1997

Since 1947, Duff Co. has been your source when you need it now . . . or don't know how. Plumbing and heating supplies, pumps, water conditioning equipment and systems, and multifamily housing supplies – Duff Co. is now your one-stop source.

PLUMBING & HEATING

My father, Dick Duffine, founded Duff Co. in 1947 to serve the commercial and residential plumber. More than 65 years later, those tradesmen remain important to us. While Duff Co. began as a supplier of specialty plumbing items, we now stock a vast inventory of products, materials and tools for the maintenance departments of office buildings, school districts and colleges, apartment communities, hospitals, factories and other large facilities.

PUMPS

Submersible, effluent, chemical feed, booster, circulator and well pumps – whatever your situation demands, Duff Co. can supply the pump and the accessories. We offer a wide range of pumps for a wide range of applications, whether for residential, commercial or industrial uses.

WATER CONDITIONING EQUIPMENT AND SYSTEMS

Duff Water Conditioning, a division of Duff Co., manufactures residential, commercial and industrial water conditioning products and systems. DWC can supply your softeners, filters, neutralizers, chemical feed pumps and all related parts. DWC also provides training on the latest advances and products in water conditioning. We support our water conditioning professionals with a knowledgeable internal tech support group and sales team, each member with years of hands-on experience.

MULTIFAMILY HOUSING SUPPLIES

We have taken our one-source concept directly to multifamily housing managers. Duff Co. now offers a wide range of products and supplies for maintenance and renovation – including cabinets and countertops – and to help maintain the comfort of your tenants. From cleaning supplies, light bulbs & electrical parts to light fixtures, mini blinds and ceiling fans, Duff Co. is truly

the one source for your supply and equipment needs. We offer several lines of quality kitchen cabinets and bath vanities. Our all-wood cabinets come in a variety of styles and finishes with a choice of countertop type and color. We even provide a design service to help you serve your customers better. This means Duff Co. can provide everything you need for the kitchens, cabinets, plumbing and maintenance of your facility.

Duff Co. team members are available and on-call for emergency service, 24 hours a day, 365 days a year. We take our business as serious as yours. Our team, where the average tenure exceeds 20 years, enjoys

the personal relationships with our customers. Duff Co.'s reputation for a broad product line, excellent service, fast delivery and strong family values makes Duff Co. differ from other companies.

A lot of things have changed since 1947, including Duff Co. We have expanded our service and product offering. The third generation has joined the family business.

What hasn't changed is Duff Co.'s commitment to serving our customers. If you need it now, or if you don't know how, you should call Duff Co. today and speak with any of our knowledgeable specialists. You will get the solutions you need at competitive prices.

Welcome to Duff Co.

L to R: Alex Duffine, Michael Genkin, Geoff Duffine
