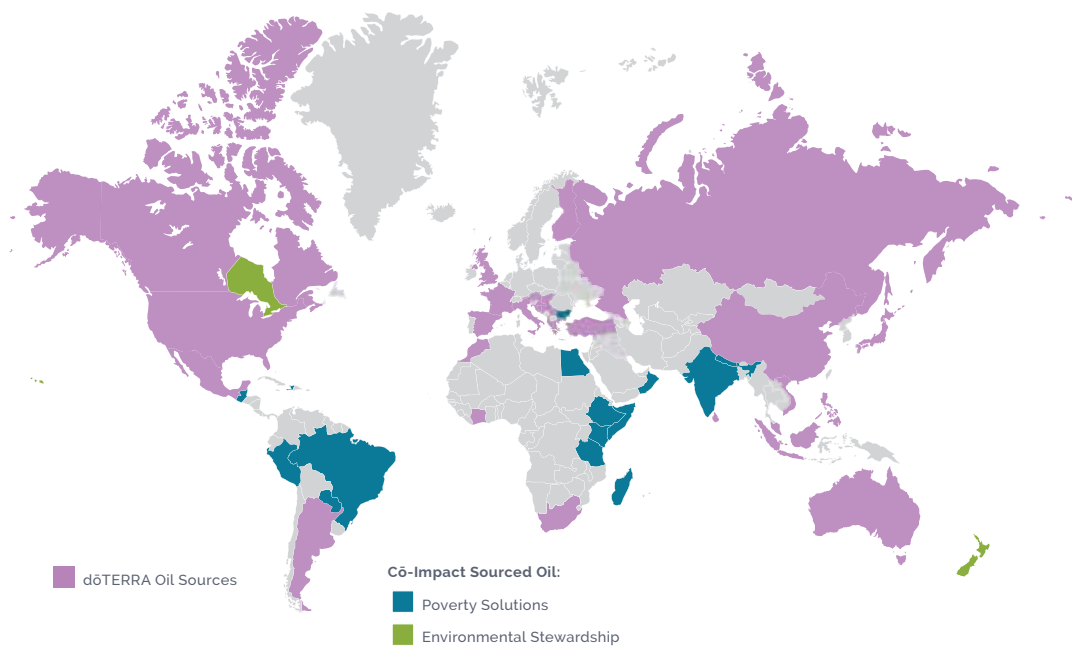

- N** Can be used with no dilution (**neat**)
- S** Dilute for young or sensitive skin (**sensitive**)
- D** Dilute before using topically (**dilute**)

Please note, some products can be used in multiple ways. Statements with asterisks refer to internal use of products.

The dōTERRA® network of botanical growers and distillers spans the globe from Italy to Madagascar, Argentina to New Zealand. Only the purest and most potent essential oils meet our strict CPTG Certified Pure Tested Grade® standards. Accept nothing less from your wellness professional or for your family.

As dōTERRA searches the world for sources of the highest quality oils, we are also committed to building relationships that last and benefit our growers. We accomplish this by adhering to our Sourcing Guiding Principles.

Over half of the countries that dōTERRA sources its more than 130 oils from are considered developing countries. Through Cō-Impact Sourcing®, dōTERRA is lifting communities in these areas out of poverty and disadvantage by providing long-term, mutually beneficial supplier partnerships with sustainable jobs and reliable income.

Where to Begin

Using essential oils is intuitively simple and highly satisfying. However, the many oils available, with their numberless combinations and wellness applications, can be a bit overwhelming to beginners. As a simple first step on your journey with essential oils, we recommend a trio of Lavender, Lemon, and Peppermint. Three of our most popular oils, they will provide you and your family a compelling experience with the life-enhancing properties of essential oils.

Yarrow|Pom Collection

The synergy of Yarrow essential oil and cold-pressed Pomegranate seed oil sets the new standard for health, vitality, and radiant skin. Yarrow essential oil and Pomegranate seed oil are the foundation of the dōTERRA Yarrow|Pom collection: Yarrow|Pom Active Botanical Nutritive Duo, Yarrow|Pom Cellular Beauty Complex Capsules, and Yarrow|Pom Body Renewal Serum. The Yarrow|Pom Trio are truly impactful, delivering a powerful three-layered botanical approach to overall wellness. This scientifically developed product line is revolutionary; a fresh approach to beauty inside and out.

"Yarrow|Pom helped my skin when I really needed it. Taking the duo internally and applying it directly to my area of concern combined with other powerful oils, along with the support of my daily oil and supplement routine, I had remarkable results in a short amount of time. The blend has supported me through what could have been a long process."

dōTERRA abode

Your home is an ecosystem. Feeling good about the products you bring into it doesn't have to come with compromises. The dōTERRA abode line features natural ingredients, reusable packaging, and a signature style. Each product has a powerful, plant-based formula free from phosphates, phthalates, dyes, chlorine, and synthetic fragrances. By introducing beautiful refillable bottles and recyclable refill packaging, the line helps you reduce waste while simultaneously elevating the aesthetic of your home. Made for the conscious consumer, abode delivers efficacy, sustainability, and aesthetic value . . . *naturally*.

abode

Refreshing Blend

The signature aromatic blend of the dōTERRA® abode™ home product line contains powerful essential oils with a pleasant aroma that leaves your home smelling clean and feeling refreshed naturally, while keeping your home safe from the harsh chemicals or synthetic fragrances found in traditional air fresheners.

- Keeps your home smelling clean
- Provides a fresh, citrus aroma
- Removes stale smells naturally
- Crafted with Distilled Lime, Litsea, Cassia, Lemon Eucalyptus, Tea Tree, Arborvitae, Kochii Eucalyptus, Cilantro, Lavandin, and Lemon Myrtle

Digestive Health

Lifelong health is very much dependent on digestive health. A properly functioning digestive system is not only essential for food-nutrient absorption, but also performs critical immune and detoxification functions in the body. Compromised digestive function can result in energy deficiencies, weakened immunities, weight gain, and gastrointestinal discomfort. The DigestZen line of digestive health products provides targeted solutions for optimal digestive function and comfort.*

Top Seller
