The Pyramid Model: Strengthening Young Children's Social and Emotional Skills

The Pyramid Model has been embedded in programs throughout the world as a comprehensive, multi-tiered, team-based approach to understanding children's behavior, which includes prevention, promotion, and intervention practices.

This is a four day workshop series based on the Pyramid Model for Supporting Social Emotional Confidence. To fully understand and embed the Pyramid Model within your program, participants are encouraged to attend all four workshops in this series as a team from your programs.
