QRUR – An Important Tool for PQRS

An Interactive Session

5 August 2015

Hosted by: Sarah Leake MBA, CPEHR
QR/PR Specialist

HTS a Department of Mountain Pacific Quality
Health Foundation

Welcome

- ▶ The goal of this session hosted by Health Technology Services and Mountain-Pacific Quality Health is to provide you with timely and accurate information and engage in discussion on these topics.
- ▶ We are here to help you stay focused on what you need and when you need it, so you can stay on track with Meaningful Use, Quality Reporting and other healthcare compliance programs.

- ▶ Mountain-Pacific holds the Centers for Medicare & Medicaid Services (CMS) Quality Innovation Network–Quality Improvement Organization (QIN–QIO) contract for the states of Montana, Wyoming, Alaska and Hawaii providing quality improvement assistance.
- ▶ HTS, a department of MPQHF, has assisted over 1200 providers and 48 Critical Access Hospitals to reach Meaningful Use. We also assist healthcare facilities with utilizing Health Information Technology (HIT) to improve health care, quality, efficiency and outcomes.

- ▶ Mountain–Pacific/Health Technology Services offers services to support the following:
 - Meaningful Use EHR Program assistance
 - PQRS and other quality reporting assistance
 - HIPAA Security Risk Assessments and support
 - PCMH Certification assistance
 - HIT utilization for Healthcare quality improvement projects
 - HIT Project Management
 - HIT Misc Consulting

If you are interested in any of these services, please contact your HTS Account Manager

- ▶ Thank you for spending your valuable time with us.
- ▶ These slides and a presentation recording will be emailed to you following the presentation.
- ▶ We would greatly appreciate you providing us feedback by completing the survey at the end of the webinar today.

Session Presenter

- ▶ Sarah Leake

Sarah Leake, MBA, CPEHR
QR/PR Specialist, MU, PQRS, PM

Agenda

- ▶ What is the QRUR and Importance
- ▶ Relation to PQRS/VBM
- ▶ How to Access the QRUR
- ▶ A Look At Mid-Year QRUR
- ▶ Your Experiences with QRUR
- ▶ Resources for Reference and Education

A Check on the QRUR Landscape!

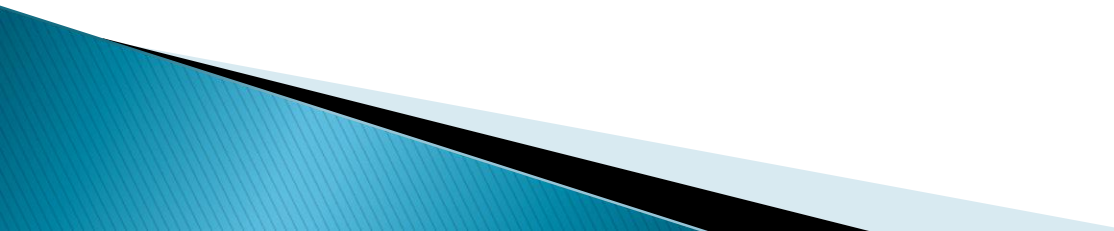

- ▶ Have you already accessed and viewed your QRUR?
- ▶ What issues did you have accessing your QRUR?
- ▶ How are you using the QRUR in your Organization?

What is QRUR and Why is it Helpful?

What are Quality Resource and Use Reports (QRURs) ?

- ▶ The Quality Resource Use Reports (QRURs) are a tool for analysis as part of the CMS Physician Quality and Value Based Program
- ▶ Contains information on **Quality of Care** provided to Medicare FFS Beneficiaries treated by an Organization over a period of time as well as the **Resources Used**.

Why Look at the QRUR?

- ▶ Provides comparative information about the quality and cost of the care delivered to Physicians Medicare Fee-for-Service Patients
 - ▶ CMS will use QRURs to preview the performance scores used in calculating the value-based payment modifier (VBM),
 - ▶ The Value-Based Modifier provides for differential payment to a physician or group of physicians under the Medicare Physician Fee Schedule (PFS).
- 

Quality Tiering

PQRS-reported quality information, along with CMS-calculated outcomes and cost measures are analyzed.

Each group practice receives two composite scores; a quality and cost composite.

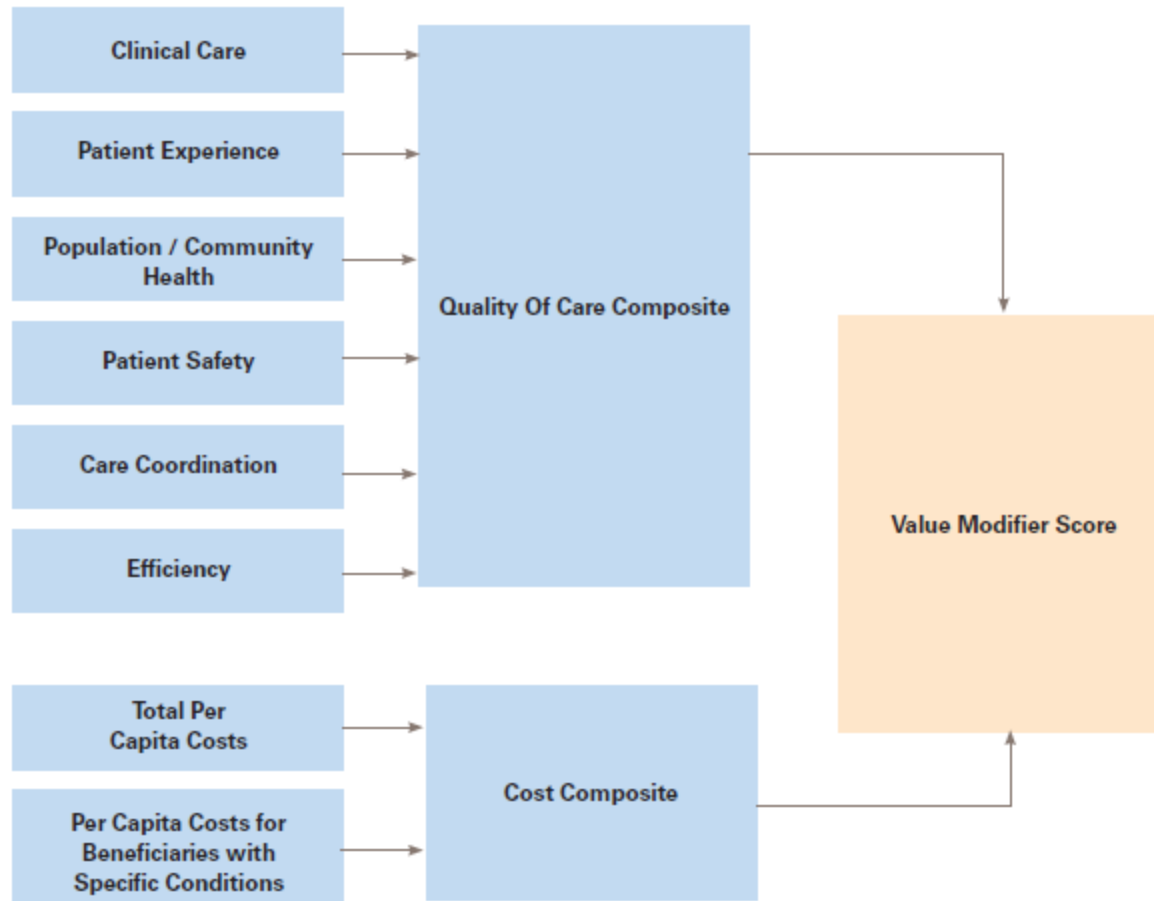

CMS classifies each score into "high," "average" or "low" based on standard deviation above/below or at the national mean score. This identifies statistically significant outliers.

CMS assigns groups to their respective quality and cost "tiers" to determine a positive, neutral or negative payment adjustment to their payment based on performance. This is known as "quality tiering" analysis.

Analysis of the **quality of care** furnished compared to the **cost of care** during a performance period – referred to as **"Quality Tiering"**.

Quality Tiering Methodology

The 2013 Mid-Year Report looks at:
CMS1 Acute Conditions Composite
CMS2 Chronic Conditions Composite
CMS3 All-Cause Hospital Readmissions

VBM Payment Adjustment CY2017

CY 2017 VM Payment Adjustment Amounts for Groups with Two-Nine Eligible Professionals and Solo Practitioners

	Low Quality	Average Quality	High Quality
Low Cost	0.0%	+1.0x*	+2.0x*
Average Cost	0.0%	0.0%	+1.0x*
High Cost	0.0%	0.0%	0.0%

Note the 2015 PQRS and Cost Performance will be Analyzed for 2017 VBM and apply to solo physicians and physician groups depending upon size.

CY 2017 VM Payment Adjustment Amounts for Groups with Ten or More Eligible Professionals

	Low Quality	Average Quality	High Quality
Low Cost	0.0%	+2.0x*	+4.0x*
Average Cost	-2.0%	0.0%	+2.0x*
High Cost	-4.0%	-2.0%	0.0%

"x" refers to a payment adjustment factor yet to be determined

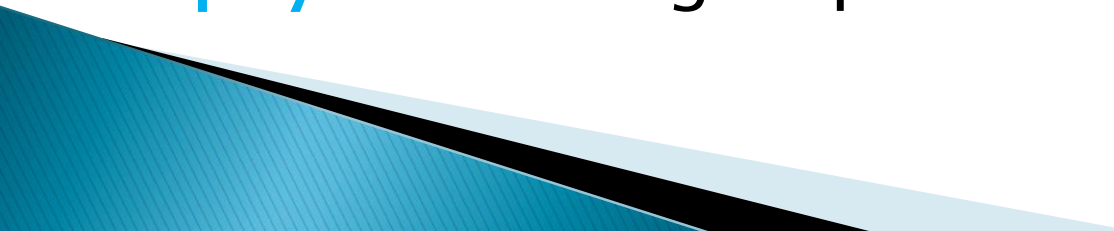

VBM Calculation and Applied

Quality Tiering & VBM Calculation 2015 Data

Data is reviewed for **ALL** PQRS Eligible Professionals under the Group TIN – **Physicians, Practitioners and Therapists**

VBM Adjustments in 2017

The Value-Based Modifier will apply to **physician** payments under the Medicare PFS for **physician** solo practitioners and **physicians** in groups of 2 or more EPs.

How do I find the QRUR?

A Key Note..

As of July 13, 2015, users could no longer access QRURs through IACS; an EIDM account is required.

Access in EIDM for QRURs

- ▶ Individuals Must be registered and have Authorized Access with the correct roles.
 - For TINs with two or more eligible professionals:
 - PV-PQRS Group Security Official (primary or back-up)
 - PV-PQRS Group Representative
 - For solo practitioners (TINs with one eligible professional):
 - PV-PQRS Individual (primary or back-up)
 - PV-PQRS Individual Representative
- ▶ If your TIN is not Registered then you will need to Register for Physician Quality and Value Programs
- ▶ Instructions for setting up an EIDM account are available on the CMS Web page, “How to Obtain a QRUR.” <http://www.cms.gov/Medicare/Medicare-Fee-for-Service-Payment/PhysicianFeedbackProgram/Obtain-2013-QRUR.html>

Login to Enterprise Portal

The screenshot shows the CMS.gov Enterprise Portal. The header includes the CMS.gov logo, 'Enterprise Portal', and navigation links: Home, About CMS, Newsroom, Archive, Help & FAQs, Email, and Print. Below the header is a search bar and a 'Learn about your healthcare options' link. The main content area features a 'Physician Value' section with a stethoscope image and text about PORS reporting. To the right is a 'CMS Secure Portal' section with a 'Login to CMS Secure Portal' button and links for 'Forgot User ID?', 'Forgot Password?', and 'New User Registration'. Below the main content is a row of buttons for various programs: CMS Enterprise Portal, MACBIS, Medicare Shared Savings Program, Physician Value, ASP, Open Payments, CPC, Innovation Center, CU, and PECOS. At the bottom, there are links for 'CMS Provides Health Coverage for 100 Million People...' and 'Get E-Mail Alerts'.

ABOUT THE DATA IN THIS REPORT

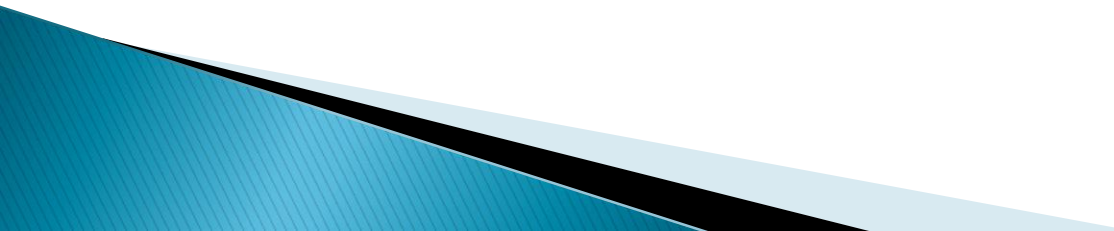

This report provides summary information on selected quality outcomes and costs for care provided to the Medicare fee-for-service (FFS) beneficiaries attributed to your TIN during the performance period. The table below briefly describes the data included in each section. All of the data in this report are available in an exportable comma-separated values (CSV) data file ([Link to CSV](#)), with accompanying data dictionary ([Link to Data Dictionary](#)), in a downloadable portable document format (PDF) ([Link to PDF report](#)), and in an exportable Excel format ([Link to Excel File](#)). In addition, CMS has made select educational information about the Mid-Year Quality and Resource Use Report available through the CMS Portal. For more information about the Physician Feedback/Value-Based Payment Modifier Program, and to understand the Mid-Year Quality and Resource Use Report methodology, visit <http://www.cms.gov/Medicare/Medicare-Fee-for-Service-Payment/PhysicianFeedbackProgram/2014-QRUR.html>.

A look at the 2014 Mid-Year QRUR?

- ▶ Disseminated in April 2015, provides interim information to TINs for Performance on: **three quality outcome** and **six cost measures** that CMS calculates directly from Medicare claims,
- ▶ Claims billed from July 1, 2013 through June 30, 2014.
- ▶ The following data are not included;
 - Information about the 2016 VBM payment adjustment,
 - Quality and cost composite scores for the 2016 VBM, and
 - Quality measures data reported under the PQRS.
- ▶ •The report is for informational purposes only and it will not affect your TIN's payments under the Medicare PFS

2014 Mid-Year QRUR Sections

What Information is Contained in the 2014 Mid-Year QRUR?

Mid-Year QRUR Report Section	Exhibit	Use the Information in the Report to:
Cover Page	-	Understand why you received a 2014 Mid-Year QRUR
About the Data in this Report	-	Read a summary of the report methodology and retrieve links to supplementary exhibits and glossary items (if viewing the report dashboard)
Eligible Professionals Billing to Your Taxpayer Identification Number (TIN)	1	Understand how many eligible professionals billed under your TIN during the performance period
Attribution of Medicare Beneficiaries and Episodes to Your TIN	2-4	Understand how Medicare FFS beneficiaries and episodes of hospital care were attributed to your TIN
Performance on Quality	5	Review your performance on the three, CMS-calculated outcome measures
Hospitals Admitting Your Patients	6	Identify the hospitals that accounted for at least five percent of your attributed beneficiaries' inpatient stays during the performance period
Performance on Costs	7-8	Review your performance on costs across two performance categories, and understand the dollar difference between your attributed beneficiaries' payment-standardized and risk-adjusted per capita costs, by category, and the corresponding costs for your peer group for the Per Capita Costs for All Attributed Beneficiaries measure

Note: All references to “episodes” in this presentation indicate episodes of hospital care for the Medicare Spending per Beneficiary measure.

Note: The charts on this and following page were extracted from CMS Presentation “Review of the 2014 Mid-Year Quality and Resource Use Reports”, June 3, 2015

Additional Supporting Information in the Supplementary Exhibits

Report Section	Supplementary Exhibit	Use the Information in the Supplementary Exhibit to:
Physicians and Non-Physician Eligible Professionals Billing Under Your TIN, Selected Characteristics	1	Understand how many eligible professionals billed under your TIN during the performance period
Beneficiaries Attributed to Your TIN and the Care that You and Others Provided and Costs of Services Provided by You and Others	2A, 2B	Understand which attributed beneficiaries are driving your TIN's cost measures and identify those beneficiaries that are in need of greater care coordination
Beneficiaries Included in the Per Capita Costs for All Attributed Beneficiaries Cost Measure: Hospital Admissions for Any Cause	3	Understand which beneficiaries are driving your TIN's performance on the three hospital-related, claims-based quality outcome measures
Beneficiaries Attributed to Your TIN for the Medicare Spending per Beneficiary Measure	4	Understand which attributed beneficiaries were attributed to your TIN for the Medicare Spending per Beneficiary (MSPB) measure
Per Capita Costs, by Categories of Service, for the Per Capita Costs for All Attributed Beneficiaries Measure	5	Review a categories of service breakdown for the beneficiaries attributed to your TIN for the Per Capita Costs for All Attributed Beneficiaries measure

Note: All references to “episodes” in this presentation indicate episodes of hospital care for the Medicare Spending per Beneficiary measure.

Quick Look at Mid-Year QRUR Exhibits

2014 Mid-Year QRUR

Exhibit 1: Eligible Professionals Billings to Your TIN

- Exhibit 1 shows the number and percentage of physicians and non-physician eligible professionals billing to your TIN. This number is determined by claims submitted to Medicare under your TIN during the performance period.

Review the eligible professional composition of your TIN

Supplementary Exhibit 1 Lists the Physicians and Non-Physicians Eligible and billing under your TIN.

Note: 2014 Mid-Year QRUR Sample Exhibit s on the following 4 pages were extracted from CMS Presentation “Review of the 2014 Mid-Year Quality and Resource Use Reports”, June 3, 2015

2014 Mid-Year QRUR Performance on Quality Component

- CMS-1, CMS-2, and CMS-3 are risk-adjusted quality outcome measures calculated by CMS using administrative claims data.
- Lower performance rates on these measures indicate better performance.
- The peer group for the quality measures is all TINs nationwide with at least 20 eligible cases for each quality measure.

Exhibit 5. CMS-Calculated Outcome Measure Performance

Performance Category	Measure Number	Measure Name	Your Eligible Cases	Your Performance Rate	Benchmark	Benchmark -1 Standard Deviation	Benchmark +1 Standard Deviation
Hospitalization Rate per 1,000 Beneficiaries for Ambulatory Care Sensitive Conditions	CMS-1	Acute Conditions Composite	383	12.02	7.53	1.81	13.24
	-	Bacterial Pneumonia	383	16.89	11.20	1.76	20.63
	-	Urinary Tract Infection	383	13.35	7.25	0.00	15.08
	-	Dehydration	383	6.08	4.10	0.00	8.58
	CMS-2	Chronic Conditions Composite	142	0.00	50.43	26.19	74.66
	-	Diabetes (composite of 4 indicators)	56	0.00	18.07	0.00	36.07
	-	Chronic Obstructive Pulmonary Disease (COPD) or Asthma	24	0.00	70.23	25.43	115.03
	-	Heart Failure	90	0.00	99.75	48.72	150.77
Hospital Readmissions	CMS-3	All-Cause Hospital Readmissions	64	18.16%	15.94%	14.55%	17.34%

Compare your quality outcome performance to that of your peers nationwide

Performance on Cost Component

- ▶ Total Costs for **All Attributed Beneficiaries** measure
- ▶ Total Costs per Beneficiary **for Chronic Conditions Composite:**
 - Total Costs per Beneficiary with COPD
 - Total Costs per Beneficiary with CHF
 - Total Costs per Beneficiary with CAD
 - Total Costs per Beneficiary with Diabetes
- ▶ **Attributed to:**
 - Medicare Spending per Beneficiary
 - Hospitals Admitting Your Attributed Beneficiaries

2014 Mid-Year QRUR Performance on Cost

- Exhibit 7 shows the payment-standardized, risk-adjusted, and specialty-adjusted per capita or per episode costs for the beneficiaries attributed to your TIN.

Exhibit 7. Per Capita Costs for Your Attributed Medicare Beneficiaries

Performance Category	Cost Measure	Your Eligible Cases or Episodes	Your Per Capita or Per Episode Costs	Benchmark	Benchmark - 1 Standard Deviation	Benchmark + 1 Standard Deviation
Per Capita Costs for All Attributed Beneficiaries	All Beneficiaries	354	\$11,126	\$11,135	\$7,962	\$14,309
	Medicare Spending per Beneficiary	772	\$20,232	\$20,339	\$18,651	\$22,026
Per Capita Costs for Beneficiaries with Specific Conditions	Diabetes	54	\$17,785	\$16,149	\$11,243	\$21,055
	Chronic Obstructive Pulmonary Disease (COPD)	17	\$25,805	\$25,179	\$17,269	\$33,088
	Coronary Artery Disease (CAD)	36	\$23,095	\$18,357	\$12,780	\$23,934
	Heart Failure	82	\$15,686	\$28,115	\$19,188	\$37,041

Compare your cost performance to that of your peers

Key Exhibits in the 2014 QRUR

Performance Highlights (1)

Available in the 2014 Annual QRUR

PERFORMANCE HIGHLIGHTS

Your Quality Composite Score: Average

1. Your Quality Composite Score

Your Cost Composite Score: Average

2. Your Cost Composite Score

Your Performance: Average Quality, Average Cost

3. Your Quality Tying Performance

Note: 2014 Annual QRUR Sample Exhibit s on the following 4 pages were extracted from CMS Presentation “Overview of the 2013 Quality and Resource Use Reports” , October 2014

Performance Highlight (2)

Available in the Annual 2014 QRUR

4. Your Eligibility for a High-Risk Bonus Adjustment

High-Risk Bonus Adjustment: Not Eligible

You are eligible for an additional upward adjustment for serving high-risk beneficiaries if you met (✓) all four criteria listed below in 2013:

- ✗ Your average beneficiary's risk (74th percentile of beneficiaries nationwide) is not at or above the 75th percentile.
- ✗ You had high overall performance
- ✓ You elected quality tiering for calendar year 2015.
- ✓ You satisfactorily reported PQRS quality measures via the Group Practice Reporting Option (GPRO) web interface or a qualified GPRO registry.

5. Your Value-Based Payment Adjustment

Your Value-Based Payment Modifier

The highlighted payment adjustment will be applied to your Medicare Physician Fee Schedule reimbursements in 2015.

	Low Quality	Average Quality	High Quality
Low Cost	+0.0%	+1.0 x AF	+2.0 x AF
Average Cost	-0.5%	+0.0%	+1.0 x AF
High Cost	-1.0%	-0.5%	+0.0%

Note: The displayed payment adjustment includes the high-risk bonus adjustment, if applicable. The precise size of the reward for higher-performing groups will vary from year to year, based on an adjustment factor (AF) derived from actuarial estimates of projected billings. The AF for 2015 will be posted at

<http://www.cms.gov/Medicare/Medicare-Fee-for-Service-Payment/PhysicianFeedbackProgram/ValueBasedPaymentModifier.html>.

Quality Component (Available for 2014 QRUR)

Exhibit 4. Your Performance in 2013, by Quality Domain

Quality Domain	Number of Quality Measures Included in Composite Score	Standardized Score
Standardized Quality Composite Score	9	0.24* (Average)
Average Quality Composite Score	9	0.33
Clinical Process/Effectiveness	4	0.22
Patient and Family Engagement	0	--
Population/Public Health	2	0.85
Patient Safety	0	--
Care Coordination	3	-0.08
Efficient Use of Health Care Resources	0	--

Note: The standardized quality composite score is a standardized average of equally-weighted domain scores indicating within how many standard deviations of the national mean a group practice's performance rate falls; positive scores reflect performance better than the mean, and negative scores reflect performance worse than the mean. Each domain level performance score is an equally weighted average of the standardized scores for all measures in the domain with at least 20 cases; the standardized score is the difference between the raw score and the peer group benchmark, divided by the peer group standard deviation. "Insufficient Data to Determine" for the standardized quality composite score indicates that, although the score was at least one standard deviation from the mean standardized quality composite score, it was not statistically significantly different from that mean at the 5 percent level. Domain scores are not computed for domains with no measure with at least 20 cases. See the glossary ([Link to Glossary of Terms](#)) for more detail on how this score is computed.

* Significantly different from the mean standardized quality composite score at the 5 percent level.

Cost Component (2014 Annual QRUR)

Exhibit 8. Per Capita Costs for Your Attributed Medicare Beneficiaries in 2013

Cost Categories	Your Performance		Peer Group Performance			Contribution to Your Domain Score	
	Eligible Cases	Per Capita Costs	Benchmark Per Capita Costs	Average Range		Standardized Score	Included in Domain Score
				Benchmark -1 Standard Deviation	Benchmark +1 Standard Deviation		
Per Capita Costs for All Attributed Beneficiaries							
All Beneficiaries	1,882	\$11,118	\$10,086	\$8,525	\$11,647	0.66	Yes
Per Capita Costs for Beneficiaries with Specific Conditions							
Diabetes	644	\$16,118	\$14,441	\$11,944	\$16,938	0.67	Yes
Chronic Obstructive Pulmonary Disease (COPD)	420	\$23,735	\$23,717	\$19,242	\$28,191	0.00	Yes
Coronary Artery Disease	727	\$18,922	\$17,183	\$14,193	\$20,173	0.58	Yes
Heart Failure	332	\$27,666	\$25,993	\$20,943	\$31,043	0.33	Yes

Note: Per capita costs are based on payments for Medicare Parts A and B claims submitted by all providers (including medical professionals, hospitals, and post-acute care facilities) for Medicare beneficiaries attributed to a physician group. Outpatient prescription drug costs are not included.

Note that risk adjusted, payment standardized costs are compared

Other QRUR Events

QualityNet Hosted Webinars

<https://qualitynet.webex.com/>

Hosted by TMF Health Quality Institute (a QIO/QIN Partner)

- Open Forum: QRUR – Understanding the Methodology to Read and Interpret the Findings
Aug. 11, 2015, from 11:30 – 12:30 p.m. MT
- Open Forum: QRUR – Action Steps to Help Improve Scores on Cost and Quality Measures
Sept. 15, 2015, from 11:30 – 12:30 p.m. MT

Visit www.tmfqin.org for more information.

Upcoming Webinars

Register for our upcoming webinars and check out the resources used today: www.healthtechnologyservice.com

HTS Upcoming public webinars

- ▶ Tuesday, Sept 1 11am–12 pm
 - *MU Audits – Why should I stay up to date?
- ▶ To be Scheduled when Rule Released
 - *CMS Meaningful Use Changes

HTS Upcoming Webinars (soon to be scheduled)

- * Quality Reporting – Open Forums

Your Experiences with QRUR

- ▶ How are you using the QRUR in your Organization?
- ▶ Do you find it beneficial?
- ▶ Any issues with accessing or interpreting the QRUR?
- ▶ Other items to share?

How HTS can help in 2015

- ▶ **Quality Reporting Program Assistance**
 - *PQRS & Value-Based Modifier for Providers, HIQR for Hospitals
- ▶ **Meaningful Use**
 - *Avoiding payment adjustments
 - *Stage 1 and Stage 2 assistance for EH or EPs
- ▶ *2015 Meaningful Use Requirements
- ▶ **Security Risk Assessments**
 - *Basic or Comprehensive SRAs
- ▶ **HIT Consulting and Project Management**
 - *Assistance with interfaces, HIE, etc.
- ▶ **Combined Services**
 - *Year long assistance with Meaningful Use, PQRS/IQR and ICD-10

HTS services and pricing can be fo

Questions?

Please include Further Topics or Areas you would like to explore or have interactive sessions regarding QRUR, PQRS, VBM !
