TOTALLY THERE FOR YOU

WHAT IS A PRIMARY CARE PHYSICIAN

A PCP is a doctor that coordinates your medical care. It is important to have a good relationship with your PCP. They are a great resource when you have questions about your health. Total Health Care USA recommends that you schedule an appointment with your PCP as soon as possible. This will give your PCP a chance to assess your health.

If you decide a different PCP is better for you, and would like to change, call us by the end of the month. This ensures you will be able to see your new PCP starting the 1st of the following month.

WHAT IS A SPECIALTY CARE PROVIDER

A specialty care provider is a doctor that specializes in conditions that may be outside of the scope of your PCP. If you are a new member, and have been receiving care from a specialty care provider, you must notify your PCP as soon as possible for coordination of care.

There are services performed by specialty care providers that may require a referral. Be sure to contact your PCP before making an appointment for specialty care to determine if a referral is required.
