

PURDUE UNIVERSITY

2017 INTERNATIONAL ADMISSIONS GUIDE

WE'RE CALLED THE BOILERMAKERS

But it's more than just a nickname — it describes our culture here at Purdue. Traditionally, boilermakers were craftsmen who worked with iron and steel. They built boilers, but also bridges and other structures. They were known for being tough and ingenious. And that description still fits us perfectly today.

We may not make boilers anymore. But we do make carbon nanotubes. Chemical processes that make it easier to produce lifesaving prescription drugs. Seeds that can survive drought, weeds and disease — and feed millions in the process. We make things that aren't as concrete, too. Business decisions that set the pace for industry. Speeches that inspire. Art. Literature.

The list goes on and on. **Our question to you is this:** Are you driven to make things as well? Look through this magazine to get a better idea — you may just find you're meant to be a Boilermaker. We hope you are.

MAKE A CALCULATED DECISION

There's a lot to consider in your college search. These facts and figures will give you a better sense of what it means to attend Purdue.

MAKE A NAME FOR YOURSELF

Purdue graduates are known for their ability to hit the ground running from the day they graduate. We prepare students of all types for not just jobs, but careers spent creating a better world.

PURDUE HONORS COLLEGE

Intellectual curiosity. Leadership. Academics. Community. The world's brightest. Purdue Honors College is a magnet for the best minds who are inspired to tackle major issues in our world.

www.purdue.edu/honorscollege

450,000+ ALUMNI

Simply put, we have amazing alums. Managing an empire, writing novels and walking on the moon are all in a day's work for Purdue alums. Become a Boilermaker and you'll be a part of one of the most impressive alumni networks in the world — more than 450,000 alumni around the globe.

www.purduealumni.org

CAREER OPPORTUNITIES

From day one, you can begin taking advantage of the resources at the Center for Career Opportunities (CCO). Early in your college career, you might seek help in choosing cocurricular activities to complement academic or career interests. Later, you may want to try a few mock interviews or get help with a resume. The CCO also builds bridges between Purdue students and the employers who want them. Each year, Purdue hosts 340% more on-campus job interviews than any other university in the U.S.

www.cco.purdue.edu

STUDY ABROAD

More than 400 programs. 60 countries. All Purdue students are encouraged to study abroad and gain an even better global perspective. Studying abroad is a great way to add to your undergraduate experience and make your resume stand out.

www.studyabroad.purdue.edu

IN GOOD COMPANY

It's no secret that most Purdue graduates go on to great careers. Here are some of the most popular places Boilermakers go to work:

AccorHotels Sofitel
Apple Inc.
AT&T Inc.
Atlanta Braves
Bank of America Corp.
Boeing Co.
Caterpillar Inc.
Cisco Systems Inc.
The Coca-Cola Co.
CVS Health Corp.
Dow Chemical Co.
DuPont Co.
Eli Lilly and Co.

Ford Motor Co.
General Electric Co.
The Goldman Sachs Group Inc.
Google Inc.
Intel Corp.
Johnson & Johnson
Lockheed Martin Corp.
Microsoft Corp.
National Aeronautics and
Space Administration
Nielsen Holdings N.V.
PepsiCo Inc.
Pfizer Inc.

Pixar Animation Studios
The Procter & Gamble Co.
Rolls-Royce
Royal Dutch Shell PLC
Starbucks Corp.
State Farm Insurance
The Andersons Inc.
The Wall Street Journal
The Walt Disney Co.
United Way Worldwide
U.S. Department of Justice
Weber Shandwick Worldwide

#3 BEST CAREER SERVICES

CollegeMagazine.com ranked Purdue third in the nation for having the best resources to get students employed after graduation — think high graduation rates, strong alumni networks, innovated career fairs and top-dog recruiter connections.

400+ RESEARCH LABS

23 ASTRONAUTS

are alumni, including the first to walk on the moon (Neil Armstrong) and the most recent (Eugene Cernan).

400+ STUDY ABROAD OPTIONS

“Purdue helped me step out of my comfort zone and explore my capabilities. The hundreds of student clubs and organizations helped me realize my potential. I am eternally thankful to Purdue for giving me valuable educational and leadership experiences.”

WELCOME HOME

The Boilermaker experience isn't just about studying. There are countless opportunities to let loose, meet new people and participate in activities you may never have imagined. Plus — with residence halls full of great food and amenities — you'll feel right at home.

GREAT START

Boiler Gold Rush International (BGRi) is a pre-orientation program designed especially for incoming international undergraduate students. BGRi takes place the week before Purdue's orientation program — Boiler Gold Rush (BGR). Make new friends and learn your way around.

www.iss.purdue.edu/BGRi
www.purdue.edu/studentsuccess

BOILER UP

Boilermaker spirit is big. Recreational sports and social activities everyone can be a part of. Club sports with more than 30 club teams that compete against other universities. Varsity sports at the NCAA Division I level — get ready to cheer.

www.purdue.edu/recsports
www.purduesports.com

BE INVOLVED

With nearly 1,000 student organizations on campus, you're guaranteed to find a group you'll fit right in with, no matter your interests.

 PURDUE GETS AN **'A'** ON PETA2 VEGAN REPORT CARD

5 DINING COURTS

SAFE AND SECURE

Purdue is one of the few U.S. universities with its own professional police agency and fire department, protecting and serving with a focus on meeting the safety and security needs of the campus community of 39,000 students and 15,000 faculty and staff members. While we understand that no environment is free of crime, the Purdue University Police Department is committed to partnering with our campus community to foster an environment conducive to learning, discovery and engagement in support of our global mission.

www.purdue.edu/police
www.purdue.edu/fire

PURDUE UNIVERSITY STUDENT HEALTH CENTER (PUSH)

PUSH supports the well-being and development of all Purdue students and members of the campus community by providing quality medical, mental health and wellness education services.

www.purdue.edu/push

GET MOVING

EXERCISING is a great way to keep a balanced mind, body and spirit. A Purdue study shows that students who visit the gym regularly **EARN HIGHER GPAs**. With a state-of-the-art recreational center and loads of club sports to participate in, working up a sweat has never been more fun.

CAN'T-MISS EVENTS ON CAMPUS

1 BATTLE FOR THE BUCKET

You should know that our rival is in Bloomington, Indiana, and goes by the nickname “Hoosiers.” (We won’t mention the school by name.) Since 1925, the winner of the football game between our two schools takes the Old Oaken Bucket, one of the oldest trophies in American college football. By the way, we’re up 72-40-6 in the rivalry.

2 INDUSTRIAL ROUNDTABLE

As the largest university career fair in the United States, its hosts — the Purdue Engineering Student Council — proudly proclaim it to be the can’t-miss event on campus. Each fall, nearly 400 world-class companies line Memorial Mall in hopes of snagging top talent from engineering, science, technology and management. And this is just one of at least two dozen on-campus career fairs. Talk about being in demand.

3 RUBE GOLDBERG MACHINE CONTEST

The quirky annual contest brings together the best minds in the nation. Teams of Purdue students routinely are many steps ahead of their competition when challenged to design and build a contraption that takes a complicated approach to completing a simple task. Tasks such as erasing a chalkboard or opening an umbrella. Boilermakers are inevitably headline-makers at these zany, brainy, no-holds-barred rounds of competition — and quite often the nationals — that are held on campus.

4 SPRING FEST

A weekend where we show the “lighter side” of education, Spring Fest features exhibits from many colleges and departments within the University, including art, demonstrations and more.

5 GRAND PRIX

This charity kart race has been a Purdue tradition since 1958. Student organizations build and race their own karts in what’s been called “the greatest spectacle in college racing.” And it’s for a good cause — all proceeds fund student scholarships. Ladies and gentlemen, start your engines.

“I chose to come to Purdue because it is one of the top-notch universities in the world. I believe the endless opportunities at Purdue will best prepare me for my career.”

KOICHIRO HADIPRAJITNO
FRESHMAN
MAJOR: INDUSTRIAL ENGINEERING
(INDONESIA)

HIGH SCHOOL PREPARATION

We encourage students interested in Purdue to pursue the most rigorous high school curriculum available to them. Those who succeed in tough secondary school preparation are stronger candidates for Purdue's competitive admission process and better prepared for success in college.

MINIMUM HIGH SCHOOL COURSEWORK FOR 2017 ENROLLMENT INCLUDES:

- **MATH** — eight semesters
- **ENGLISH** — eight semesters
- **LAB SCIENCE** — six semesters
(2 of these must be chemistry for College of Engineering applicants)
- **SOCIAL STUDIES** — six semesters
- **FOREIGN LANGUAGE** — four semesters
(U.S. citizens and U.S. permanent residents only)

Many applicants exceed these minimums. Specific country requirements for admission are available at the Office of International Students and Scholars website.

www.iss.purdue.edu.

Additional information about high school course expectations is on the Office of Admissions website.

www.admissions.purdue.edu

ADVANCED COLLEGE CREDIT

We accept multiple forms of advanced college credit, including College Board Advanced Placement exams, International Baccalaureate, A-Level and Purdue's own advanced placement tests.

www.iss.purdue.edu/credit

CLOSED PROGRAMS

Purdue reserves the right to close admission to any academic program once it is filled.

www.iss.purdue.edu/closed

IMPORTANT DATES AND DEADLINES

AUG. 1, 2016

APPLICATION BECOMES AVAILABLE VIA THE COMMON AND COALITION APPLICATIONS

Applicants should submit all documents through either the Common Application or the Coalition Application. It is not necessary to mail documents submitted via the online application to Purdue. Please submit only one application.

NOV. 1, 2016

SCHOLARSHIP APPLICATION DEADLINE

To be considered for the full range of Purdue scholarships, a student's application must be completed by this date. (U.S. citizens and U.S. permanent residents only)

HONORS COLLEGE CONSIDERATION

Students are strongly encouraged to complete their application by this date to be fully considered for the Honors College.

FIRM APPLICATION DEADLINE FOR THE FOLLOWING:

- Nursing
- Veterinary Technician
- Veterinary Technologist

JAN. 1, 2017

PRIORITY APPLICATION DEADLINE

Except for the majors listed for the Nov. 1 deadline, Purdue will continue accepting applications until at least this date. However, applying earlier is strongly recommended; admission is more competitive for those who apply later.

SUPPLEMENTAL SCHOLARSHIP APPLICATION

Purdue uses a supplemental scholarship application to award academic-department-specific scholarships. This application is used to identify candidates for scholarships that have very specific criteria. For students applying for 2017 enrollment, the supplemental scholarship application will be available Nov. 1, 2016 through Jan. 1, 2017. (U.S. citizens and U.S. permanent residents only)

Filing a FAFSA is required for students who want to be considered for scholarships awarded based on financial need.

- Students who submit the Supplemental Scholarship Application should file a FAFSA by Jan. 1.
- For other need-based scholarships and other financial aid, students should file a FAFSA by March 1.

EARLY MARCH 2017

Financial aid awards are communicated. (U.S. citizens and U.S. permanent residents only)

MAY 1, 2017

DEADLINE TO ACCEPT ADMISSIONS OFFER

Includes \$400 nonrefundable deposit.

MAY 5, 2017

Deadline to submit contract for on-campus housing. New students are guaranteed housing if they submit their contract by this date.

An application is not considered complete until all test scores and applicable secondary transcripts/certificates indicated on the application are submitted to Purdue. Applicants are encouraged to check the Purdue checklist periodically during the application process.

ADMISSIONS

APPLICATION REQUIREMENTS

1. Completed admission application along with essay and application fee. All Purdue applications can be viewed at: www.iss.purdue.edu/apply. Beginner students (freshmen) use the Common Application or the Coalition Application for admission.
2. Original or attested copies of **ALL** transcripts, diplomas, mark sheets and certificates (i.e., IGCSE or A-Level) from each secondary school attended.
3. Official SAT or ACT scores are strongly encouraged for international citizens. SAT or ACT scores are required of all U.S. citizens and U.S. permanent residents. U.S. citizens and U.S. permanent residents are not required to meet English proficiency minimums.
4. All international citizens from non-English-speaking countries are required to submit official proof of English proficiency. English proficiency can be demonstrated by submitting one of the following official scores. Students with exceptional SAT Evidence-Based Reading and Writing (new), SAT Critical Reading (old), or ACT English scores may be exempt from submitting additional scores. Generally, an exceptional score is within the top 15 percentile.

Test of English as a Foreign Language (TOEFL)

- Students applying for majors in the Colleges of Engineering and Science and Krannert School of Management generally have a score of 88 or higher on the internet-based test.
- Students applying for majors in the Colleges of Agriculture, Education, Health and Human Sciences, Liberal Arts, Pharmacy, Polytechnic Institute and Exploratory Studies generally have a score of 80 or higher on the internet-based test.

In general, TOEFL subscores on the listening, writing, speaking, and reading sections are 20 or higher per section. Purdue School Code: 1631 Dept. 00.

Score results must be from a test taken within the last two years.

Students are required to submit all standardized tests indicated on the application to Purdue University.

An application is not considered complete until all test scores are received.

Meeting the minimum English proficiency score does not guarantee admission.

5. Though not required, a letter of recommendation is strongly encouraged, especially for students eligible to be considered for scholarships, for the Honors College or for those who are applying to highly competitive programs.

Purdue evaluates applications holistically, which means everything in the application file is taken into consideration for admission. Please visit www.admissions.purdue.edu/apply/criteriafreshmen.php for more information.

International English Language Testing System (IELTS)

- Students applying for all majors would generally have an overall score of 6.5 with a minimum score of 6.0 on each section. Select Purdue University — Office of International Students and Scholars to send scores.

British O-Level English Language Exam

- Grade of A or B on Ordinary Level of GCE/GCSE/IGCSE.
- English as a Second Language is not accepted.

COST

FINANCIAL AID

Because Purdue University is a state-assisted public institution, international undergraduate students are generally ineligible for need- and merit-based financial aid.

International students should be prepared to pay the entire cost of attending Purdue.

However, during the course of study at Purdue, international students are eligible for small, merit-based awards. Information about these awards can be found at:

www.purdue.edu/dfa/sandg/schoolaward.php

U.S. citizens and U.S. permanent residents are eligible for financial aid and scholarships at Purdue. To maximize consideration for Purdue scholarships, the admission application and all required supporting materials must be received or postmarked by Nov. 1, 2016. Information about applying for financial aid and scholarships can be found at the Division of Financial Aid (DFA) website at:

www.purdue.edu/dfa

ESTIMATED COST OF ATTENDANCE 2016-17

The cost of attending Purdue University varies depending on where a student chooses to live, travel expenses, food costs, enrollment in a specific program or college, and other factors. Below are estimated costs for the 2016-17 academic year (two semesters of full-time enrollment).

BILLED EXPENSES	INDIANA RESIDENT	NON-RESIDENT	INTERNATIONAL*
Tuition/Fees †	\$10,002*	\$28,804*	\$30,964*
Room/Board	\$10,030	\$10,030	\$10,030
SUBTOTAL	\$20,032	\$38,834	\$40,994
OTHER ESTIMATED EXPENSES			
Books/Supplies	\$1,220	\$1,220	\$1,220
Travel	\$210	\$370	\$370
Miscellaneous	\$1,570	\$1,570	\$1,570
SUBTOTAL	\$3,000	\$3,160	\$3,160
ESTIMATED TOTAL	\$23,032	\$41,994	\$44,154

†Tuition will remain frozen at current rates through the 2017-18 academic year.

*International students are those who hold F, J and some other types of visas.

*Some programs have additional fees:

- Computer Science — \$2,050
- Engineering — \$2,050
- Flight — Individual courses in this program have additional fees; please refer to the Bursar website at www.purdue.edu/bursar or contact the department for specific flight course fees.
- Management — \$1,436
- Polytechnic Institute — \$572

- ¹ Apply to "agricultural and biological engineering (pre)" in the College of Agriculture.
- ² Apply to "communication (pre)" in the College of Liberal Arts.
- ³ Students who are preparing for a professional program should choose a major based on their academic interests and abilities. Professional programs such as medical, dental and law schools accept students from all undergraduate majors. Students may consult with the Purdue Center for Career Opportunities for Pre-Professional Advising, purdue.edu/preprofessional, for more information.
- ⁴ Preveterinary medicine students choose a wide variety of Purdue majors, but many opt to begin in the preveterinary program in the College of Agriculture or a life science major in the College of Science.
- ⁵ Apply to "computer science" in the College of Science.

DID YOU KNOW?

You can pair any major with a Certificate in Entrepreneurship and Innovation.

EXPLORATORY STUDIES
With Exploratory Studies, you get plenty of guidance to explore your options and interests before selecting a Purdue major.

LEARN MORE. For the most updated list of majors, minors, descriptions, plans of study, sample careers and contact information, visit www.purdue.edu/majors.

OUR CORNER OF THE WORLD

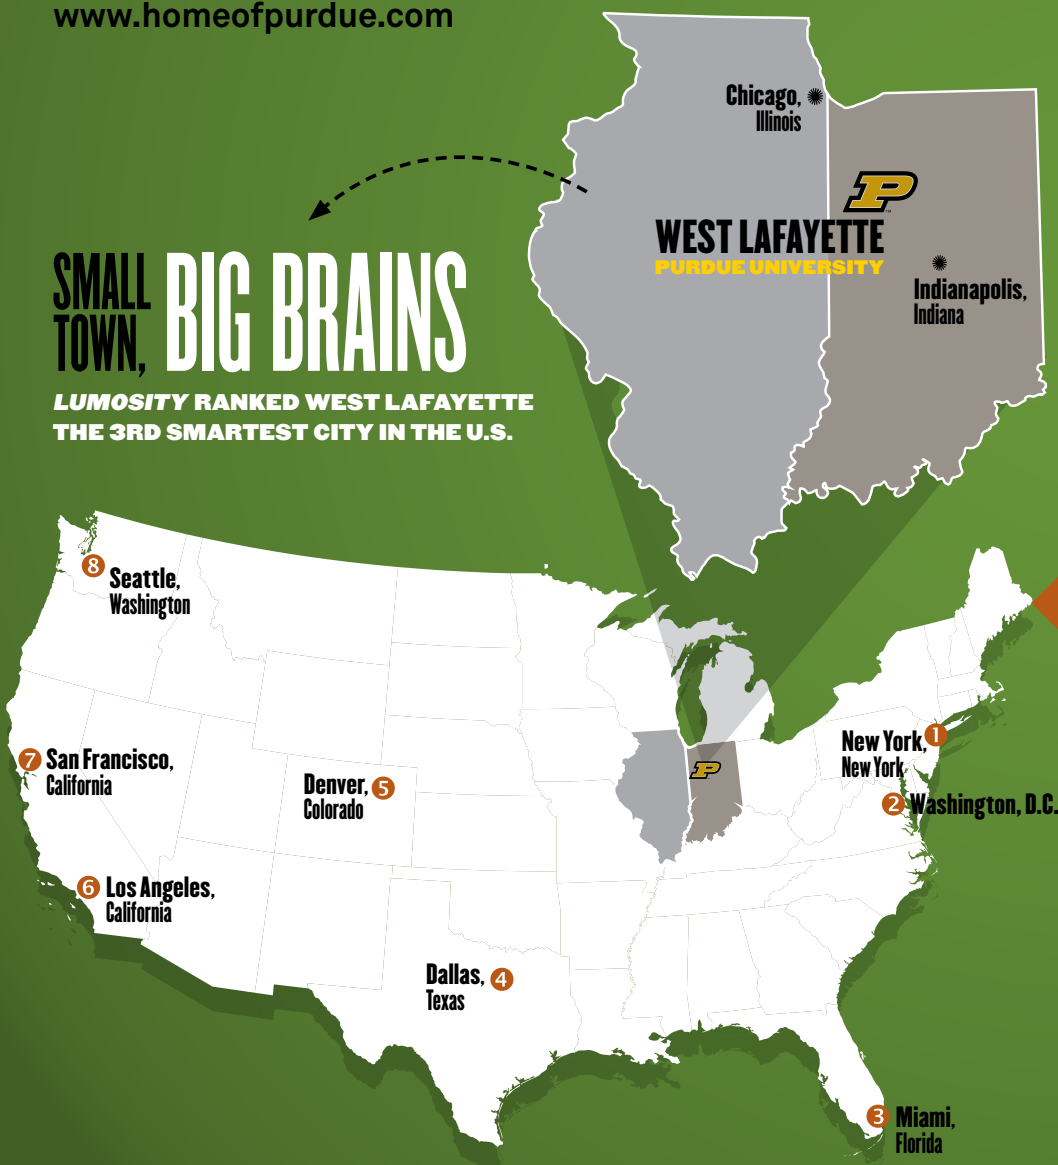

WEST LAFAYETTE, INDIANA — HOME OF PURDUE UNIVERSITY

While there's a lot to do in and around campus, big city lights are just a short drive or train ride away. In just 60 minutes, you can be in Indianapolis, the state's capital. And in two hours, you can be in Chicago — home to major corporations, a world-class arts scene and pro sports teams.

www.homeofpurdue.com

SMALL TOWN, BIG BRAINS

LUMOSITY RANKED WEST LAFAYETTE THE 3RD SMARTEST CITY IN THE U.S.

ROAD TRIP

We know — sometimes you just need to get away. Luckily for Purdue students, two big cities are within a short drive or train ride.

2 HRS. CHICAGO

122 MILES (196 KILOMETERS) FROM PURDUE

BE AN URBANITE

The third-largest city in the U.S., and the largest in the Midwest, Chicago is home to major corporations, a world-class arts scene, da Bulls, da Bears, and hot dogs topped with pickles and peppers.

SEEK THE SHORE

There's tons to do in Chicago, but some of the most exciting things sit right on the shores of Lake Michigan, including Navy Pier, the Field Museum, the Shedd Aquarium, the Art Institute, Grant Park and Millennium Park.

CHICAGO
3RD
LARGEST CITY IN THE U.S.

60 MIN. INDIANAPOLIS

65 MILES (105 KILOMETERS) FROM PURDUE

GO PRO

Catch the next level of action at a pro sports game. The Indiana Pacers and the Indianapolis Colts have huge followings here.

HIT THE TRAIL

The Indianapolis Cultural Trail is a pedestrian and bike path that connects the six downtown cultural districts — Fountain Square, Indiana Avenue, Market East, Massachusetts Avenue, the Canal and White River State Park, and the Wholesale District. Pedal or walk your way among museums, restaurants and shops.

INDIANAPOLIS
