Electric lawnmowers

Princess 34

€161

This mower exudes quality and the integral rear roller gives that desirable striped finish when used on the lower cutting heights. The underside of the cutting deck features an anti-scalp comb to improve the cutting finish and enhance collection. Cutting heights range from 25-75mm with 6 settings and single point adjustment. The Princess 34 is a 3-in-1 mower. It can collect the grass clippings in its 35 litre collector, discharge the grass through the rear or mulch the clippings using the mulching plug supplied.
