## ABOUT FLORIDA TECH

### U.S. News & World Report Rankings (2021):

- **Tier 1 University**
- **Top Tier Online Bachelor's Programs**
- **Top Tier Online Bachelor's Programs for Veterans**
- **Top Tier Online Master's Business Programs (non-MBA)**
- **Top Tier Online MBA Program for Veterans**

Founded in 1958, Florida Tech is a private, regionally accredited university that makes its home in Melbourne, Florida. We are a world leader in the fields of aerospace and technology, and notable for having graduated a number of illustrious individuals. Among our graduates are 32 generals, including two who became four-star generals, and several astronauts.

Florida Tech also provides 100% online access to its renowned educational programs. The online programs are overseen by full-time faculty members to ensure the curriculum mirrors that of our on-campus programs.

We recognize and support our students' desire to not only reach their educational goals, but also to earn a degree that resonates with peers and employers.

## **NATHAN M. BISK COLLEGE OF BUSINESS**

The Bisk College of Business provides foundational knowledge across multiple subject areas and exposes students to leadership challenges of the 21st century business world. "I can guarantee you that our faculty are prepared through professional development to enhance students to be able to not only think critically about issues in their life, but also toward their careers," says Dr. Ted Richardson, Dean.

## **COLLEGE OF PSYCHOLOGY AND LIBERAL ARTS**

Encompassing disciplines like psychology and humanities, the College of Psychology and Liberal Arts is dedicated to the fascinating realm of the thoughts, behaviors, values and artistic contributions of human beings. "Our curriculum prepares students to conceptualize broadly, think critically, communicate effectively and interact positively with diverse populations here and abroad," says Dr. Lisa Steelman, Dean. "We take pride in our world class faculty of nationally and internationally known scholars and researchers who are leaders in their disciplines."

## **COLLEGE OF AERONAUTICS**

The College of Aeronautics is recognized as one of the top university-based aviation programs in the nation. Our programs and faculty have earned an international reputation for excellence in the education and preparation of aviation professionals. We are responsible for graduate and undergraduate programs in the Aeronautical Sciences, including Aviation Management, Pilot/Flight Crew, Meteorology, Airport Management and Development, Human Factors, and Aviation Safety.

## **COLLEGE OF ENGINEERING AND COMPUTING**

The College of Engineering and Computing brings together the fields of computer science, data science and cybersecurity with software engineering, chemical engineering, civil engineering, electrical and computer engineering, engineering systems, marine and environmental systems, and mechanical and aerospace engineering. The mission of the College is to educate engineers, scientists and professionals who will be entrepreneurs or future leaders in industries, government and academia.

“The Florida Tech online program, specifically, lets students learn from a regionally accredited and high-ranking university that has a high-tech, high-touch approach to online learning, where human interaction is equally important despite the online platform.”

Nicole Curiel,  
BA in Aviation Management

*Florida Tech's Class of 2020 represented  
43 states and a record 69 countries.*

## OUR PURPOSE

At Florida Tech, we provide an elite education to a diverse student body of adult learners. Our world-class faculty is dedicated to stimulating their students' intellectual curiosity, nurturing their success and fostering their sense of fulfillment. Each graduate becomes part of a growing global community that resides at the intersection of technology and human interaction.

## WE ARE RECOGNIZED FOR OUR HIGH STANDARDS

Florida Institute of Technology is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate, baccalaureate, master's, education specialist, and doctoral degrees.

Florida Tech is also approved by the U.S. Department of Education and holds memberships in the Independent Colleges and Universities of Florida, the American Council on Education, the College Entrance Examination Board and the American Society for Engineering Education.

## **ONLINE IS THE NEW LEARNING ENVIRONMENT**

Our faculty work with learning design experts to combine the rigor of the main campus curriculum with the interactivity of online learning in every program. In our user-friendly learning platform, each course is designed to maximize interaction and collaboration with classmates and instructors. Faculty members regularly update courses with case studies on advancements in the field to ensure students are receiving in-depth, up-to-date information.

### **FLEXIBLE SCHEDULE**

Enjoy the convenience of accessing your learning material anytime and anywhere with an internet connection from your computer, tablet or mobile device. Online classes at Florida Tech are asynchronous, meaning you don't have to be online at any particular time.

### **COLLABORATE AND NETWORK**

Get the help you need when you need it with instant chat, virtual classes and office hours, group study, and messaging and discussion forums. Collaborate and network with professionals across the nation and around the world. Your professors and classmates are always just a click away!

### **VIRTUAL CLASSROOM**

Get real-time interaction with dynamic features such as online chat rooms, streaming video and discussion boards. Gain practical knowledge with captivating, interactive online simulations where you can engage in real-life scenarios.

### **ONLINE VIDEO LECTURES**

Watch and learn from faculty and industry professionals as they deliver interactive lectures and course material online via streaming video. Pause, rewind and review any portion of the lecture so you completely understand the material before you move on.

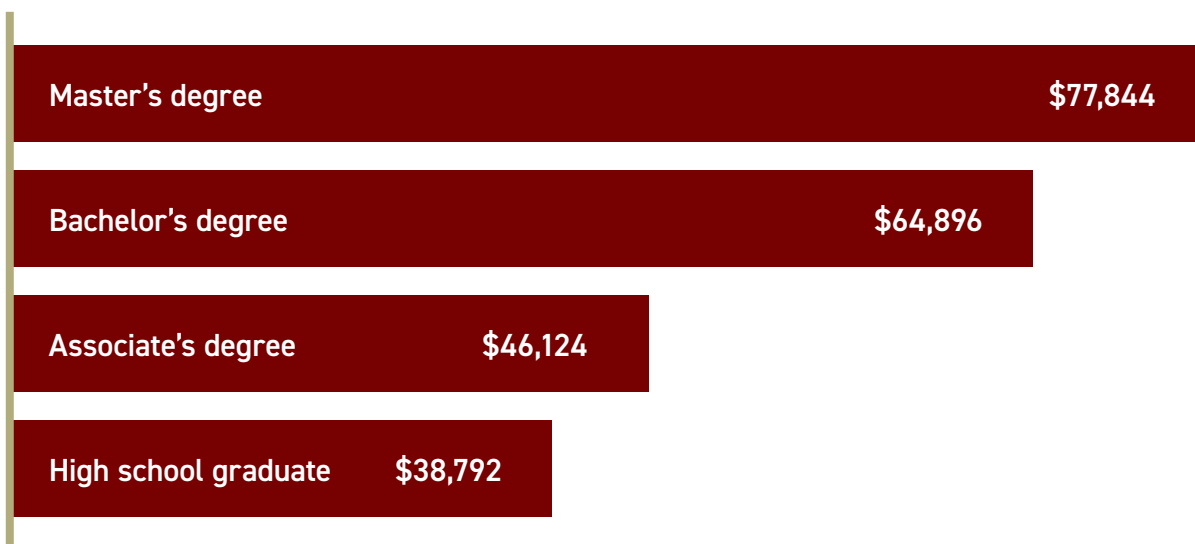

# UNDERGRADUATE AND GRADUATE PROGRAMS WORTHY OF YOU

Every degree program at Florida Tech provides an unparalleled education and a credential that can help open doors to exciting career opportunities and higher salary potential. Just as importantly, a degree earned from Florida Tech is the means to establish your professional reputation.

## Higher Education Equals Higher Salaries

\*\*The information has been calculated by taking the "median usual weekly earnings" and multiplying by 52 to get a 'yearly' salary.

Bureau of Labor Statistics, Employment Projections, Unemployment rates and earnings by educational attainment, 2019, on the internet at <https://www.bls.gov/emp/chart-unemployment-earnings-education.htm> (visited August 4, 2020).

# PROGRAMS AT A GLANCE

## DEGREE COLOR KEY:

---

## ASSOCIATE'S

---

### ASSOCIATE OF ARTS IN ACCOUNTING

The Associate of Arts in Accounting can prepare you for a variety of accounting careers in business, government and not-for-profit organizations. Explore the theory and practice of financial accounting, managerial accounting, cost accounting, accounting information systems and tax, as well as a broad knowledge of a range of business disciplines.

---

### ASSOCIATE OF ARTS IN APPLIED PSYCHOLOGY

Combining liberal arts education and a scientific approach to understanding human behavior, the Associate of Arts in Applied Psychology will give you the skills and knowledge that are in fields such as psychology, sociology, business, legal studies and counseling. You'll identify principles of effective research, critical thinking and personal development.

---

### ASSOCIATE OF ARTS IN AVIATION MANAGEMENT

Gain knowledge of the aviation and aeronautics industries through a career-oriented curriculum that includes coursework in aviation planning and safety, and air transportation management. This non-flight program covers the fundamentals of aviation and best business practices.

---

### ASSOCIATE OF ARTS IN BUSINESS ADMINISTRATION

The Associate of Arts in Business Administration provides business education for students interested in understanding the working nature of business in a global, competitive environment. It includes a broad overview of the functional areas of business, as well as an opportunity to develop interpersonal and professional skills needed to enter and advance in a private or public sector organization.

---

### ASSOCIATE OF ARTS IN HEALTHCARE MANAGEMENT

The Associate of Arts in Healthcare Management provides the foundation needed for entry-level careers in the healthcare industry. You will explore fundamentals of topics such as healthcare organizations, managed care and medical ethics, and gain a broad knowledge of multiple business disciplines.

---

## **ASSOCIATE OF ARTS IN MARKETING**

In the Associate of Arts in Marketing program, you will examine the basics of the marketing of goods, services and ideas, advertising marketing and entrepreneurial marketing. Covered topics can help prepare you for entry-level positions in marketing for a wide range of organizations and across many business environments.

---

## **ASSOCIATE OF SCIENCE IN COMPUTER INFORMATION SYSTEMS**

The Associate of Science in Computer Information Systems (CIS) degree program offers a broad base of technical knowledge combined with a strong liberal arts foundation. You will receive an introduction to CIS concepts and practices including systems analysis, programming and e-commerce.

---

## **ASSOCIATE OF ARTS IN MANAGEMENT**

The Associate of Arts in Management provides the foundational knowledge necessary for a management role in the private or public sector. Explore business and leadership concepts, as well as the analytical and technical aspects of managing a team or department.

*One of only six universities designated a core partner in the Federal Aviation Administration's Center of Excellence Partnership to Enhance General Aviation Safety, Accessibility and Sustainability (PEGASAS).*

---

## BACHELOR'S

---

### **BACHELOR OF ARTS IN ACCOUNTING**

The Bachelor of Arts in Accounting provides in-depth knowledge of the theory and practice of financial and managerial accounting and business law, and a basic knowledge of auditing accounting information systems and tax. This accounting major can prepare you for careers in a variety of business, government and not-for-profit organizations.

---

### **BACHELOR OF ARTS IN APPLIED PSYCHOLOGY WITH A CONCENTRATION IN CHILD ADVOCACY**

Develop a foundation of theory and practice for a career in child advocacy with the Bachelor of Arts in Applied Psychology with a Concentration in Child Advocacy. You will cultivate the skills required of child advocates, who serve in such roles as youth counselor, victim advocate, child development specialist and child welfare specialist.

---

### **BACHELOR OF ARTS IN APPLIED PSYCHOLOGY WITH A CONCENTRATION IN FORENSIC PSYCHOLOGY**

Built on a liberal arts foundation, the Bachelor of Arts in Applied Psychology with a Concentration in Forensic Psychology culminates with an overview of the major concepts, principles and practices of psychology and their intersection with the law. Your forensic psychology studies will prepare you to approach human behavior from the perspectives of sociological, psychological, criminological and other interdisciplinary theories.

---

### **BACHELOR OF ARTS IN APPLIED PSYCHOLOGY**

In addition to expanding your knowledge of behavioral theories, the Bachelor of Arts in Applied Psychology curriculum introduces how to effectively identify, understand and develop practical solutions to problems facing today's organizations. This degree program allows you to choose electives from four popular concentrations, including Child Advocacy, Clinical Psychology, Forensic Psychology and Organizational Psychology.

---

### **BACHELOR OF ARTS IN APPLIED PSYCHOLOGY WITH A CONCENTRATION IN CLINICAL PSYCHOLOGY**

The Bachelor of Arts in Applied Psychology with a Concentration in Clinical Psychology will help you gain a better understanding of mental, emotional and behavioral disorders, along with an introduction to the causes, prevention, diagnosis and treatment of psychological disorders. You'll explore the biological bases of human behavior, including treatment of nervous system anatomy and physiology, and determine how to assess, manage and resolve crisis and conflict situations.

---

### **BACHELOR OF ARTS IN APPLIED PSYCHOLOGY WITH A CONCENTRATION IN ORGANIZATIONAL PSYCHOLOGY**

The Bachelor of Arts in Applied Psychology with a Concentration in Organizational Psychology examines the challenges facing the workplace today, specifically the ways in which efficiency and job satisfaction impact the individual, the organization and our culture. This comprehensive curriculum explores the interrelated issues of management, employee recruitment, selection and promotion, training and development and organizational effectiveness.

---

## **BACHELOR OF ARTS IN BUSINESS ADMINISTRATION WITH A SPECIALIZATION IN ACCOUNTING**

If you're interested in business and have an affinity for numbers – but don't necessarily want to be an accountant – consider the Bachelor of Arts in Business Administration with a Specialization in Accounting. You will practice the fundamentals of cost accounting, master the principles and procedures of internal and public auditing and learn the practical application of tax laws, including tax return preparation and tax research.

---

## **BUSINESS ADMINISTRATION WITH A SPECIALIZATION IN COMPUTER INFORMATION SYSTEMS**

The Bachelor of Arts in Business Administration with a Specialization in Computer Information Systems focuses on the technical knowledge, skill sets and best practices necessary to compete in today's ever-changing technology arena. In addition to broad-based liberal arts and business classes, you will study computer languages, programming, network theory and design, systems analysis and design, and information resource management.

---

## **BACHELOR OF ARTS IN BUSINESS ADMINISTRATION WITH A SPECIALIZATION IN MARKETING**

The Bachelor of Arts in Business Administration with a Specialization in Marketing combines a broad-based business education with analytical, decision-making and problem-solving techniques used in global marketing, marketing ethics and managing the marketing function. The marketing major focuses on marketing activities such as product and service development, research, planning, distribution channels, logistics and transportation, sales promotion, sales, pricing strategy, advertising and public relations.

---

## **BACHELOR OF ARTS IN AVIATION MANAGEMENT**

Our BA in Aviation Management provides you with a broad knowledge base in the field of aviation management, including modern aviation technology and best practices in business. You will develop an overall perspective on airport management development, and air transportation management.

---

## **BACHELOR OF ARTS IN BUSINESS ADMINISTRATION WITH A SPECIALIZATION IN HEALTHCARE MANAGEMENT**

The Bachelor of Arts in Business Administration with a Specialization in Healthcare Management combines basic and advanced courses in the various business disciplines with more focused study in the area of healthcare management. It includes foundational instruction in the areas of healthcare organizations, managed care and medical ethics, as well as advanced topics such as community health evaluation, quality improvement methods, health planning and policy management.

---

## **BACHELOR OF ARTS IN HUMAN RESOURCES MANAGEMENT**

Our Bachelor of Arts in Human Resources Management centers on an interdisciplinary approach to managing the most important asset of an organization: the human resource. You will explore the psychology, leadership and business tools critical to effective human resources management.

---

## **HUMAN RESOURCES ADMINISTRATION MINOR WITH ANY BACHELOR'S DEGREE**

Students enrolled in any bachelor's degree program can add a Human Resources Administration Minor. This program emphasizes leadership skills and builds proficiency in organizational effectiveness, selection and placement, training and development and compensation and benefits.

---

## **BACHELOR OF SCIENCE IN COMPUTER INFORMATION SYSTEMS**

The Bachelor of Science in Computer Information Systems (CIS) provides the solid foundation of technical skills, business knowledge and computing technologies necessary to design, develop and implement business solutions for today's complex systems. Gain comprehensive coverage of CIS concepts, theories and practices in key technology-driven areas of programming languages, database and software systems, network theory and design, decision analysis, internet and web applications and systems analysis and design.

*Florida Tech is ranked #2 Online Bachelor's Business Programs (Private University) and #3 Online Bachelor's Psychology Programs (Private University) - US News & World Report (2021).*

*U.S. News & World Report has also recognized Florida Tech for Top Tier Online Bachelor's Programs and Online Bachelor's Programs for Veterans (2021).*

---

## MASTER'S

---

### **MASTER OF ARTS IN ORGANIZATIONAL LEADERSHIP**

Integrating the science of leadership with the development of critical competencies, the Master of Arts in Organizational Leadership provides the expertise desired across disciplines and industries. Designed for current and aspiring leaders, the curriculum will prepare students to navigate multifaceted business challenges.

### **MASTER OF SCIENCE IN INFORMATION ASSURANCE AND CYBERSECURITY**

Designed for professionals with technical backgrounds, the Master of Science in Information Assurance and Cybersecurity delves right into the discipline on day one. The program will prepare you to recognize threats and vulnerabilities, analyze attack models and forensics, evaluate security systems, and implement security strategies.

---

### **MASTER OF SCIENCE IN SUPPLY CHAIN MANAGEMENT**

The Master of Science in Supply Chain Management (SCM) examines principles of world-class SCM and demonstrates how to implement strategies that impact profitability in today's interconnected global economy. You will also learn to manage the flow of materials, develop logistics strategies and merge transportation policies with production and marketing tactics.

*Ranked a Best Online Graduate Information Technology Program by  
U.S. News & World Report (2021).*

---

## MBAs

---

---

### **MASTER OF BUSINESS ADMINISTRATION**

Equip yourself with the knowledge necessary for real-world business environments with the Master of Business Administration. Build your competency in accounting, economics, finance, marketing and organizational behavior, as well as expertise on the inter-relatedness of business functions with executive decision-making and corporate leadership.

---

### **MASTER OF BUSINESS ADMINISTRATION WITH A SPECIALIZATION IN ACCOUNTING**

With the Master of Business Administration with a Specialization in Accounting, you will be exposed to a variety of trends and best practices regarding current issues in the development and practice of managerial accounting, ethics, and planning and control under conditions of uncertainty.

---

### **MASTER OF BUSINESS ADMINISTRATION WITH A SPECIALIZATION IN CYBERSECURITY**

The Master of Business Administration with a Specialization in Cybersecurity places an emphasis on the protection and securing of information while thwarting the efforts of cyber criminals. You will become familiar with the technologies and methods to recognize these threats and address organizations' vulnerabilities.

---

### **MASTER OF BUSINESS ADMINISTRATION WITH A SPECIALIZATION IN HEALTHCARE MANAGEMENT**

The Master of Business Administration with a Specialization in Healthcare Management is geared toward the medical aspects of information management, with courses such as Legal Aspects of Healthcare, Healthcare Planning and Healthcare Marketing. Tailored to the modern healthcare industry, this program can provide a comprehensive business understanding with in-depth knowledge of timely healthcare issues.

---

### **MASTER OF BUSINESS ADMINISTRATION WITH A SPECIALIZATION IN ACCOUNTING & FINANCE**

The Master of Business Administration with a Specialization in Accounting and Finance combines academic principles with practical, real-world applications to result in a solid business foundation. This MBA can give you the distinctive edge you need to lead in today's business environment.

---

### **MASTER OF BUSINESS ADMINISTRATION WITH A SPECIALIZATION IN FINANCE**

Gain critical financial knowledge with the Master of Business Administration with a Specialization in Finance. You will explore foundational and core courses and progress to specialized finance topics.

---

### **MASTER OF BUSINESS ADMINISTRATION WITH A SPECIALIZATION IN INFORMATION TECHNOLOGY MANAGEMENT**

The Master of Business Administration with a Specialization in Information Technology Management provides the high-level knowledge and range of skills to meet the challenges of today's complex global business. You will explore focused IT topics such as database management technology and global IT management.

---

### **MASTER OF BUSINESS ADMINISTRATION WITH A SPECIALIZATION IN MANAGEMENT**

The Master of Business Administration with a Specialization in Management includes core business courses and includes a capstone course in strategic management. These required courses are designed to prepare you to respond to the complex business decisions that arise in today's rapidly changing environment.

---

## **MASTER OF BUSINESS ADMINISTRATION WITH A SPECIALIZATION IN MARKETING**

The Master of Business Administration with a Specialization in Marketing offers a unique combination of academic theory and hands-on application. You will receive specialized knowledge, skills and training critical in the competitive, dynamic marketing environment.

---

## **MASTER OF BUSINESS ADMINISTRATION WITH A SPECIALIZATION IN PROJECT MANAGEMENT**

Gain fluency in project management concepts with the Master of Business Administration with a Specialization in Project Management. This intensive program utilizes case studies and projects, and can prepare you to sit for the Project Management Professional (PMP)<sup>®</sup> certification examination.

PMP is a registered mark of the Project Management Institute, Inc.

---

## **MASTER OF BUSINESS ADMINISTRATION IN PROJECT MANAGEMENT IN INFORMATION TECHNOLOGY**

The Master of Business Administration with a Specialization in Project Management in Information Technology covers the various disciplines required for business alongside a depth of knowledge in managing projects in the information technology (IT) domain. Students will gain valuable knowledge in IT operations management, emerging technologies, risk management, software cycles, Agile development, and managing all aspects of an IT project or program.

*Florida Tech's MBA program has been named a Top 50 Online MBA Program by the Princeton Review (2020).*

*Florida Tech Ranked No. 26 Online MBA programs (private university), and a Top Tier Online MBA Program for Veterans by U.S. News & World Report (2021).*

## TUITION

Florida Tech is committed to helping students from all backgrounds achieve their educational goals. Financial assistance may be available in the form of tuition assistance and payment plans as well as financial aid, such as grants, scholarships and loans, for those who qualify.

“I can say that I am now where I want to be in my professional career as a cybersecurity consultant for one of the Big 4. I've never dreamed of doing what I love and getting paid way more than I could have imagined. I couldn't have done it without you, Florida Tech. I am forever grateful.”

Eden Priela,  
MS in Information Technology

DEGREE TYPE	TUITION PER CREDIT HOUR	COURSE TOTAL
Associate's & Bachelor's	\$510	\$1,530
Master's	\$777	\$2,331
MBA	\$896	\$2,688

Note: Course Materials and Textbooks are not included. Prices are subject to change without notice or obligation. Your tuition cost may be tax deductible. Contact your tax advisor for more information.

## TRANSFER CREDITS

We consider transfer credits from accredited secondary and post-secondary institutions. They are evaluated according to the transfer credit policy published in the [university catalog](#).

# WHAT TYPES OF FINANCIAL ASSISTANCE ARE AVAILABLE?

## CORPORATE TUITION ASSISTANCE

Many companies recognize the need for their employees to enhance their skill base and advance their education. Corporate tuition assistance may cover per-credit-hour costs, in addition to books and materials. For more information, contact your Human Resources department.

## FEDERAL STUDENT AID

Federal Student Aid programs are the largest source of student aid in America. Take advantage of this opportunity by determining your eligibility with the Free Application for Federal Student Aid (FAFSA).

## FEDERAL DIRECT LOANS

These student loans must be repaid and may be available to eligible undergraduate and graduate students. If you qualify for a subsidized Federal Direct loan, the government will pay the interest on your loan while you are in school.

## ALTERNATIVE LOANS

Paying for higher education is a significant financial commitment. A variety of financial institutions offer private education loan products which can supplement other financial aid to help manage college costs.

## PARENT PLUS LOANS

Dependent undergraduate students may be eligible for a Parent PLUS Loan. Parent PLUS Loans are additional unsubsidized loans made out to the parents of dependent students to help the student pay for education expenses. Maximum eligibility is the cost of attendance minus all other financial assistance. If a parent applies and does not qualify for a Parent PLUS Loan, the student may receive additional unsubsidized Federal Direct (Stafford) Loans.

## FEDERAL PELL GRANTS

Federal Pell Grants are available to undergraduate students only. Grants do not have to be repaid. The maximum Pell Grant for the 2020-21 academic award year is \$6,345.

### EXAMPLE OF A TYPICAL FEDERAL DIRECT LOAN RANGE\*:

CLASS STANDING	SUBSIDIZED	UNSUBSIDIZED	TOTAL
Freshman	\$3,500	\$6,000	\$9,500
Sophomore	\$4,500	\$6,000	\$10,500
Junior/Senior	\$5,500	\$7,000	\$12,500

\*Maximum yearly loan award amounts listed above are based on independent students' individual need

“The MBA from Florida Tech provided me with a clear understanding of the business world outside a military culture, which is needed after 23+ years of military service. My goal of transitioning from the military into a new civilian career was certainly complemented with the degree and interaction from the program.”

Paul Sotomayor,  
MBA in Project Management

### **TUITION SUPPORT FOR OUR NATION'S MILITARY**

Florida Tech welcomes servicemembers from all branches and their family members who have sacrificed for our country to attend our university for special military pricing, regardless of where they are stationed.

### **SPECIAL MILITARY PRICING**

**Undergraduate:** We offer a special undergraduate tuition rate of \$250 per credit hour for active-duty servicemembers, selected Reservists and National Guard members and their spouses. We're also proud to offer a 10% tuition savings for honorably discharged veterans and their spouses.

**Graduate:** We offer a 10% graduate tuition savings for active-duty servicemembers, selected Reservists, National Guard members and honorably discharged veterans, and their spouses.

Reductions are valid off the standard tuition and program fee rate of any degree or certificate offered through Bisk Education. This reduction is not stackable with other reductions, and you may not use this reduction in conjunction with other reductions.

## VETERANS

All Florida Tech college-credit degree programs are state approved for VA educational benefits. The Department of Veterans Affairs administers: The Post-9/11 GI Bill®, Montgomery GI Bill – Active Duty, Montgomery GI Bill – Selected Reserve, Reserve Educational Assistance Program, Veterans Educational Assistance Program, Educational Assistance Test Program, Survivors' and Dependents' Educational Assistance Program and National Call to Service Program.

## YELLOW RIBBON PROGRAM

Florida Tech offers matching grants for honorably discharged veterans who are eligible for 100% of the Post-9/11 GI Bill. To take advantage of the Yellow Ribbon Program, you must first apply for benefits.

## MY CAREER ADVANCEMENT ACCOUNT (MYCAA)

The Department of Defense's MyCAA provides financial assistance to eligible spouses of active-duty and activated Guard and Reserve servicemembers for the purpose of education.

Information is subject to change without notice or obligation. The university reserves the right to change any provisions or requirements.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at <https://www.benefits.va.gov/gibill>.

*Continuously designated a Military Friendly® School (MF'20-21).*
