Our Products and Customers

Meet Our Team

We are **ambitious** individuals that strive for **excellence** in everything we do, from the products we supply to the service we provide. We are **responsible** for our own roles within the business and for our customers. Our **success is shared** amongst our team and we value every individual team member.

Whether you are a large multi-national or a single site company, we delight ourselves in **exceeding** your expectations.

Case Study: Special Bearing Sourced, Supplied & Delivered

Earlier this year we faced one of the hardest challenges yet. One of the world's largest car manufacturers, Ford, contacted us to source a rare bearing for them urgently.

Our team of experts sourced and shipped a replacement within a week, using our network of partners and industry knowledge.

Case Study: Innovation & The Use of Quality Bearings in the Aerospace Industry

We love to get involved and support projects that constantly improve our products, services and team.

Further pushing their industry forward, we supplied our high quality bearings to an innovative aerospace company for their latest experimental flying vehicle.

Want us to get involved in your latest innovations?

The MAC Project

An opportunity presented itself for the team to work alongside ambitious engineering students at the University of Leeds and the highly respected motor retailer, JCT600.

With mechanical innovation, we aimed to devise a new mechanical device that will change a car wheel more easily and efficiently.

Charity Of The Year

Each year, we take part in numerous fundraising charity events on behalf of our nominated charity. Previously we have supported the Candlelighters and CashforKids.

This year we have chosen to support Marie Curie. Our goal is to raise £2000 by the end of the year to help care for and support those with terminal illnesses.
