

Spectrum ERP

Transforming Business.
Transforming You.

Welcome to Spectrum ERP !

An Enterprise Solution to answer your
Business Concerns and keep you Growing.

Derive Profitable Growth, Maximize Efficiency and Transform Business with a complete, robust and cost-effective solution for SME. This business solution is well known for its Quality and will help you manage every aspect of your company- from sales to operations and financials.

PRODUCT OVERVIEW

Agenda

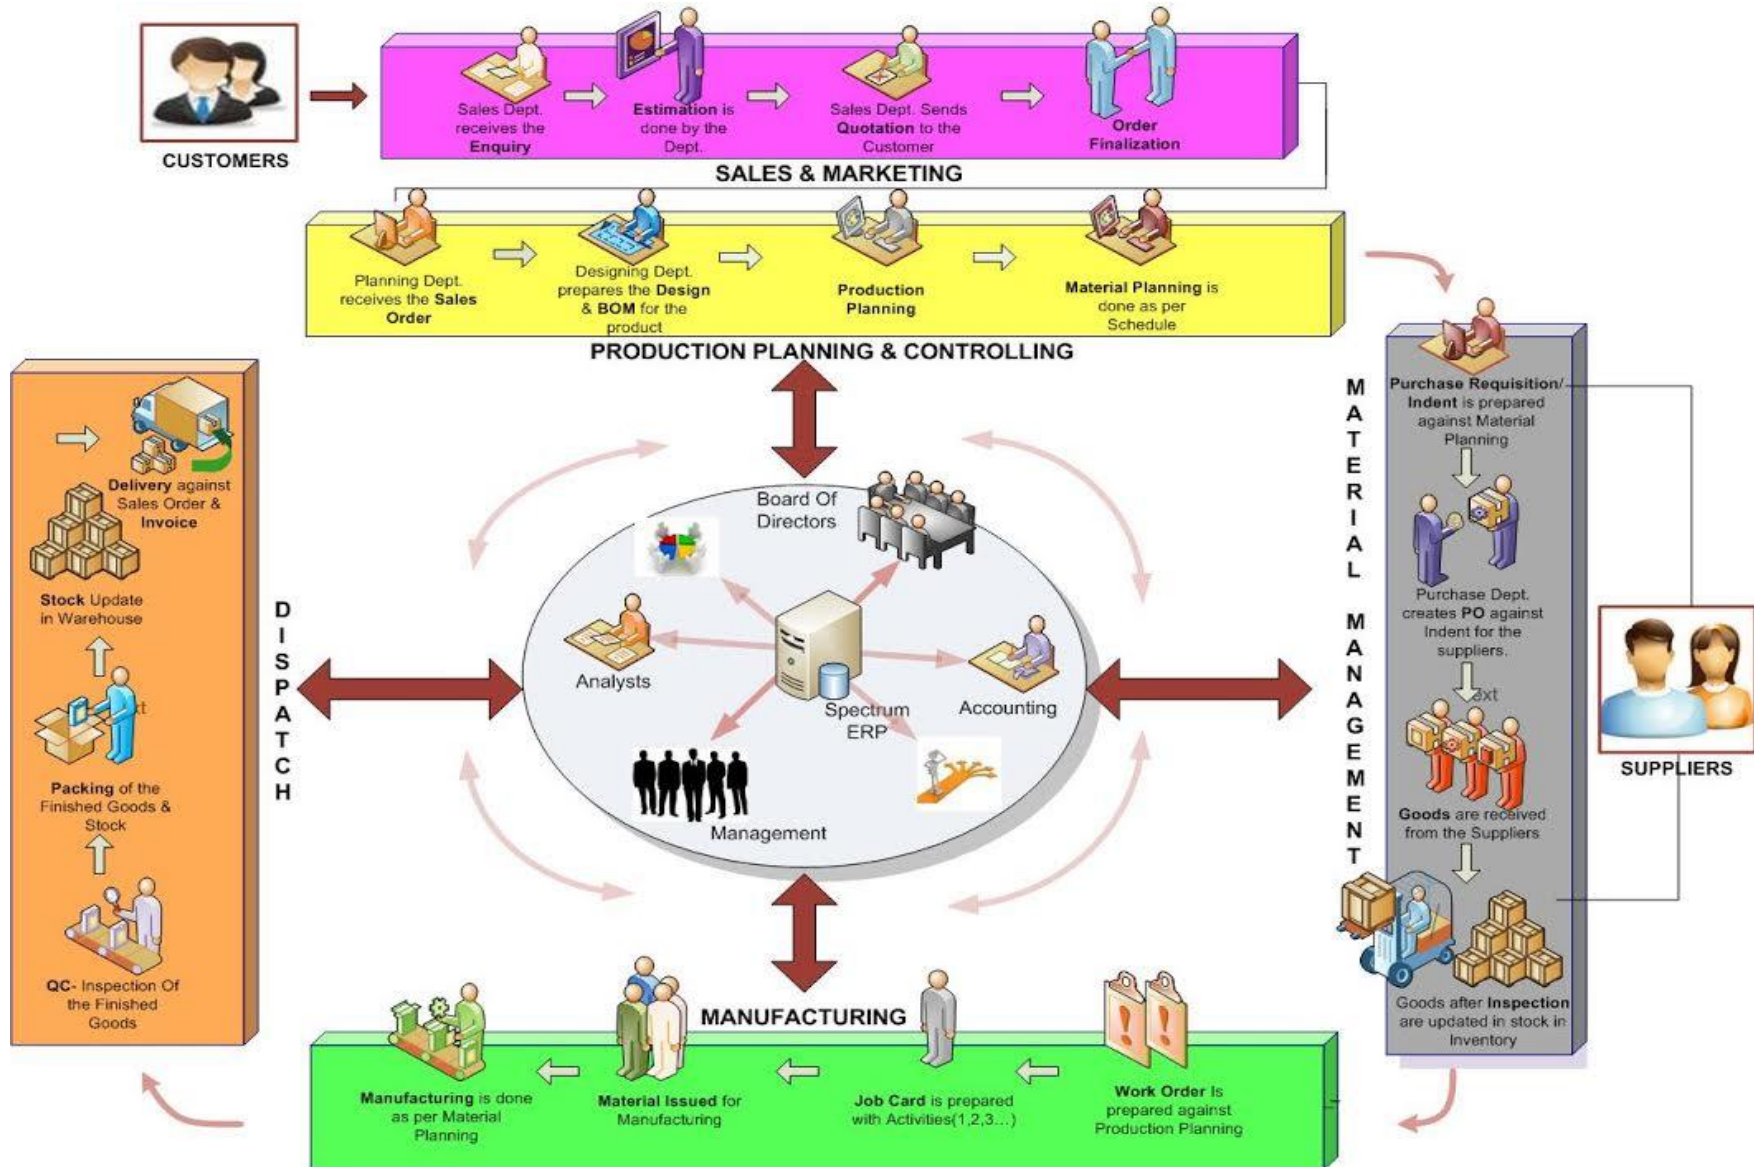

- Introduction
- Process flow
- Solution map
- Order to cash function
- Production function
- Procure to pay functions
- Reports
- Features and benefits
- Delivery and support
- Conclusion

Introduction

- ⑩ **Advancement in technology has changed the way we do business. This digital age has raised the customer expectation in terms of response time, quality, delivery and services. To match these expectations, today business owners need better integration among their cross functional activities. It also demands a close monitoring and controlling of activities at organizational level.**
- ⑩ **'SpectrumERP' is designed to help business owners in achieving these objectives. It automates most of your regular activities and provides you a rich set of data for a better business analysis and let you make more informed decisions.**

Process Plan: Input Material

Planning & Production

The screenshot shows the SpectrumERP interface. The main window is titled 'Process Plan: Input Material'. It features a navigation bar at the top with the following path: Production-->Production Transaction-->Planning-->Execution Plan-->Process Plan. Below the navigation bar, there are several tabs: Process Plan(PPFP), Work Order(PSWO), Job Card(PPJC), Material Issue(IMMI), Production Entry(PSPE), Consumption Entry(PCSE), and Production. The main area contains a form with the following fields:

- BOM No.: PROTO/00009
- Revision No.: 0
- Product Description: CORRUGATED CARDBOARD
- Customer: [Empty]
- Remarks: [Empty]
- Customer Order No. & Date: [Empty]
- Sales Order No. & Date: [Empty]
- Project Code: [Empty]

Below the form is a table with the following columns: Sequence No., Activity, Input Material, Lot Size, Output Material, Activity Detail, Costing Detail, Setup Time, Run Time, Batch Time, Batch Qty., Transport Time, and Overlapping %.

Sequence No.	Activity	Input Material	Lot Size	Output Material	Activity Detail	Costing Detail	Setup Time	Run Time	Batch Time	Batch Qty.	Transport Time	Overlapping %
1	Cutting	NA						0.04				

An 'Input Material' dialog box is open, showing a table with the following columns: Item Id, Mark No., Item Description, Make, Unit, BOM Qty., SubAssembly, and Assembly.

Item Id	Mark No.	Item Description	Make	Unit	BOM Qty.	SubAssembly	Assembly
1		WOODEN PIECE		QNTL	1.000		

The dialog box has 'Ok' and 'Cancel' buttons at the bottom right.

The bottom status bar shows the user 'shubham', the date and time '28/11/2014 05:59:36 PM', the company 'FORCE INTELLECT PVT LTD DC1', and the user ID '14-15'. The system clock shows '28/11/2014'.

The screenshot displays the SpectrumERP application window. The title bar shows 'SpectrumERP'. The breadcrumb path is 'Finance-->Finance Transaction-->Cash/ Bank Transaction-->Bank Transaction-->Pay'. The main window has several tabs: 'Dashboard', 'Messages', 'Account Ledger(FMAL)', 'PaymentPlan(FIPP)', 'Cheque Print(FICP)', 'Bank Journal(FIBP)', 'Payment Voucher(ATPY)', and 'Receipt Voucher(ATRV)'. The 'PaymentPlan(FIPP)' tab is active. Below the tabs, there are fields for 'Document Status' (Authorized), 'Document No.' (PLAN/14-15/050), 'Finance Book' (FB FAB1 - DC1), and 'Document Date' (30/11/2014). A sub-menu is open with options: 'General Detail', 'Cheque Detail', 'DD Detail', 'RTGS/NEFT', 'RTGS/NEFT Through Cheque', and 'Cash'. The 'Cheque Detail' option is selected, showing a table with the following data:

Payee Type	Payee Name	Currency	Amount	In favour of
1 Account	A.S. ENTERPRISES.	RUPEES	170000.00	A.S. ENTERPRISES.

At the bottom of the window, the status bar shows 'vasu', '29/11/2014 01:33:38 PM', 'FORCE INTELLECT PVT LTD DC1', '14-15', and '29/11/2014'.

29/11/2014

SpectrumERP Features & Benefits

- **On Line accounting**
- **Single Interface for all modules**
- **Task Scheduler with Calendar , User Chat System**
- **Data Import for master entries**
- **Customized auto number setting for different documents**
- **File Attachment transaction wise**
- **Value Rounding**
- **Information Tools**
- **Integrated Mail System**
- **Alerts and Notification**
- **Export data in Excel or others Format**
- **Document Print Format Customizable**
- **MIS Reports**
- **Analysis Reports**
- **User Role & Right Management**

SpectrumERP Production Features & Benefits

- **Highly integrated with MM, Sales, Finance and other module**
- **Multilevel BOM Creation**
- **Engineering Change Management**
- **Material and Capacity Planning**
- **Master Production Scheduling**
- **Routing and capacities**
- **Costing based on all direct and indirect resources and expenses**
- **Estimation based on material and process plan**
- **Production plan for machines for their optimum utilization**
- **Production schedule generation for machines detailing input and output**
- **Work Center Definition**
- **Machine efficiency and utilization analysis**
- **Process requisition generation for processes to be subcontracted**
- **Quantity reservation for production**
- **Automatic generation of job orders for production**

SpectrumERP Purchase Features & Benefits

- **Transportation route maintain**
- **Expense management with different route**
- **Tax concession form management**
- **Commercial, excise and service tax assignment as per order**
- **Item purchase UOM may be different from stock UOM.**
- **Multi currency supportability.**
- **Material wise last 10 purchase price with order detail that helps on negotiates.**
- **Quotation based comparative statement**
- **Exact material valuation integrated with freight, taxes, discounts etc, L rate find out.**
- **Multiple location of same party manage in single party ledger**
- **Order qty tolerance may be applicable**
- **As per payment term down payment adjust at finance final bill passing.**
- **Order progress flow and follow-up history.**
- **Order analysis possible as per different entities like item , party**

SpectrumERP Inventory Features & Benefits

- **Project wise stock management and reserve stock feature**
- **Highly integrated with production, planning, maintenance, finance and other module**
- **Provision for budgeting and controlling both for projects and consumable items**
- **Supports drop shipment cases.**
- **Valuation method-FIFO,W-Avg, lot for lot**
- **Multiple units of measurement (stock , purchase , sales , production)**
- **Warehouse management In-house and external**
- **End to end lot traceability**
- **Physical Inventory and cycle count support**
- **Exact material valuation integrated with freight, taxes etc**
- **Complete excise functionality and other functionalities for MM**
- **Transportation route maintain**
- **Expense management with different route**
- **Tax concession form management**
- **Support material ownership party or own**
- **Stock analysis possible as per stock type and nature wise**
- **Receiving analysis possible as per stock type and nature wise**
- **Consumption analysis possible as per stock type and nature wise**

SpectrumERP Sales Features & Benefits

- **Easy enquiry classification, detailing with sales person.**
- **Multiple currencies and multiple consignees**
- **Provision for short close, cancellation of sales order**
- **Material rate setting**
- **Advance can be adjusted in commercial invoice**
- **Tax concession for detail**
- **Performa and Supplementary Invoice can manage for advance and difference**
- **Increase sales revenue.**
- **Integrated with all support departments like MM, Finance and Production**
- **Sales order and sales analysis**

Delivery & Support System

With our experience we understand that successful completion of a project is only the beginning of our bond with our customers. To strengthen this bond and support our customers more promptly and satisfactorily, we have a strong support system with features like:

- ⑩ User Training**
- ⑩ Document Print Format customization**
- ⑩ Onsite support after implementation**
- ⑩ Well established system and processes for issue tracking**
- ⑩ Support through remote access**
- ⑩ Support through e-mail & telephone (during business hours)**
- ⑩ New Cases Update**
- ⑩ Annual Maintenance Contract**

Conclusion
