# ABOUT US & CONTACT

## Welcome to the first ever SIS Product Catalogue

I hope as you peruse this publication you will be pleasantly surprised to see a **wealth of products** that you may have not have previously associated with SIS. Whilst we have always been renowned for the breadth of products we supply to the electrical wholesale, maintenance and installation markets, many people may not realise that we actually supply such a vast range of instrumentation and tools to a whole plethora of associated and alternative trades.

Companies and end users alike can be very brand loyal when it comes to their test equipment. With so many reputable brands on the market, it is virtually impossible to please everybody direct from your stock all of the time. **Our commitment to stocking all the market leading brands in depth**, allows us to offer you an **unrivalled service in supplying the products you require next day and** (for orders received before 3pm) **we can even calibrate your new equipment prior to dispatch**. Operating out of three locations also gives you the opportunity to collect stock direct from either our Norwich, Wimbledon or West Bromwich locations.

**Our three labs now offer a wider range of in-house calibrations than ever before** and with the recent addition of another calibration engineer, we aim to reduce our turnaround times to a bare minimum. For customers requiring immediate calibrations, we can offer you a while-you-wait service on in-house calibrations at any one of our three locations.

Ensuring compliance is now a major factor in operating any large fleet of test equipment and with the recent introduction of our **Customer Portal**, SIS can now offer the ideal solution on managing your assets & certification - for further details & to book a demonstration please don't hesitate to contact us.

**Jason Ball**  
Business Manager

### OUR OFFICES:

#### **Norwich** *(Including credit office)*

Unit C, First Floor  
The Frenbury Estate,  
Hellesdon Park Rd,  
Norwich, Norfolk,  
NR6 5DP  
Telephone: 01603 406 148  
Fax: 01603 406 253  
Email: [norwich@contactsis.co.uk](mailto:norwich@contactsis.co.uk)

#### **London**

6 Deer Park Rd,  
Merton,  
London,  
SW19 3EX  
Telephone: 020 8540 6567  
Fax: 020 8544 0915  
Email: [london@contactsis.co.uk](mailto:london@contactsis.co.uk)

#### **West Bromwich**

Unit A6, Link Industrial Park,  
Great Bridge,  
West Midlands,  
DY4 7BU  
Telephone: 0121 557 6400  
Fax: 0121 557 6409  
Email: [birmingham@contactsis.co.uk](mailto:birmingham@contactsis.co.uk)

**Pricing** All prices are excluding VAT. We make every effort to ensure the Trade prices are correct at the time of print but where a manufacturer increases their trade prices we reserve the right to change prices inline with their Trade price increases. Therefore invoiced prices will be those ruling on day of dispatch. Whilst every care is taken to ensure the accuracy of illustrations, we reserve the right to supply alternative products where necessary. Please note: Fluke trade pricing as of Jan 2020.

Part of UK Test Instruments Ltd, Registered Office: Votec House, Hambridge Lane, Newbury, Berkshire, RG14 5TN. Registered no: 2529960

# YOUR COMPLETE METERING SOLUTION

- **New Equipment Sales:**  
We are one of largest stockists of Fluke in the UK. Order before 3pm for next day delivery via DPD. Not all new equipment comes calibrated but we can calibrate new equipment before dispatch.
- **Competitive Pricing**
- **Market Leading Expert Knowledge**
- **Delivering Exceptional Customer Service**
- **Over 1,700 Products Available NEXT DAY!**
- **No minimum order**
- **Credit Account Facilities Available**
- **Meter Hire:**  
We have a large fleet of hire equipment available on next day delivery.
- **Meter Calibration:**  
At one of our BSI accredited calibration labs.
- **Meter Repairs**
- **Customer Portal:**  
Allows you to view the complete calibration history of every piece of equipment and will also generate calibration certificates on demand - all within a few clicks of a mouse.

**Prove safety and calibration with the PD690SX**

**MARTINDALE ELECTRIC**

# ONE key pressed. FIVE completed tests.

**The Fluke 1664 FC multifunction installation tester with Auto Test. Complete five required installation tests with one connection and one key press.**

**REDUCE ERRORS, SAVE TIME.**

- Line test
- No-trip loop test
- RCD trip current test
- RCD trip time test
- Insulation test (L-PE, L-N, N-PE)

And Auto Test is just the start:

- Insulation PreTest is a patented safety function that prevents damage to accidentally connected appliances.
- Fluke Connect<sup>®</sup>, you can send test results wirelessly via smartphone directly from the field.
- Tests fixed installations to BS7671 17th Edition wiring regulations

**Performing better than ever.  
Redesigned cable assembly.  
Superb reliability in the job.**

**The redesigned Fluke T110, T130 and T150  
Two-Pole Voltage and Continuity Testers  
—our most rugged ever.**

The Fluke two-pole voltage and continuity testers T110, T130 and T150 feature high-quality construction, including a heavy-duty moulded case, a sturdy battery case, durable probe protector and cables designed to significantly exceed standard bending tests.

# WHICH PAT Tester???

**EZYPAT**

Great product flow risk site such as offices.

**EZYPAT PLUS**

Never get caught out – the manual tester that tests all appliances.

**SMARTPAT**

The ultimate downloading PAT testing solution.

These both work manually with the KEWPAT App!

Works remotely with the KEWPAT App!

	<b>EZYPAT</b>	<b>EZYPAT PLUS</b>	<b>SMARTPAT</b>
<b>Why is this for me?</b>	Great choice for low risk sites such as offices. This is a manual tester with automatic test sequences.	The best choice of manual tester as it is able to test any appliance.	The ultimate tester; when used with the free KEWPAT App. This offers more than any other downloading PAT tester; for medium and heavy users.
<b>What features does this have over other standard product features?</b>	Long and short earth continuity tests – essential for extension leads. 250/500V Insulation test – essential for electronic equipment and equipment protected by surge protection. Long battery life – over 1400 tests per set of alkaline batteries.	As the EZYPAT with the added capability of being able to conduct powered on tests so the load and earth leakage can be measured. Unique at this price point this applies to both 110V & 230V appliances	As the EZYPAT PLUS with ability to be controlled remotely by your phone or tablet; making it the superfast option for appliance documenting, testing, recording and reporting. You can even make your own bespoke test sequences. Also tests 10 & 30mA RCDs.
<b>What are the limitations?</b>	Does not conduct powered on / leakage tests – required for appliances with electronic switches.	There are no downloading options. Does not conduct portable RCD tests.	 <p>Which PAT tester is best for me? Video link</p>

**TOP TIP!** – downloading the free KEWPAT APP gives you fast documentation of results, works with all the PAT testers in manual form and, ultimately, as a full downloading option with the SMARTPAT.

**Don't forget to download the FREE KEWPAT App today!**

**SEAWARD**  
ELECTRICAL SAFETY TESTING & MEASURING.

# THE ORIGINAL

A classic, often imitated, never bettered.

In the 10 years since we introduced the **PrimeTest** PAT range, many have tried to replicate its features and usability... well, they do say imitation is the sincerest form of flattery.

# HIGH VOLTAGE

## HV Insulation Testers

## HV Potential Indicators

## Low Resistance Meters

## HV Voltmeters

BRAND	CODE	NAME	TRADE
<b>HV INSULATION TESTERS</b>			
 	P01139705	Chauvin Arnoux CA6550 10kV Insulation Tester	£3,712.00
	P01139704	Chauvin Arnoux CA6505 Digital Megohmmeter	£1,976.00
	P01139701	Chauvin Arnoux CA6545 5000V Megohmmeter	£2,245.00
 	Fluke 1550C	Fluke 1550C 5kV	£3,389.00
	Fluke 1550C/Kit	Fluke 1550C 5kV Kit	£3,736.00
	Fluke 1555	Fluke 1555 10kV Insulation Tester	£3,736.00
	Fluke 1555/Kit	Fluke 1555C 10kV Insulation Resistance Tester Kit	£4,081.00
 	HDE IT-4 220P	HDE IT-4 Insulation Tester	£4,685.00
 	KEW3127	Kewtech KEW3127 High Voltage Insulation Tester	£2,995.00
	KEW3125A	Kewtech KEW3125A 5kV High Voltage Tester	£899.00
 	E3511	Martindale E3511 5kV Insulation Tester	£1,437.00
	E3640	Martindale Metrohm E3640 4kV Flash Tester	£1,699.00

BRAND	CODE	NAME	TRADE
<b>HV INSULATION TESTERS (Continued)</b>			
 	1002-907	Megger MIT1525 15kV Tester	£3,965.00
	1001-943	Megger MIT1025 10kV Diagnostic Tester	£3,575.00
	1001-935	Megger MIT515 5kV Resistance Tester	£2,375.00
	1001-939	Megger MIT525 Diagnostic Tester	£2,910.00
	1003-008	Megger S1-1068 10kV Insulation Tester	£4,480.00
	1002-892	Megger S1-1568 High Accuracy Insulation Resistance Tester	£4,560.00
	1003-017	Megger S1-568 5kV High Performance Diagnostic Insulation Tester	£3,855.00
 	MI3200	Metrel MI3200 10kV Insulation Tester	£1,704.00
	MI3201	Metrel MI3201 5kV TeraOhm Insulation Tester	£1,268.00
	MI3202	Metrel MI3202 5kV GigaOhm Insulation Tester	£1,029.00
<b>HV POTENTIAL INDICATOR</b>			
 	HDE DVI-500	HDE DVI-500 Digital High Voltage Indicator	£1,174.00
	HDE V-Watch	HDE V-Watch Personal Voltage Detector	£268.45
	HDE PRX 500	HDE PRX-500 Proximity High Voltage Detector	£516.00
	HDE LV-5	HDE LV-5 Stray Voltage Detector	£400.00

BRAND	CODE	NAME	TRADE
<b>HV POTENTIAL INDICATOR (Continued)</b>			
	205A910	Seaward HALO Hook 205A910	£1,046.00
	113A916	Seaward KD1E 11kV 113A916	£645.00
	109A910	Seaward KD1E 15D 109A910	£1,512.00
	113A914	Seaward KD1E 19 113A914	£682.00
	113A913	Seaward KD1E 19S 113A913	£682.00
	113A912	Seaward KD1E 22 113A912	£725.00
	113A911	Seaward KD1E 33 113A911	£804.00
	109A911	Seaward KD1E 33D 109A911	£1,591.00
	113A915	Seaward KD1E KAD 113A915	£790.00
	112A913	Seaward PH3 Proving Unit 112A913	£157.00
	113A910	Seaward PR11 113A910	£862.00
	109A912	Seaward PR15D-PH3 109A912	£2,549.00
	109A913	Seaward PR33D-PH3 109A913	£2,892.00
	275A910	Seaward Type L Plus 275A910	£1,090.00
	<b>LOW RESISTANCE OHMMETERS</b>		
	P01143200	Chauvin Arnoux CA6240 Microhmeter	£2,118.00
	P01143221	Chauvin Arnoux CA6255 Microhmeter	£3,604.00
	CO2	Cropico CO2 Clamping Device	£3,509.00
	CO2A	Cropico CO2A Low Resistance Ohmmeter	£6,414.00

**We can CALIBRATE:**

- 2 Pole Tester
- Additional Temperature Probes
- Anemometer (Air flow)
- C.A.T (Cable Avoidance Tool)
- Check Box
- Clamp Meter
- Conductivity Meter
- Digital Thermometer
- Dual Function Tester
- Earth Resistance Tester
- Environmental Meter
- Flash Tester
- Gas Analyser
- Gas Leak Detector
- Genny (Signal generator for C.A.T)
- Infrared Thermometer
- Insulation Continuity Tester
- Insulation Continuity Tester HV
- Laser Distance Meter
- Light Meter (LUX)
- Loop Calibrator
- Loop Tester
- Low Ohmeter (Ductor)
- Manometer 0-7 Bar (Pressure)
- Microwave Leakage Detector
- Multifunction Tester
- Multimeter
- PAT Tester
- Phase Rotation Meter
- Power Analyser
- Power Analyser 3 Phase
- Pressure Calibrators
- Proving Unit
- RCD Tester
- Solar Irradiance Meter
- Sound (Db) Meter
- Tachometer
- Thermal Imaging Camera
- Thermo Hygrometer

### TOP TIP:

## DOWNLOAD THE FREE KEWPAT APP

It gives you **fast documentation of results**, works with all the **PAT testers in manual form** and, ultimately, as a **full downloading option with the SMARTPAT.**

So you have hired a

# POWER LOGGER

## **What are you going to do with the data afterwards?**

After being asked for custom reports in the past we have come up with a **unique solution**

**For just £175.00 (+VAT) SIS can create a detailed report from the collected data to highlight the main findings from your readings.**

They also come with **traffic light visuals** to ensure you are made aware of urgent issues that require immediate attention. This feature also simplifies the data for your customer so they can feel confident in understanding the results.

### **What is a SIS Power Quality Health Check?**

When you hire a power logger it gives you the ability to look at and record energy and power issues. However, when you start to look at the information you may need assistance to understand what the results are telling you.

SIS Power Quality Health Check allows you to send us your data and we will analyse the results and prepare a report for you. We can make recommendations on common problems and advise of solutions.

### **What do I need to do for a SIS Power Quality Health Check?**

Simply set up your meter to record data for one week survey of the electrical installation, email us the file you have recorded and we will do all the analysis of the raw data. We can then send you the report as a PDF file.

### **Do SIS Power Quality Health Checks Work?**

Yes, over the past few years electrical installations and electrical loads have changed and become more complex. Modern electrical installations and electrical equipment can produce harmonic problems and over voltage on site maybe causing higher than expected energy bills and lower life expectancy for equipment.

Identifying areas of concern can help reduce equipment downtime, energy costs and help plan for future expansion and free up spare energy capacity.

Since its conception the SIS Power Quality Health Check has helped numerous companies and contractors to identify power quality problems and investigate quality issues.

# CUSTOMER PORTAL

Here at SIS we realise that managing and ensuring all your test equipment is compliant with Valid calibration certification can be a real pain and time consuming exercise.

Our SIS Customer Portal is the perfect answer, it allows you to view the complete calibration history of every piece of equipment and will also generate calibration certificates on demand, all within a few clicks of a mouse.

## PORTAL ACCESS

The portal is PC, tablet and mobile-compatible so every engineer can have a login and be able to produce the meters history and valid calibration certificates on demand when requested to prove their compliance out on site.

The portal will be updated overnight 5 days a week so the information is as **accurate** as possible.

The portal allows SIS to inform all engineers immediately when there is a manufacturer safety recall on a particular piece of their equipment.

## DASHBOARD

THE DASHBOARD SHOWS:

*Total Instruments Within Calibration*

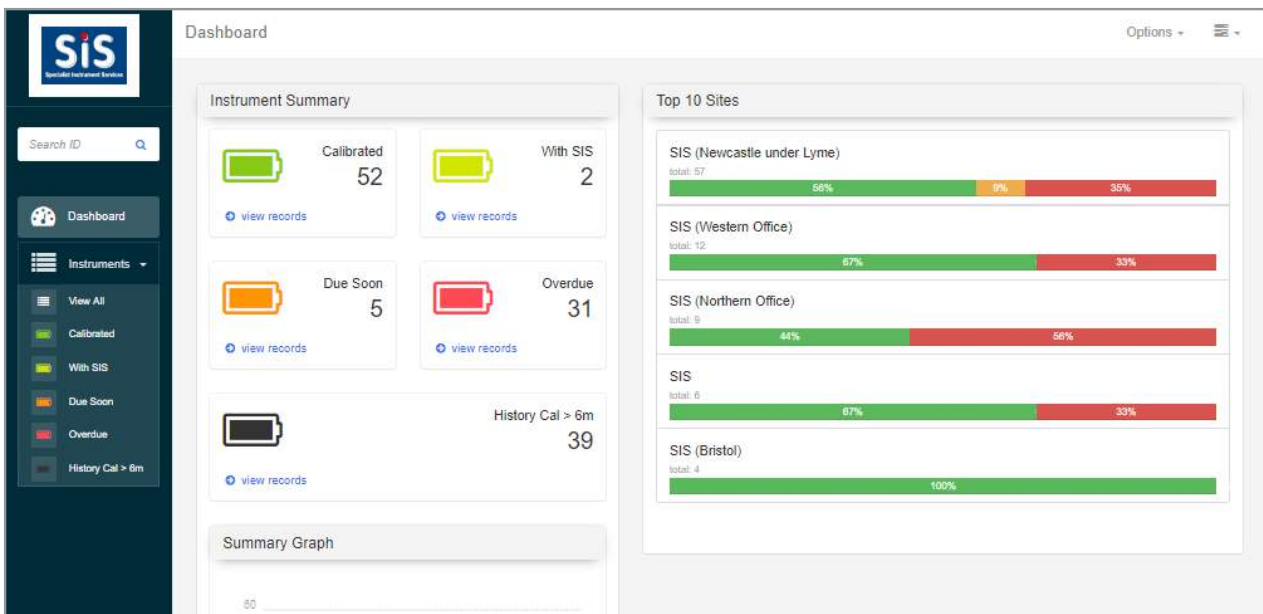

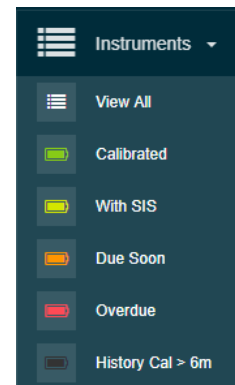

*Currently with SIS*

*Due soon*

*Overdue < 6 months*

*Overdue > 6 months*

It also displays the 10 sites with the largest numbers of instruments and how compliant they are. Below this is a list of the instruments that are nearest to their recalibration date.

### CONTACT US TO FIND OUT MORE

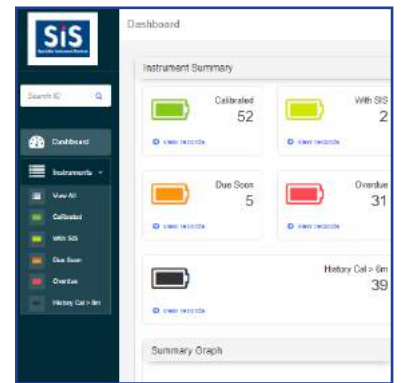

We would be very happy to provide this unique service to our customers but to ensure the accuracy of the information we can provide you with, all your instruments would be required to be calibrated and repaired through SIS. In addition - prior to launch - a *Test Instrumentation Information Pack* would need to be completed.

Specialist Instrument Services

# YOUR COMPLETE METERING SOLUTION

- **New Equipment Sales**
- **Competitive Pricing**
- **Market Leading Expert Knowledge**
- **Delivering Exceptional Customer Service**
- **Over 1,700 Products Available NEXT DAY!**
- **Order up to 3pm for SAME DAY Dispatch**
- **No minimum order**
- **Credit Account Facilities Available**
- **Meter Hire**
- **Meter Calibration**
- **Meter Repairs**
- **Customer Portal**
