GLOBAL LEADER
IN INDUSTRIAL
WORK WEAR

**MANUFACTURER
OF HIGH QUALITY
WORK WEAR**

FOUNDED IN THE 1920'S IN MANDALEN, NORWAY WENAAS HAS LONG BEEN A GLOBAL LEADER AND SUPPLIER OF WORK WEAR AND PERSONAL PROTECTIVE GARMENT SOLUTIONS.

THROUGHOUT OUR HISTORY AND GROWTH WE'VE REMAINED CLOSE TO OUR ROOTS, AS A MANUFACTURER OF HIGH QUALITY WORK WEAR, MAINTAINING THE EXPERTISE AND STANDARDS THAT WE'VE BECOME KNOWN FOR WITH ALL OF OUR PRODUCTS. WE EMPLOY THESE STANDARDS AND OUR STRONG MANUFACTURING DEVELOPMENT PRACTICES IN OUR COMPLETE PRODUCT LINE OF HEAD-TO-TOE PROTECTIVE EQUIPMENT.

It is this standard and quality that has gained us a measure of respect and confidence as a global partner and has made us, an ideal single source for all market segments. To complement our own manufacturing facilities our product portfolio includes some of the most recognizable brands in the industry along with strong relationships and international purchasing partnerships. Our experience in the industry, combined with international manufacturing partnerships and learned industry expertise, allows us to provide unprecedented flexibility and choice for you, our customer.

Over the last 85 Years, Wenaas has managed and facilitated the design and implementation of comprehensive safety incentive awards and programs tailored specifically for our customers and their businesses. With a global footprint spanning Scandinavia, Europe, Asia and the United States—a fully integrated one-stop-shop approach for all work wear and PPE requirements and the ability to eliminate the need for multiple suppliers, Wenaas has positioned itself as a global “from-stock” strategic partner for all of its customers. We are positioned to serve our customers needs just as we always have, providing “Global expertise, delivered locally”.

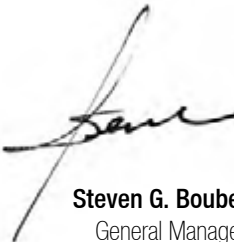

First, I want to say “Thank You” for the continued confidence you have placed with Wenaas USA. It is this confidence that you have placed with Wenaas that motivates and inspires us to make sure we are here for you whenever you need us. Over the years it has been our primary goal to develop our associates, our products, and most importantly our ability to serve. Delivering results that exceed expectations is what drives each and every decision we make.

Wenaas makes it a priority to develop and establish trust as we build strategic relationships with our customers. We do this by always providing the highest quality products, state of the art innovations, outstanding customer service, and providing you with a solution to your needs. We do this by making sure that we are aligned with your needs. We do this by making sure that we integrate our operations, technology, and product development with your needs. Wenaas USA offers the flexibility and customized solutions to make sure that we satisfy your objectives and goals – all on your timelines.

The entire Wenaas USA Team understands that consistency in quality and reliability is what we must deliver to you each and every day. This is our mission. This is our commitment. We strive for making our customers’ needs our number one priority. We strive for Operational Excellence. We take great pride in what the Wenaas Brand stands for and represents.

To our existing customers, I sincerely thank you for your business. To new and returning customers, I welcome the opportunity to service your needs. You have my commitment that each member of the Wenaas USA Team will tirelessly look for ways to help and identify products and services that provide you with solutions to your needs.

On behalf of the entire Wenaas USA Team, we appreciate your business and look forward to keeping you safe!

Steven G. Boubel

NEW

At Wenaas we understand when you're on the job the last things you need to think about are the elements. That's why the **Wenaas Duck fabric** line is manufactured with some of the most durable material in the protective wear industry. Specially woven with little to no gaps where the threads interlace-means quality, protection and comfort for you no matter how harsh the elements. With the heavy-duty durable Duck fabric line from Wenaas we've got you covered.

THE MOST COMPREHENSIVE CSR PROGRAM IN THE INDUSTRY

Fair Wear Foundation (FWF) works to improve labor conditions in the garments industry. We are members of FWF and all our direct suppliers have signed the Kwintet / Wenaas "Code of Conduct" which is based on the FWF guidelines.

International Labor Organization (ILO) is UN's labor organization. Kwintet's "Code of Conduct" meets the standards set forth by the ILO.

WE TAKE OUR ENVIRONMENTAL AND SOCIAL RESPONSIBILITY SERIOUSLY

REACH is EU's legislation regulating chemicals imported into the EU. Our suppliers must commit not to use chemicals that according to REACH should not occur in products imported into the EU.

Our textile and leather products are **Oeko-Tex 100** certified which means that no harmful substances or residues occur in the products.

Our quality system is certified according to **ISO 9001:2008**, the international standard for quality control.

HOW TO MEASURE

USE THIS GUIDE TO ENSURE A COMFORTABLE AND SAFE FIT.

COVERALLS

CHEST	30	32	34	36	38	40	42	44	46	48	50	52	54	56	58	60	62	64	66	68
WAIST	30	32	34	36	38	40	42	44	46	48	51	54	57	60	63	66	69	72	75	78

Note: Coverall size will be the larger measurement of either the waist or chest.
(An individual with a waist size of 40 and chest size of 42 will choose a coverall size of 42).

SHIRTS

HEIGHT MEASUREMENT

5'5" TO 5'7"	SHORT
5'8" TO 5'11"	REGULAR
6'0" TO 6'3"	TALL
6'4" & ABOVE	X-TALL

SIZING GUIDE

MEASUREMENT

A. CHEST SIZE

Place tape measure around fullest part of the chest and over clothing, keeping it up under arms and around the shoulder blades. Number of inches is your size.

B. WAIST SIZE

Measure around waist, over shirt (not over pants) at height you normally wear your pants. Hold tape as snugly or as loosely as you want your pants to fit. Number of inches is your size.

C. INSEAM

Measure inseam as illustrated from base of crotchseam to the top of the shoe to be worn. Number of inches is your size. Or take a pair of pants (not jeans) that fits you well. Measure from the crotch seam to the bottom of the pants.

D. NECK SIZE

Measure neck by holding tape snugly. Read number of inches as size. Or take a shirt with a collar button to far end of buttonhole.

E. SLEEVE LENGTH

Hold arm chest high, bent slightly at elbow. Measure from bottom of collar at center of back around elbow to far end of wrist bone as illustrated.

AS A GLOBAL LEADER IN THE PROTECTIVE WORK WEAR INDUSTRY WITH A PROVEN TRACK RECORD AND REPUTATION THAT CUSTOMERS ALL OVER THE WORLD RELY ON WE HAVE COME TO UNDERSTAND THAT WHAT MAKES US STAND APART IS OUR RESTLESS PURSUIT OF QUALITY. THE WENAAS WAY MEANS QUALITY ASSURANCE AT EVERY STEP. IT'S THIS PHILOSOPHY THAT FUELS OUR 3 STAGES OF QUALITY CONTROL.
