

AIG IBD SUMMIT 2020

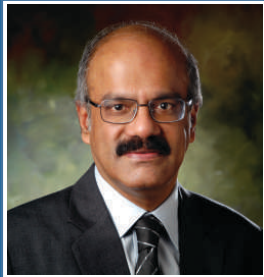

Stepping into the Future of IBD Care

3rd - 5th April, 2020

AIG Hospitals, Hyderabad

OUR VISION

Dear friends and colleagues,

It is a great pleasure for us to welcome you to Hyderabad on 3rd - 5th April 2020, for the International Symposium on Inflammatory Bowel Disease.

Inflammatory Bowel disease including Crohns disease & ulcerative colitis are chronic lifelong conditions. Establishing and maintaining symptom control & remission is critical to minimize complications.

IBD is an emergent disease in India and the Asia-Pacific with a rising incidence over the last decade. The changing socioeconomic environment and prevalent disease patterns has presented unique diagnostic dilemmas, management controversies and challenges.

This symposium aims to provide an indepth review of the pathophysiology, diagnostic methods, medical and surgical therapeutic approaches of IBD. Key international and national experts in the field will discuss, debate and highlight the latest concepts and consensus in the management of IBD.

Overall, we need to learn from each other, share knowledge and best local practices to optimally manage our patients.

We would like to welcome everyone who has interest and interaction with IBD patients to come forth and join us in Hyderabad in April 2020!!

Warm regards

TeamAIG

Stepping into the Future of IBD Care

DAY 1

FRIDAY | 3rd April, 2020

Time	Topic
09 00 - 09 15	Welcome address and Inauguration
09 15 - 11 00	I. IBD Grand Rounds for Post graduates
09 15 - 10 00	<ul style="list-style-type: none">• First episode of bloody diarrhoea- is it IBD? An Interesting case
10 00 - 10 30	<ul style="list-style-type: none">• Top publications impacting clinical practice this year (Comments & Interaction with the authors)
10 30 - 10 45	<ul style="list-style-type: none">• A career in IBD: A new subspeciality on the rise
10 45 - 11 00	Coffee and Tea Break
11 00 - 12 30	II. Making the Basics simple :What causes IBD ?
	<ul style="list-style-type: none">• Key Note Address:<ul style="list-style-type: none">• Using Epidemiology to pursue the Etiology of IBD• State of art lectures :<ul style="list-style-type: none">• Immunology and genetics of IBD- for the Clinician• Environmental risk factors in IBD: Diet to microbiome• Strictures in IBD- Formation and prevention.
12 30 - 13 40	III. Diagnostic partners: Pathology & Radiology
	<ul style="list-style-type: none">• Pathologist as the boss<ul style="list-style-type: none">• Cases where the slide made the difference• The indispensable radiologist<ul style="list-style-type: none">• Imaging techniques for assessment of IBD: Which? When? & Whom?• A Challenging Case<ul style="list-style-type: none">• TB vs CD: How difficult it can be?• The team : clinician + pathologist + radiologist
13 40 - 14 30	Lunch
14 30 - 15 15	IV. Endoscopy in IBD
	<ul style="list-style-type: none">• State of art lectures :<ul style="list-style-type: none">• Intelligence to Artificial Intelligence in IBD• Interventional endoscopy in IBD in 2020
15 15 - 17 00	AIG live workshop
	<ul style="list-style-type: none">• Diagnostic & therapeutic endoscopy in IBD• Novel imaging, Chromoendoscopy, Endocytoscopy, Endobrain• Enteroscopy: The spiral way• Strictures, Balloons, Stents & Setons, Fecal transplantation• EMR, ESD, TEM in IBD• J Pouch lap & Open, Infra Red Laparoscopy in IBD
17 00 - 18 00	IBD Indeterminates: The Grey Zone
	<ul style="list-style-type: none">• Expert Opinion:<ul style="list-style-type: none">• Are all small ileo-colonic ulcers Crohns?• Pre and Probiotics - do they have a future?• Therapeutic drug monitoring in India : When & Why ?
18 00 - 19 00	Grand Celebrations: 25th Anniversary of AIG
	<ul style="list-style-type: none">• Felicitations, AIG IBD Pearl Awards
19 00	Dinner

Stepping into the Future of IBD Care

DAY 2

SATURDAY | 4th April, 2020

Time	Topic
08 30 - 08 50	Warming up for the day.... A Fun Quiz with spot prizes
8:50 - 10:00	Conventional therapy in IBD <ul style="list-style-type: none">• Mesalazines right dose, form & duration• Budesonide, MMX or Prednisolone : Which, When & Why?• Antibiotics in IBD : Still a role in the Biologics Era?• Thiopurine and methotrexate : Right strategy at the right time
10 00 - 10 30	A Hospitalised Patient with severe UC: Practice points <ul style="list-style-type: none">- Admission Orders : What should they be?- Days 1-3: Monitoring, Anticipating, Planning- Salvage Therapy : Beyond IV Steroids- The Gastroenterologist's Best Friend : The Surgeon
10 30 - 1110	Key note address <ul style="list-style-type: none">• Diet-microbiome interactions: The perfect meal plan in IBD• Unmet needs and goals of IBD management in 2020
1110 - 1130	Coffee and Tea Break
1130 - 12 00	AIG Oration <ul style="list-style-type: none">• 20 years of IBD Research: How near are we to cure?• AIG IBD Manual Book release
12 00 - 12 40	A Challenging Case <ul style="list-style-type: none">• 24 yr old lawyer with persistent draining enterocutaneous fistula
12 40 - 13 20	State of art lectures <ul style="list-style-type: none">• Exit strategy: When, why & how to stop immunosuppressive treatment?• Non-IBD colitis - approach and management<ul style="list-style-type: none">- Ischemia & Microscopic Colitis- SUDD/SCAD- Checkpoint Inhibitor Colitis
13 20 - 14 15	Lunch
14 15 - 15 15	Biologic Symposium: All you need to know <ul style="list-style-type: none">• Biologic and biosimilars in 2020: when to start, when to switch and when to stop?• Newer biologics anti-integrins, anti-cytokines and JAK inhibitors- Role in Asia• Prevention and management of complications of biologics
15 15 - 16 00	Adverse events & side effects of IBD therapy <ul style="list-style-type: none">• How do we communicate to patient?• The medico legal aspects: what happens when decisions go wrong?
16 00 - 16 15	Coffee and Tea Break
16 15 - 17 00	Following up the IBD patient <ul style="list-style-type: none">• Patient in remission - what next?• Crohn's Disease - post surgery - what next?• Recurrent Pouchitis - what next?
17 00 - 17 20	State of art lecture <ul style="list-style-type: none">• Beyond the Bowel: Extraintestinal Manifestations of Inflammatory Bowel Disease
17 20 - 18 20	Dilemmas in management: Gastroenterologist vs Surgeon <ul style="list-style-type: none">• Strictures: Medicate, dilate or operate?• Limited ileocaecal disease: Resect or medicate?• Steroid dependant colitis: Biologic or colectomy?

Stepping into the Future of IBD Care

DAY 2

SATURDAY | 4th April, 2020

Time	Topic
18 20 - 19 00	IBD & the Common man- The patient perspective <ul style="list-style-type: none">• How apps can improve IBD care outcomes• Patient interviews & comments• Surviving IBD -Socioeconomic struggles and behavioural medicine
19 00 - 20 00	Industry symposium
20 00	Gala dinner

DAY 3

SUNDAY | 5th April, 2020

Time	Topic
08 30 - 09 10	State of art lectures: IBD in special populations <ul style="list-style-type: none">• IBD motherhood: Management of the pregnant & the newborn• Paediatric IBD: Challenges and Solutions
09 10 - 10 10	Challenging case snippets <ul style="list-style-type: none">• Recurrent perianal fistula• Altered LFT in a case of IBD• A case of UC with CMV: Culprit or innocent bystander ?
10 10 - 11 00	East vs West - a panel discussion <ul style="list-style-type: none">• Diagnosis and management of IBD in the setting of infection• A patient who cannot afford maintenance biologics• Is disease in emerging economies similar to the West: Answers from the TIIGER Project (Comments)
11 00 - 11 30	Coffee and Tea Break
11 30 - 12 00	State of art lecture Preventive care in IBD: Vaccinations, IDA and more
12 00 - 13 00	Practice Points for Indian scenario <ul style="list-style-type: none">• Dietary Do's and Don'ts in IBD• A case of TB reactivation after biologics• A Hepatitis B carrier needing immunosuppression
13 00 - 14 00	Lunch and Adjourn

Special Interest Groups in IBD

10 00 - 16 00 : The Paediatric IBD Roundtable
Supported by the Leona M and Harry B Helmsley Charitable Trust

14 00 - 16 00
The IBD Emerging Nations Consortium (IBD ENC) Meeting

11 00 - 15 00: The IBD Care Counsellor & Nurses Training Programme

Conference Highlights

<ul style="list-style-type: none"> Best Practices in day to day management 	<ul style="list-style-type: none"> Recent advances in the understanding of the pathogenesis of IBD and the implications in clinical practice 	<ul style="list-style-type: none"> Optimizing treatment to the Indian scenario
<ul style="list-style-type: none"> Challenging cases in IBD 	<ul style="list-style-type: none"> Common errors in the treatment of IBD 	<ul style="list-style-type: none"> State of the Art Lectures from International and National Experts
<ul style="list-style-type: none"> Interactive case presentations and discussions 	<ul style="list-style-type: none"> New Advances in the management and future directions in IBD care 	<ul style="list-style-type: none"> Tailored for Gastroenterologists, Physicians, Colorectal Surgeons and Post Graduates

AIG IBD CENTER OF EXCELLENCE FOR DIAGNOSIS, MANAGEMENT & RESEARCH OF INFLAMMATORY BOWEL DISEASES

AN ADVANCED MULTIDISCIPLINARY TEAM APPROACH FOR PERSONALIZED IBD CARE

- ❖ **State of the Art Endoscopic facility for Specialized Procedures (Diagnostic & Therapeutic)**
- ❖ **Surgical Gastroenterology and Minimally Invasive Surgery**
- ❖ **Upgraded Department of Radiology:**
 - Ultrasound and Colour Doppler studies
 - MRI
 - CT Scan
 - Interventional Procedures
- ❖ **Advanced Pathology, Microbiology & Biochemistry Services :**
 - Histopathology
 - Mtb PCR assays
 - NUDT 15/TPMT assay
 - Fecal Calprotectin estimation
 - Drug level & antibody measurement
 - Toxins & Drug Metabolite assay

- ❖ **Department of Nutrition:**
 - Personalized nutrition advice and counselling
- ❖ **Translational Medicine for IBD Genetics, Gut Micro Biome and Cell based Therapies, including:**
 - Stem Cell therapy
 - Next generation genome sequencing
 - Faecal Transplantation
- ❖ **Allied services:**
 - Dermatology
 - Hepatology
 - Rheumatology
 - Neuropsychiatry
 - Orthopaedics
 - Dedicated & trained IBD Counsellors
 - Stoma Clinic
