Profil Perusahaan

Established on November 5, 1986 and has been listed at the Jakarta Stock Exchange on January 17, 1994. The Company has two operating subsidiaries, namely PT Muliaglass and PT Muliakeramik Indahraya.

PT Muliaglass produces float glass, glass containers, glass blocks, and safety glass. Glass blocks, glass containers, and safety glass products are also marketed overseas. Glass containers products are predominantly sold in the domestic and overseas market, catering to the consumer goods and pharmaceutical industries.

PT Muliakeramik Indahraya produces both floor and wall ceramics tile. With our economies of scale, we are one of the most efficient domestic tile players. While aiming to maintain our favorable position in the domestic and overseas market, we continue to look for more opportunities and new market overseas.
