

PROGRAMMED FOR FUN

The Sharp MZ-80K personal computer can handle serious business as well as the next microcomputer. But it can also be programmed for fun.

This masterpiece of low-cost, easy-to-use, micro-processor technology takes over where TV games end, becoming a sophisticated source of endless hours of family entertainment. And for youngsters, of course, it has added educational value, providing a very useful introduction to the computerised world in which they will live and work.

A comprehensive catalogue of fascinating computer games is now available for use with the MZ-80K: races, battles, quiz games, exploration, showjumping, space adventures; trials of skill and concentration, pitting players against each other or against the computer. Exciting, entertaining, educational, and with such variety of appeal that the incentive to play is never dulled.

The versatile tabletop MZ-80K – and the whole range of cassette-based games – is marketed by HB Computers Ltd, Sharp's appointed software supplier for the UK. Ring or write NOW for an MZ-80K demonstration and/or your free copy of the HB catalogue of computer programmes.

KNIGHT'S T.V. & COMPUTERS

SHARP'S BIG DEALER

Dear Microfans,

Because we sell more Sharp products than any computer dealer we can offer a package deal on the MZ-80K which is unbeatable. The 24K model costs £439, the 36K is £469 and the full 48K model is £499. These prices include next day Red Star delivery, 100 programmes, one year's complete guarantee, and membership of The International Sharp User Group (send £3 to join if you bought your Sharp elsewhere).

We will also send you our exclusive "KNIGHT - COMMANDER" which adds AUTO LINE NUMBER, RENUMBER, DELETE BLOCK, PRINT/SCREEN, APPEND, AND TRACE commands to the Sharp Basic without taking any extra memory space. Write, phone or telex, and we will mail you full details of our exclusive package deal. We take Access, Barclay, VISA and Mastercharge, but remember to add Maggie's VAT.

Happy computing.
Graham Knight

PS Special Offers on Sharp disks and printers. Input/output boards £45 ex stock. Our latest Newsletter details CP/M for the MZ80K and previews the £2,995 Super-Sharp.

ASSEMBLER PROGRAMMERS

We have career openings for programmers with experience in micro/mini assembler/machine language. We are a large company located in central London and actively engaged in developing state of the art operating systems and communications software for mini computers. These positions will suit young and high calibre programmers who have an interest in getting started in real time and communications software development.

NEW POCKET COMPUTER FOR UNDER £100 + VAT. SHARP PC-1211

It's true! A real computer that employs the BASIC programming language and fits into a pocket!

The PC-1211 measures only 175mm wide by 70mm deep by 15mm high and weighs a mere 170g (less than 6 ounces) yet look at its features! Up to 1424 program steps, 80 character input line with full editing features, 18 user definable keys, 24 character alpha-numeric LCD display and built-in tone function are included.

An optional cassette interface is available for loading or dumping programs or data. The PC-1211 is battery operated, has an auto power off function, and maintains all programs and data in its memory even after the power has been turned off.

£91.26
Plus VAT + P&P £1.00
(cassette interface £13.00 plus VAT + P&P 50p)
