President's Message

Many thanks to Steven Donahue who has volunteered to take over the helm of the Herding Committee. Since this committee has been lacking a chairman for sometime now, it is a relief that we now have some leadership. **Thank you, Steven!**

We are pleased to announce that the 2009 AKC/EUKANUBA NATIONAL CHAMPIONSHIP will be held December 12 and 13, 2009, at the Long Beach Convention Center in Long Beach, California. Once again, we have been invited to host an AKC MEET THE BREEDS booth. This event attracts many people anxious to learn about different breeds. Since much of our club focus is on public education, it is a perfect time to help the general public learn about Pulis.

If you have any interest in helping with this event, please contact Nancy Donahue at nancy@donahueonline.net. I am certain she will be delighted to hear from you.

Please be sure to check elsewhere in this issue of PN for all the details connected with our National Specialty to be held in October, 2009. It is NEVER to late to make plans!!!

Have a safe and wonderful summer!

Carolyn Nusbickel

It is with great pleasure that we welcome the following new General members of the Puli Club of America.

**Allen & Nancy Cavender , Eموke & James Adams
Natalie Puhak, Elizabeth Simon, Julie Simonson
Judy Crawford, Placido & Roberta Salazar**

It is with great pleasure that we welcome the following new Associate members of the Puli Club of America.

Gail Schmidt 3267 Froelich Rd, Abrams, WI 54101

The Board has assigned Provisional Membership to the following applications upon review. In the absence of feedback, which may cause the application to be rejected, these applicants will automatically become Associate members after a period of 45 days from the publication of Puli News. Please note that all new applicants to PCA Membership that are citizens or permanent residents of the United States will receive an Associate Membership for a period of 12 months, after which time they will become a General Member with all the rights and privileges of membership which includes the right to vote.

The following application for Provisional Membership have been received:

Daniel Wise & Richard Lynn 405 - 6th Ave #305, Tacoma, WA 98402 Home: 816-721-3932 Email: Daniel.L.Wise@gmail.com. Daniel is a Clinical Psychologist & Richard is a Hair Stylist. They own one Puli. Their primary interests in Pulik are as Companion pets, Showing, Obedience, Herding and Agility. Daniel and Richard have signed the Guidelines and are sponsored by Bill & Linn Hielt and John & Lucinda Boright

Please send any membership queries or updates to

Did your Puli compete at an AKC Herding Trial in 2008?

If so the August issue of Puli News will contain the pictures and resumes of the
Top Ten Herding Pulik for 2008.

If you would like your Puli to be considered for inclusion in the top ten please contact the PCA Herding Chairman Steve Donahue 70 Fiddle Creek, Social Circle, GA 30025
678-643-3306
Steven@donahueonline.net
with the following details:

Trial Name and Dates
Judge
Class
Score
Placement
Deadline July 15, 2009

Caution, One and All!

Approximately two months ago, I was given a reprimand by the AKC for having an illegal collar on a trial site. I was ignorant of the rule, made no pretense of hiding the collar, but no one advised me that such a collar could get me into Big Trouble. Unfortunately, someone wrote on a scrap of paper that I had such a collar, and because it was in writing the Trial Committee had no choice but to act upon the complaint. Long story short, I was suspended from the remaining two days of the trial, fined \$100.00 and published in The Gazette.

This was one of the most humiliating experiences of my life, and I urge you all to know the rules, advise anyone you see who might (unknowingly) be in violation to be aware that they had better be careful, and to ask directly the person published what occurred, rather than to gossip or to speculate. Be aware trial committees have no alternative but to act upon written complaints.

I hope you will find this information of help and that none of you experience the humiliation through which I went.

Sincerely, Melinda Peters

NEW TITLES

Ch Moonshadow Topsy Turvee

"Amy" completed her Championship at the PCA supported entry at Mason & Dixon K.C, on April 12th, 2009

Judge Mrs. P A Mowbray-Morgan

 Breeder/Owner: Nancy C. Kelly

BARNEY

12/3/94 - 5/21/09

Last week, Barney received a "G MAIL," from the Greatest Shepherd the world has ever known. It said "I need a well-trained herding Puli to take charge in the big pasture! It appears that you would be ready to take on this job and I look forward to having you on my team!" Most Sincerely, Your Friend, THE LORD

I had sent him Barney's resume which said: VERSATILE PULI ADVANCED (VPA), CHAMPION CONFORMATION PULI WITH MULTIPLE GROUP PLACEMENTS, CANINE GOOD CITIZEN, AGILITY TITLED IN NOVICE JUMPERS WITH WEAVES, COMPANION DOG TITLED IN OBEDIENCE, TEMPERAMENT TESTED WITH A PERFECT SCORE (TT), DELTA SOCIETY WITH OVER 100 HOURS OF COMMUNITY SERVICE, 10 HERDING TITLES- BOTH SHEEP AND DUCKS—FIRST PULI EVER HERDING TITLED IN AKC, ASCA, (AUSTRALIAN SHEPHERD CLUB OF AMERICA) AND AHBA (AMERICAN HERDING BREED ASSOCIATION), ONLY PULI TO EVER EARN ADVANCED HERDING TITLE IN AHBA (HTADIII) HERDING TRIAL ARENA DOG III, ONLY PULI TO EVER BE HONORED BY AMERICAN KENNEL CLUB GAZETTE AS VERSATILE DOG OF THE MONTH (JULY 2008), APPEARED ON THE FRONT COVER OF GOOD DOG MAGAZINE, SUBJECT OF A FEATURE ARTICLE IN THE ITALIAN GREYHOUND NEWS, HONORED IN AN ARTICLE OF DOG NEWS MAGAZINE

I am so proud to have bred, trained and shown this magnificent Puli and hope that you, the PCA will remember Barney as a true Ambassador for our breed. Yes I am very sad to have lost my good friend, but I know he is being cared for by a wonderful Master and Better Handler.

Please be aware, by some greater power, the hand of Puli Club Artist Diane Fields was guided to create a lasting memorial to Barney by choosing his picture for her drawing on the cover of your 2009 Membership Directory.

Herding Judge Rachel Vest said "The sorrow fades away, but never the memories!"

CH. TALISMAN'S BARNABUS BETYAR, CD, HT, PT, STDd, OTDd, JHD, HTDI & II, HTADI, II, III, NAJ, CGC, TT, VPA, DELTA SOCIETY.

Sleep well my beloved friend – you will forever live in my heart, and I will picture you, as always taking good care of the flock

DON GOLD

In honor of Dee Rummel,
a special friend, for all the energetic, loving, sparkling "Pulis" (Pulik) in my life.

ORLANDO TO HOST AKC/EUKANUBA NATIONAL CHAMPIONSHIP IN 2011

The AKC/Eukanuba National Championship Show in 2011 will return to Orlando, Florida and takes place on December 17th and 18th.

Three days of all breed shows will precede the AKC/Eukanuba National Championship. The 2011 event will offer the popular Bred-by-Exhibitor competition, AKC Meet the Breeds® and the Eukanuba World Challenge. The AKC National Obedience Invitational and AKC Agility Invitational will be held in conjunction with the event.

Versatile Puli Awards

The Versatile Puli Award is presented by the Puli Club of America to those Pulik who have excelled in a variety of performance disciplines. Its purpose is to acknowledge these achievements and to encourage members to try new disciplines with their Pulik.

There are three Versatile Puli Awards.

VP for those dogs successfully participating in three discipline areas and earning between 7 and 13 Versatility Points,

VPA for those dogs successfully participating in three discipline areas and earning between 14 and 19 Versatility Points,

VPX for those dogs successfully participating in four discipline areas and earning at least 20 Versatility Points.

The PCA VP discipline areas are Conformation, Herding, Obedience, Agility, Tracking and a Miscellaneous Category. As the Puli earns more advanced titles in a discipline, the number of Versatility Points awarded increases.

Dog's Name (When Award Received)	Award Level	Point Total	Owner	Breeder
CH Tordor's Kirivo Kirohanas CDX, PT, MX, AXJ, MJP2, RE, TT	VP-X	23	James M Moen & Catharine Pronzini	Barbara H. Stelz & Linn Hielt

MACH Mt Hood's Rombolo Rocket HT, RE	VP	12	Catharine Pronzini, James M Moen, Bill Hielt	Linn & Bill Hielt
CH Vadrozsza Erdosi Egi Dejan CD, RA	VP	10	Kathy Allen & Ross Allen	Kathy Allen & Diane Smith
CedarRun Kasam Kerge Ivadek CD, RAE	VP	8	Linore Cleveland	Linore Cleveland

VP-X

CH Tordor's Kirivo Kirohanas CDX, PT, MX, AXJ, MJP2, RE, TT

Kiro achieved the points necessary for his VP-X in 2005. Since he's retired, we are updating his VP points to span his entire competitive years. He now spends his time patrolling the house and managing the younger Pulik. Kiro turned 15 years old last month. He still thinks that he's alpha. Jim and I have had so many fun times with Kiro while acquiring this variety of titles. He was and still is always ready to go (although now he walks instead of runs).

He is a very amazing Puli and we owe a big thanks to Barbara Stelz for letting him join our lives.

VP-A

Bowmaker V Pipacs UD, HSAs, NA, AXJ

Pipacs completed her VPA requirements in style, during October of 2008. After three years of painstaking work, many setbacks and occasionally, incremental progress, she completed her Utility Dog title with Q's in Utility A class on three consecutive days! It was her biggest accomplishment so far. Further progress in agility remains as her toughest obstacle (pun intended), but we'll keep working on that, too. Her handler would miss the exercise if we had to give that up. Wondering how she can make the next level, but we'll give it our best. She's very proud of herself when she performs and succeeds, and she's not done yet.

Thanks to everyone involved in providing us this challenge, and this recognition, as a Versatile Puli Advanced!

VP

MACH Mt Hood's Rombolo Rocket HT, RE

Rombi completed his AKC Herding Tested (HT) title on April 25, 2009 – just in time to qualify for this year's Versatile Puli Award. Rombi really enjoys all the different disciplines that he trains in. Rombi qualified for his Versatile Puli Award based on his success in Agility, Rally Obedience and Sheep Herding.

Rombi is now training for the AKC Pre-Trial Herding test, AKC Tracking Dog, AKC Obedience and he continues his work in Agility. He loves the training and the one-on-one time with his humans. Rombi is a very smart boy.

Rombi is truly a Versatile Puli!! Many thanks to Linn & Bill Hielt for allowing us the joy of living with Rombi.

VP

CedarRun Kasam Kerge Ivadek CD, RAE

Kerge and I have been having such fun in a lot of venues.

We earned his herding Instinct Test Certification in January of 2008, finished his RAE in April of 2008, and earned his CD in September of 2008. We been working on agility for quite some time and are entered in our first AKC agility trial in June (2009), are preparing for his CDX, are taking herding lessons, and are working on freestyle moves so we can compete in WCFO competitions. Kerge's training has been totally positive, he is a "poster child" for Clicker Training -- which I highly recommend for all Pulis. He loves to train!

CYNDE LESHIN, RN, PHD

Volunteer, Healing Paws Animal-assisted
Therapy/Phoenix Children's Hospital

FINALISTS

At Phoenix Children's Hospital, man's best friend is more than just a playmate, he's also a method of healing. Cynde Leshin and her Puli dog, Marley, were among the hospital's original Healing Paws Animal-assisted Therapy teams.

A volunteer in the hospital's biobehavioral unit, Leshin and Marley spent almost 500 hours with the children, teaching them to show respect to living

things, pet safety and training, self-control, independence, safety and improved behavior.

The Healing Paws program has also found that its therapy helps children adapt to their new environment and can speed up the healing process. Marley was also used with children undergoing chemotherapy, and he ended up being treated with chemotherapy himself after being diagnosed with Stage 5 lymphoma. Marley passed away from his cancer in June 2006, but Leshin continues to work with pet-therapy teams and plans to get her new Puli puppy, Ziggy, accredited for animal-assisted therapy.

We were delighted and surprised to receive this recognition, but THANK YOU!

More intense training has led to our being a bit more speedy in the ring, but still I wish my mom wouldn't get in my way to slow us down, or take her eye off me so that I go off course.

We remain addicted to agility and so long as it remains fun we shall continue!

Melinda Peters

MACH2 Bowmaker Szereto Kutya, CD,RN,NF**325 Points**

Scootie has had a very busy year becoming the first Puli ever to attain a MACH2 combining that with another trip to the AKC Agility Nationals where he finished in the top third of the 16" class composed of Border Collies and Shelties.

Scootie has a terrific work ethic and a marvelous sense of fun which keeps me on my toes whenever we're in the ring together. Even after all these years competing, Scootie can still make a split second decision to fly to the other side of the ring or run around the last jump.

He keeps me humble and I give him all the cookies he could ever want. Definitely a winning combination!!

MACH Mt Hood's Rombolo Rocket RE HT**255 Points**

Non-AKC Titles: MAD, ASA, AS, MJ, NAC, NGC, TNN

2008 was a good year for Rombi and we are proud to be on the Puli Club of America's Top Ten List for 2008. This is Rombi's sixth time on the Top Ten list and his fifth consecutive year. In addition to being on the Puli Club of America's Top Ten Agility list, Rombi was the number 4 ranked Puli on the AKC MACH Rating System for 2008 and he was the number 1 ranked Puli in the AKC Invitational Rating System, qualifying him for the 2008 Invitational. He attended the December AKC Agility Invitational in Long Beach for the third consecutive year. He was the High Scoring Puli at the 2008 AKC Agility Invitational and received a very nice medallion.

Rombi also competes in USDAA agility. During 2008 in USDAA agility, Rombi completed his Master Agility Dog (MAD) title – the first Puli ever to complete this title. Many thanks to Linn & Bill Hiatt for allowing us to have Rombi – 'The Rocket Boy'. Rombi is owned by Cathy Pronzini, Jim Moen and Bill Hiatt

CH Loakespark Just Smart RN MX MXJ NAP OJP NF**248 Points**

Every time we go to a trial we both have fun whether we Q or NQ. We have made great friends all over the Mid-Atlantic and Oliver has been a great ambassador for the breed, drawing much interest from both exhibitors and judges as being clipped he does not have cords!

He is reliable, constantly picking up double Q's. In 2009 we have been working on increasing our speed through the weave poles and between jumps. He has just won his first 1st place in Excellent B!

That elusive MACH may now be in sight and we hope to achieve this in 2009 as long as I can convince him that he has to put at least his toe nail in the yellow contact zones on obstacleshowever Oliver thinks it is more fun to jump over them instead!

Shaghaven Buvosh, CGC, CDX, RE, MX, MXJ, NF, VP**190 Points**

We are very honored to be in the Top 10 Agility Pulik for 2008. We work (and play) very hard on our agility.....It is our passion!

We are proud that AKC had us listed as the #1 Agility Puli for the calendar year of 2008 with 550 points and 6 double Qs for a total of 610 points. We were also thrilled to be invited to the AKC Invitational last December and had a good first experience there. We are hoping to go again this year and would love to make it to the finals.

We have improved a lot this past year but have a lot of room for more improvement. Buvi is quite fast and often with speed comes inconsistency we strive for more consistency. To date, we have 15 double Qs and 1,289 points; we are hoping to get our MACH before the end of the year.

I am so proud that Harry and I qualified for the top ten this year. The highlight of 2008 was earning our MACH in December. While the journey was fun, it was for us also quite long. It is nice to have the title to validate our efforts.

Harry continues to entertain me, and our relationship deepens each year. He has taught me so much about myself, and Pulik, and agility, and I will forever be grateful. While not trialing in agility, Harry loves running through the almond orchards that surround our home. Even better than that is when he finds a mud puddle to cool off in.

Photo by Tien Tran

"Kai" began her agility show career in Spring 2008, quickly making her way thru her AKC Preferred titles before moving on to her Performance titles. I've been absolutely beaming since I found out she made the Top 10 agility list, alongside such impressive honorees - our agility idols. "Kai" is a perfectionist, to her... "running clean" is having fun. Almost as much fun as all the 'puppy crack' (aka liver treats) that she gets as her payout.

"Kai" and I thank all of the wonderful people in the Dallas area with whom we train and show; they have provided us with great instruction and friendship. "Kai" asked that I thank Irma Fertl (her co-owner, one of her breeders, and my mom) for letting her ("Kai") pick me, to be her partner in life. "Kai" has been working hard during 2009 to continue to make the Piroaska kennel proud. ~ Dagmar Fertl

CH Tumbleweeds Pretty In Pink AX MXJ

85 Points

To be in the top ten is truly an honor and amazement. Just to be in the game is a reward in itself. Miss Peepers is so much fun, she makes these grunting sounds while she is running, I call her my "pig" girl. She is very unforgiving with late commands. You didn't say anything so I will go do a few thing on my own.

Doesn't help with getting those Q's. So much fun to run if you are not serious.

Ann Frix

CH Tumbleweeds Squash Blossom AX MXJ

80

Squashie became my diva Puli, I'm not quite sure how that happened. She is more forgiving of my bad handling and a joy to run, when she is on her game and I am too she's awesome. She is quite vocal with her wants, which is "throw the ball" now. She is also food motivated and only works for the good stuff.

I don't know how I became so lucky as to have these wonderful girl's and to be playing this great game

Points

Ch. Mardi Gras Devah would like to thank all the judges she winked at and the exhibitors she competed against for making her time in the agility ring pleasant. I am sorry to say that I have retired to the couch and the air conditioning. Running and training in the heat and humidity of the New Orleans area was more than this girl could take."

Thank you so much,
Devah
(and her handler, Gil Martin)

2008 Puli Agility Highlights

New MACHs

Jane Slade-Exum and her Puli **MACH2 Bowmaker Szereto Kutya CD RN NF** completed their MACH2, the first Puli team to do so. A MACH2 takes a total of 40 Double Qs and 1500 speed points. Big Congratulations are in order!!!

During 2008 two Pulik earned the AKC **MACH** (Master Agility Champion) title. Melinda Peters and her Puli **CH MACH Immerzu Kamchatka UDX RE OAP AJP XF** and Esther Abshier and **MACH Prydain Young Wizard CD RN OF**. This brings the number of Pulik with a MACH title to five.

AKC Agility Invitational

The third annual AKC Agility Invitational was held in December 2008. Only four Puli teams competed in the 2008 Agility Invitational. Unfortunately Melinda Peters and Jane Slade-Exum though qualified could not attend. The teams that competed in the Invitational are shown in **Bold** below. The complete list is:

1. **MACH Mt Hood's Rombolo Rocket RE HT**
2. **Shaghaven Buvosh CDX RE MX MXJ NF**
3. CH MACH Immerzu Kamchatka UDX RE OAP AJP XF
4. MACH Bowmaker Szereto Kutya CD RN NF
5. CH MACH Pula-V's Fruska Pajkos RA
6. **CH Loakespark Just Smart RN MX MXJ NAP NJP NF**
MACH Prydain Young Wizard CD RN OF

- Cathy Pronzini**
Martha Sheppard
Melinda Peters
Jane Slade-Exum
Jane Slade-Exum
Alex Davis
Esther Abshier

The highest scoring Puli team at the Invitational was Cathy Pronzini and **MACH Mt Hood's Rombolo Rocket RE HT**.

Fast Pulik

Each year I calculate the Fastest Agility Runs by a Puli from information that I get from the AKC. The Top Ten Fastest Agility Runs of each year are also posted on the Puli Club of America Website www.puliclub.org.

Jumpers with Weaves (JWW) classes are made up of jumps (single bar and spread), tunnels (open and collapsed) and weave poles. The Yards per Second requirement for JWW runs is much higher than the Standard agility classes since there are no contact obstacles in the course. I calculated Yards per Second by dividing the number of yards in the course by the dog's time.

This year the Top Ten Fastest JWW list was swept by Martha C Sheppard and her incredible Puli, **Shaghaven Buvosh CDX RE MX MXJ NF**, in fact this team had the top 18 fastest runs in 2008!

The top 10 JWW (Jumpers with Weaves) Runs for 2008:

	Dog Name	Yards per Second	JWW Class	Owner
1	Shaghaven Buvosh	5.51	Excellent B	Martha C Sheppard
2	Shaghaven Buvosh	5.46	Excellent B	Martha C Sheppard
3	Shaghaven Buvosh	5.36	Excellent B	Martha C Sheppard
4	Shaghaven Buvosh	5.27	Excellent B	Martha C Sheppard
5	Shaghaven Buvosh	5.26	Excellent B	Martha C Sheppard
6	Shaghaven Buvosh	5.24	Excellent B	Martha C Sheppard
7	Shaghaven Buvosh	5.20	Excellent B	Martha C Sheppard
8	Shaghaven Buvosh	5.12	Excellent B	Martha C Sheppard
9	Shaghaven Buvosh	5.10	Excellent B	Martha C Sheppard
10	Shaghaven Buvosh	5.08	Excellent B	Martha C Sheppard

Standard Agility classes are comprised of the same selection of obstacles as in JWW, with the addition of three contact obstacles (Teeter-totter, elevated Dog Walk, A-Frame), plus a table. The dog must touch the 'contact' zone (last few feet of each 'contact obstacle' and the first few feet on the Dog Walk). Missing the 'contact' zone results in a non-qualifying score, at all levels of agility. The table is also a required obstacle, where the dog must sit or down for 5 seconds. The judge calculates the Standard Course Time based on the course length and required YPS then adds 5 seconds for the time that is spent on the Table. I calculated Yards per Second by dividing the number of yards in the course by the dog's time less the 5 seconds for the table.

The top 10 standard agility runs for 2008:

	Dog Name	Yards per Second	Std Class	Owner
1	Shaghaven Buvosh	4.12	Excellent B	Martha C Sheppard
2	Shaghaven Buvosh	4.02	Excellent B	Martha C Sheppard
3	Shaghaven Buvosh	4.01	Excellent B	Martha C Sheppard
4	Shaghaven Buvosh	3.99	Excellent B	Martha C Sheppard
5	Shaghaven Buvosh	3.94	Excellent B	Martha C Sheppard
6	Shaghaven Buvosh	3.90	Excellent B	Martha C Sheppard
7	Prydain Young Wizard	3.89	Excellent B	Esther Abshier
8	Prydain Young Wizard	3.88	Excellent B	Esther Abshier
9	MT Hood's Rombolo Rocket	3.87	Excellent B	Catharine Pronzini, James M Moen, Bill Hiatt
10	Prydain Young Wizard	3.86	Excellent B	Esther Abshier

The number of Pulik competing in agility rose slightly during 2008. There were 22 Pulik that earned a qualifying score during the year, up from 20 in 2007. I hope that you have enjoyed reading the 2008 Agility Statistics and that you will go out and make some of your own!

Cathy Pronzini ~PCA Agility Statistician

From Ruth Boatright - PCA Historian

This article is taken from "THE PULI". Editor, Dr. Sandor Palfalvy, M.D.
and Published by Dr. and Mrs. Fred Thardy,
1st year, 1st issue, November 1965.

PULY - PULI
"Precious Animal"
"Precious Value"

Did you ever think about the meaning of the word: Puli? When you saw it in print, heard, read or pronounced it, did you wonder if it has any special meaning, or you simply used it as the name of a certain breed of dog? Did you know that it contains a lot of feeling, sentiment and appreciation? Yes, it does.

The word Puli has a very interesting history. It had been created by not one person, but a whole nation, the Hungarians, who at that time were called "szabir," and were a part of the sumer people along with other tribes, such as the Huns, Dacians, Avars, and Chuz.

They valued this animal highly, loved him, appreciated his work and thought of him as their very own, regarded him as a useful member of society. All this is condensed in the word: Puli.

I think it worthwhile to analyze this word and take it under the dissecting knife of linguistics and see its evolution, its meaning and to follow how did it develop?

The word: "ABALY" means: cattle, worth, livestock, value, asset in old szamer-szumir (summer) according to linguistics and this is the base word of Puli. At that time livestock meant wealth. Even under the first Hungarian King, St. Stephen (1001-38) young bullock (ox) was the standard of value.

"The word ABALY has a variation: APALY. Since the labialis and semilabialis consonants: b, p, v, m, f may change in the development of a word with the hard and soft sounds without change in the meaning, the most easily exchanged consonants are the "p" and "b" in the vocabulary development of any language." (Quotation)

You are probably wondering about these two words: ABALY – APALY; these certainly sound a little strange to the ears. But we should keep in mind that in the course of 7-8000 years, language goes through great changes. There are lots of words used in present-day Hungarian which originated from this base word, but are not easily recognizable because of their phonetic change. Reading scripts originating only a few hundred years ago the change of times is apparent.

There are few present-day variations of ABALY-APALY, originating from these two words according to linguistics; today's "goboly" (fatted ox) and "bivaly" (buffalo) are similar in meaning and form. The old word GU meaning neck is included in the modern GUga, Gga, GEge words (Guga, giga=animal neck, Gege=throat). The composition of the two words Gu-Baly gives us the modern word Goboly meaning yoke-draught cattle. BU=meaning dark or black in the old language, and in today's Hungarian bubanat (sadness) and busulas (melancholy) are certainly not gay or happy feelings. The long-ago used word BU-BALY (black cattle) is obviously the equivalent of BIBALY (water buffalo) in modern Hungarian. Also from these two words had developed the word VAJ (butter) meaning the rich part of milk. There are family names (surnames) taking their origin from this base word: BAY, VAY and FAY. These surnames refer to the family's financial standing too, besides being family names. Bojtar (shepherd boy), Puli and Pulya (child) can be traced back clearly to these two words.

All this research has been done by scientists recognized all over the world. We can hardly accuse them with national prejudice since the English, German and French scientists greatly outnumber the Hungarians in this field. It has been generally acknowledged as fact that the Hungarian language takes its origin from the Szamers – Szumir (sumer) since their words, suffixes,

inflection, conjugation and structure of grammar show such similarities which are not found in any other language.

There is another variation of ABALY – APALY and that is APULY (A PULY – The PULY) meaning: valuable, precious, dear to someone's heart. According to the laws of etymology the words: Puli and pulya (child) take their origin from this word.

"The first vowel at the beginning of these words can be completely omitted during the word's development, or separated from it, can play the part of an article." (Quotation)

This is what happened to the word APULY when it became Puly and Pulya (child). It is not nonsense but can be proved by the laws of etymology.

I am sure it is surprising to state that in the old language, the pride and joy of the family, the child, and an animal take their name from the same word, and are called practically the same but it is a fact. Both were valuable, dear to the heart and treasured.

To understand this clearly I have to say a few words about the Hungarian people, about their way of life and to explain how is it possible to have the word Puli and the word child so similar in the vocabulary. Our ancestors lived in kinship systems at that time; all property was owned jointly; each member of the family took equal part in chores to multiply their wealth under the head of the family's leadership. They were self-dependent; each member of the family doing necessary jobs. In kinship systems where livestock meant wealth, children were considered equally valuable; grown to manhood they meant working hands helping to increase the family's property and respect. Even today we hear from Hungarian parents: "My children are my wealth." It was the same way thousands of years ago.

And how did the Puli fit into society living in kinship systems? How did he share in the common work? By guarding and herding the all-important livestock, he played an important part indeed. In this capacity he freed three or four men making it possible for them to work on some more complicated job; thus becoming a very useful member of society, just like the child. "A good Puli is worth more than three shepherd boys," has been said many times and it still holds true to this day.

The Puli was owned by the whole family, the work he did was for the common good; that is why he is spoken of as a member of the family among shepherds. It explains the similarity between the word Puli and pulya (child) meaning valuable and esteemed.

Our ancestors did not use the Latin alphabet in their written language, but used the so-called "runic" writing which was burned into pottery and carved into wood and stone.

Among hundreds of other words left to us in runic writing can be found the words ABALY and APULY. These were found by archeologists in the ancient territory where the Sumer-Hungarians were living in the cities Ur-Kald, Szerir, Madzar (Magyar), Szurozs, Perin, Kelemes, Ogyeg. This territory was named by the Greek historian, Herodotos: HIPPOTOXOTAJ (phonetically) country of the people where men shot with arrows from horse back.

The symbols shown at the beginning of the article meaning Puli have been found by archeologists excavating ancient graves in the Baknan-Csegem and Csigirin valleys. There is no doubt that this word Puly is the old form of the today Puli word because on the findings this word appears with another word which is the old name of the sheep used long ago and above these two words, there is no other word.

These findings are so exciting and have such documental value, I will devote a separate article to their detailed discussion at a later date.

I have no information as to when the letter "Y" has been transformed into "I" at the end of the word: Puli. Presumably it had been pronounced "I". Fay is a good example to demonstrate this, because it originates from the same base

2009 National Specialty

Friday, Oct 23, 2009 Designated National Specialty
(This is a Herding Group Show put on by Northern California Herding Group Assoc, there is also a class for Herding Titled dogs and bitches. These two class winners compete for BOB but not for WD or WB)

Saturday, Oct 24, 2009 Designated Specialty
(Sacramento Valley Dog Fanciers Assoc)

Sunday, Oct 25, 2009 Designated Specialty
(Sacramento Valley Dog Fanciers Assoc)

LOCATION :
Dixon May Fairgrounds
655 S I Street
Dixon, CA 95620

This location is very convenient for those driving. Dixon is located practically at the intersection of I-5 and I-80. I-5 is the major North - South expressway from and to Southern California and I-80 is a major East - West thoroughfare from and to the East.

AIRPORTS :

1. San Francisco Airport to Dixon Fairgrounds
77.25 miles est. travel time 1 hr 21 minutes
2. Oakland Airport to Dixon Fairgrounds
69.86 miles est. travel time 1 hr 15 minutes
3. San Jose Airport to Dixon Fairgrounds
94.15 miles est. travel time 1 hr 36 minutes
4. Sacramento Airport to Dixon Fairgrounds
28.14 miles est. travel time 34 minutes

HOST HOTEL :

Courtyard by Marriot Vallejo Napa Valley, 1000 Fairgrounds Drive Vallejo, CA 94589 Phone :707-644-1200

The hotel is approx 33 miles from the Dixon show site - room rate \$99 per night. Web Site : <http://www.marriott.com/hotels/travel/sfovl-courtyard-vallejo-napa-valley/>
Please make your reservations early!! Identify yourself as part of PCA even if you are not bringing a dog with you

JUDGES :

Friday (National Specialty)

Conformation : Ms Sherry Gibson
Sweepstakes (all classes) Tomas Attila Paulsen Olaj , Norway
Obedience : Alvin Eng (Puli Only)

(Continued from page 24)

word and is pronounced Fai not Faj. Later the spelling followed the pronunciation changing y to i. I personally have an irresistible feeling about this i-business, that the change has been brought about not only by grammar or phonetic rule, but by sentimental factors as well.

It is generally known that changing the end of a noun to I we express love and closeness. This is how Katalin will become Kati, Antal=Anti, Marton=Marei etc. I could go on and on, but it is easy to see that the I at the end means: love, being on friendly terms, familiarity.

Knowing the mind of Hungarian people I think this is how the "i" got to the end of the word Puly.

The shepherd was all by himself with the Puli and the flock for long periods of time: the Puli was his only companion and help: no wonder he grew fond of him. "I used to talk to my Puli who understands every single word" - said to me several times (Maerton Kovacs, eighty years old shepherd's from Zsaka (Bihar county).

Delving into the Hungarian shepherd's soul, we find that they kept the Puli as their friend, and valuable helping mate "without whom the shepherd is not even half a man"!!!

It is a fact proven by the rules of linguistics that Puli meant valuable, esteemed, hold dear. The base word: ABALY is: livestock, cattle, wealth, so

Puli means

"precious animal"
(valuable animal)

in the language of Hungarian ancestors as long as 7-8000 years ago, and the same and its meaning is unchanged to this day.

We can be proud of our Puli and his name; there is not another species in the world which was immortalized in such a beautiful word expressed by the human love and appreciation.

The name of the Puli means even more that this analysis for the scientific world and for you also. The foregoing analysis is just the first step enroute to the "treasure house" given to the world of the Puli. Therefore, if you are interested in these things, I will continue this study and step by step you will arrive to the goal and you will have a knowledge which all Puli owners have to get because after knowing this, I can certainly tell that above your present love, you will feel your Puli nearer to you.

This was a short summary from essay of Dr. Sandor Palfalvy: "Roaming on Ancient Puli Tracks" Translator: Mrs. N.Z.R.

There are two bound volumes of "THE PULI" that were donated to the Puli Club of America. I will include more articles from these volumes in subsequent issues of the Puli News. I hope you enjoy them.

Ruth Boatright, PCA Historian

THE PULI CLUB OF AMERICA'S GUIDELINES FOR OWNERS/BREEDERS/EXHIBITORS

The Puli Club of America, Inc. in accordance with the objectives of its Constitution, expects its members to use these guidelines in establishing a standard of conduct for themselves as owners, breeders, sellers and exhibitors of Pulik.

A. A PULI OWNER WILL PROVIDE ALL DOGS WITHIN THEIR KEEPING WITH:

1. Appropriate food, water, health care and shelter.
2. Emotional requirements of attention, affection and appropriate training.

B. A PULI BREEDER WILL:

1. Be familiar with the Standard of our breed.
2. Be aware that the purpose of breeding is to maintain or improve the quality of the breed in accordance with the standard.
3. Use all available means such as knowledge of ancestors, OFA (Orthopedic Foundation for Animals) and CERF (Canine Eye Registry), to determine that breeding stock is free of inheritable disease.
4. Obtain radiologically normal OFA evaluation on all breeding stock before breeding.
5. Use only stock which is itself sound in body and temperament.
6. Breed only when in a position to properly care for the bitch and litter, recognizing that offspring might need housing for a considerable length of time.
7. Not breed a bitch at her first season nor breed her more than 2 out of 3 consecutive heat periods, taking the health of the bitch into consideration at all times.
8. Enter into all breeding arrangements with written contracts.
9. Keep accurate and thorough breeding records in full accordance with AKC requirements.
10. Prevent all breedings that are not carefully planned and provide adequate kenneling to prevent accidental or unplanned matings.
11. Insist that a visiting bitch be in the stud owner's care and/or supervision before, through and until completion of estrus, so that accidental mating to another stud not occur.
12. Not substitute one stud for another without the knowledge and agreement of all parties.
13. Pay careful attention to physical and emotional needs of puppies produced.

C. PERSON SELLING A PULI WILL:

1. Maintain a reasonable price within one's locale, which price should also be compatible with national prices.
2. Intelligently and honestly classify stock as show prospect, breeding prospect or pet.
3. Not sell stock with AKC papers if it may be a potential detriment to the breed.
4. Ascertain that the prospective owner has the knowledge, ability and facilities to properly care for a Puli.
5. Give the buyer an honest appraisal of coat management, physical, mental and nutritional needs peculiar to the breed.
6. Provide a pedigree of at least 3 generations, typed or written legibly.
7. Supply records to the buyer regarding immunization, feeding and instructions for future care.
8. Release only puppies which are in good health and guarantee the health of the puppy for a reasonable length of time.
9. Provide written contractual proof of sale and guarantees. (If registration papers are not yet available, a bill of sale, giving names and registration numbers of sire and dam and date of birth are required.)
10. Avoid false and misleading advertising.
11. Not sell or provide stock to pet shops or commercial kennels.
12. Not donate dogs, puppies or adults, for contests, raffles, or fund raising events.

D. A PERSON SHOWING A PULI WILL:

1. Show and encourage the showing of high quality stock.
2. Exhibit only the most creditable ring department and accept the services of only those professional handlers whose behavior is exemplary.
3. Help the novice exhibitor and breeder. Use kind, constructive and honest criticism.
4. Display good sportsmanship and conduct themselves, whether at home, traveling, at shows, or in hotels, in such a manner as to reflect credit upon the Puli Club of America, themselves and the Puli as a breed.
5. Exhibit dogs that are clean, in good physical condition and under in good physical condition and under control.

Breeder Information listings are accepted by Puli Club of America members in good standing. Breeders listed here will also be listed on PCA's web site at www.PuliClub.org/pcabreeders.htm. If your kennel has a web site, we can provide a link. Just send a note to the Web Page committee at moenmail@yahoo.com.

Zeal to produce champions or perpetuate a bloodline must never compromise a breeder's sensitivity to the quality of life that every Puli bred will experience. Breeders must consider the welfare of the Puli above personal gain or profit. Breeders have the responsibility to insure the welfare of all puppies they produce and remain responsible for those Pulik throughout their entire lifetime. Should the situation arise, breeders are required to provide assistance to dogs of their breeding in need of re-homing, including taking the dogs back and fostering them until they can relocate them to a new home.

This wording has been added to insure that breeder's own the ultimate responsibility for the dogs they produce throughout their lifetime. The Puli Club of America Rescue Trust is not responsible for placing dogs bred by known people in the breed, and the Board felt that clear lines need to be established to advise everyone of their responsibility in the future. Should Rescue be advised of a Puli in need of re-homing their first obligation is to try to determine who the breeder is, and then contact that person in order that they can make the necessary arrangements for their dog.
