BUDDY RICH – AT THE TOP

Hudson Music

Recorded at the Top of the Plaza in Rochester, New York on February 6, 1973, and captures drum legend Buddy Rich in his absolute prime. Syndicated by PBS in that year, it was the first

time thousands of drummers were exposed to Buddy in a full-length concert setting, and many drummers continue to name this program as a prime influence on their own playing. Not seen in its entirety since it was first broadcast, it remains one of the most sought-after shows ever recorded by Buddy. It includes definitive versions of "Love for Sale," the odd time signature-laden "Time Check," his famed "Norwegian Wood," "Basically Blues," and the astonishing closer "West Side Story." Also features a rare **bonus clip:** an unbelievable unaccompanied drum solo, not seen since its broadcast in May of 1978!

Special DVD Features: Three rare bonus clips of Buddy, including his appearance as a "mystery guest" on *What's My Line* from 1974, a television performance on the Sid Mark Show, and a solo from one of his very last performances at Disneyland in 1984. DVD running time: 87 minutes.

GIG GUIDES

These unique books are laid out with performance in mind. The setlist we have included reflects a wide selection of the most accessible, "field-tested" material available, arranged for a four-piece band in a sequence that's meant to keep your audience entertained. Use it in rehearsal and performance, following along with the lead sheets and individual parts. Each song in the set includes:

- A two-page lead sheet with chords, melody, and lyrics;
- An intro page with song facts, song form, and performance tips for the full band;
- A page of guidelines for each bandmember, including crucial parts and performance tips for vocals, guitar, keyboards, bass, and drums.
- Each song is fully demonstrated on the accompanying CD.

Song intro pages contain some information that might be useful to the frontperson as between-song banter: the story behind the song, when and by whom it was recorded, and so on. Parts and performance tips are written by professional musicians with field experience (not just some guy in a cubicle). If all bandmembers follow their parts in the book and the accompanying CD, and the band rehearses well, you will be gig-ready in no time.
