

Qatari Businessmen Delegation to the US

★
April 2018

H.E Sheikh Khalifa bin Jassim Al Thani

- ◆ Chairman of **Qatar Chamber**
- ◆ President of the **International Chamber of Commerce - Qatar**
- ◆ Vice-President of the **Islamic Chamber**

It is with a great honour and pleasure to co-organise the Qatar-US Business Forum which provides a brilliant opportunity for Qatari and American private sectors to explore investment and business cooperation for the advantage of our friendly countries.

On behalf of the Qatari private sector, I seize this opportunity to extend my deepest gratitude and appreciation to our American counterparts, hoping this forum will serve as a platform to establish long-term partnerships and help find new areas of cooperation in all economic and trade sectors.

Qatar and US enjoy profound and distinct relations. They exert strenuous efforts to upgrade these relations in the areas of trade , investment, education and cultural exchanges.

This year marks the 45th anniversary of the establishment of the Qatari-US relationship. And today's forum is a booster to our economic and trade relations. It paves the ways for further cooperation and mutual investments between both sides.

I therefore welcome you all to the Qatar-US Business Forum and hope it will add new impetus to our discussions and prepare the ground for concrete action and fruitful results.

Sheikh Faisal Bin Qassim Bin Faisal Al Thani

Born in Doha – Qatar in 1948, Sheikh Faisal bin Qassim bin Faisal Al-Thani is one of Qatar's most successful businessmen and has played a significant role in the development of the business sector in Qatar. The story of Al Faisal Holding's growth and development reflects the same entrepreneurial vision, drive and innovative thinking that has seen the transformation of Qatar into one of the world's strongest and fastest growing economies. Originally created with modest start-up capital in the 1960s as a small, local trading company, founder and Chairman H.E. Sheikh Faisal Bin Qassim Al Thani, has over the past five decades built that business into one of Qatar's largest privately held diversified industry groups with operations that are continuing to grow strongly across local, regional and international markets.

Playing its part in the evolution of a broad, knowledge-based economy in Qatar, the Group has earned a strong reputation for anticipating and meeting the growing demand for goods and services of the highest quality as the country's needs and prosperity have developed, in many cases attracting significant foreign direct investment in the process.

The Group's strategy is focused on sustained, profitable growth through diversification by identifying, evaluating and exploiting complementary market opportunities, both organically and in collaboration with world class, industry-leading partners. Today, its operations encompass a wide range of sectors including Real Estate, Hospitality, Industrial Manufacturing, Trading, Services, Transport, Entertainment and Education. Together with a range of investments that include its majority interest in Aamal Company Q.P.S.C., one of the fastest growing companies listed on the Qatar Exchange, operating 24 branches and subsidiaries with a particular focus on industrial manufacturing.

In the last decade, the expansion of its hospitality and leisure business through its wholly owned subsidiary Al Rayan Tourism & Investment Company ("ARTIC") a wholly owned subsidiary engaged in real estate development, acquisition and leasing with a primary focus on the hospitality sector and hospitality-related services both in Qatar and overseas has been a particular recent focus for the Group, which is in the course of building a high quality hotel portfolio in prime city locations. ARTIC current portfolio comprises of more than 25 hotels located across MENA, Europe and America.

Sheikh Faisal pioneered the establishment of a heritage venue "Sheikh Faisal Bin Qassim Al Thani Museum", with the objective of reviving public interest and appreciation of local culture, a venue which perpetuated his vision. This window to the beauty and splendor of the past of Qatar, and the Islamic world has been opened for people from all walks of life to view and experience.

- ◆ QIMC
CEO

Company Name:

- ◆ Qatar Industrial Manufacturing Co.,

Company Activity

- ◆ Promotion Of Private Sector Industrial & Real Estate Investments

Company Profile:

Qatar Industrial Manufacturing Co., was established in 1990 with 20%80% government and private equity interests respectively. The establishment of QIMC was in fact a clear manifestation the particular attention given by the State of Qatar t the issue of the private sectors participation in the process of the country's economic development through investing in small and medium scale industries.

QIMC's initial authorized capital was set at QR 200 Million (US \$ 55 Million) and fully paid by 2002. In 2006, capital was increased by 50% to QR 300 Million. In 2009, capital was increased by 20% to QR 360 Million and 2010, capital was increased by 10% to 396 Million. In 2014, capital was increased by 20% to 475.2 Million.

QIMC started business in May 1990 only to become within a short period of time one of the pioneering companies in the filed of small and medium scale industries in Qatar. Far from being confirmed to the State of Qatar, QIMC's activities extended to other GCC counties such as Saudi Arabia, Bahrain and Oman.

Currently, QIMC has equity interest in 18 projects in various industries sector including chemicals, petrochemicals, construction materials and food processing. QIMC is also currently investing the economic feasibility of a number of other projects in collaboration with other local and foreign interested parties.

QIMC's investment strategy is essentially driven by the fundamental principle of investing in economically viable industrial projects that utilize locally/regionally available natural resources/intermediate products. QIMC also views its investment activity in the wider economic development context, and for that reason, it strives to maximize the macroeconomic benefits resulting from its investment activity to the national economy in terms of employment opportunities for the national labor force, transfer of modern technology and contribution to the country's balance of trade.

QIMC welcome the participation of all investors and technology know-how holders in joint venture in viable small/medium sized projects.

Company Profile:

Quantum Engineering is a trading and contracting company which focuses on finding engineering solutions, environmental and electromechanical, for Qatari industrial-based industries and constructions. It was established in 2013 by His Excellency Sheikh Mohammad Bin Hamad Bin Abdullah Al-Thani together with Mubarak Al Hajri and Naser El-Hafy.

Originally, it was responsible for the majority of trading activities within the Group including its manufacturing of GI ducts, trading of HVAC equipment and Engineering Divisions. Due to the extraordinary growth experienced by the Group in all its activities, the need for a major restructuring became apparent. New companies were formed in order for them to fully focus on their own individual areas of the market. Today, Quantum Engineering is a Trading and Contracting Company that is also primarily engaged in innovative and sustainable solutions for environment and electromechanical needs of industries and constructions, is still at the heart of Qatar's industrial growth. Its operations although overlapping those of other Group members are normally conducted on a more corporate level working as an intermediary between the Qatar government and its agencies and international companies who wish to have a presence in Qatar.
