

Questions and Answers

1. Are your projects 28 page self-cover calenders? If you fold them in half to the 11 x 8.5 size and count fronts and backs, are there 28 pages or 14? **See Attached Proof**
2. Does the stitch go on the 11 inch side or the 8 inch side? I don't know if I read it wrong but I can't see if you told that the calendar would be horizontal or vertical. You did say the top but I need to see the art file to know if that's the 11 inch side. **See Attached Proof**
3. Is this 28 pages or 56 pages 8.5 x 11"? **It is 14 pages that are 11" x 17" before the fold.**
4. Also will there be a hole drilled to hang the calendar? **Yes there needs to be a hole punched.**
5. Would you consider a quote for a digital calendar as well as a litho? **No**
