

CLIC TYPE R

5 YEAR UNLIMITED KM WARRANTY

HONDA

“The Civic Type R is not just fast, but is a sports model that can be driven with complete confidence, and fills the driver with an overwhelming desire to keep on driving. It’s the car Honda has dreamed of making.”

Hideki Kakinuma, Civic Type R Project Lead

TYPE R VS. NURBURGRING

The Civic Type R* and its boundary-breaking ways took us to the Nürburgring – the testing ground for all performance cars. With improved chassis dynamics the Type R pushed its own limits shaving 7 seconds from the previous 2015 model's lap time, far exceeding expectations – and inspired us to keep on pushing ourselves to dream bigger.

*In a development car representative of the final production vehicle. Overseas model shown.

Track tested aero kit

Central triple exhaust

20-inch black alloys and Brembo 4 pot calipers

ADVANCED AERODYNAMIC DESIGN

Subtle is not a word one would use to describe the Civic Type R. Its muscular styling and aggressive physique is not for shrinking violets. Every inch of its track tested aerodynamic package is designed to deliver superior balance between downforce and drag, contributing to optimised speed and greater stability.

The weight saving aluminium bonnet is sculpted to cut through the air. The front bumper is shaped to inhibit air turbulence around the front wheels, with a front air

curtain, wide front splitter and deep side skirts that manage airflow and create downforce on the front axle. Air slats in the bodywork behind the wheels reduce static pressure within the wheel arches and improve the lift coefficient, so on the track, you can corner with confidence and precision.

At the rear, the signature Type R wing works in conjunction with vortex generator fins on the roof line, diverting air flow over and away from the rear of the car, helping to reduce the overall drag coefficient.

LED headlights and fog lights

WELCOME TO YOUR COCKPIT

Its interior is unmistakably Type R. Signature suede-effect red and black fabric high-backed bucket seats offer unparalleled support for sports driving to help keep the driver and front passenger firmly in place through acceleration and cornering.

The steering wheel incorporates red leather inserts and hexagonal stitching, while the dashboard's carbon fibre effect panelling and race red highlights scream sports performance. Complementing this is the iconic Type R's drilled alloy sports pedals, iconic spherical machined alloy gear shift knob and custom serial number embossed on the centre console.

At the top of the centre console sits the seven-inch colour touch-screen display.

As well as being a touch-control device for the infotainment and climate control functions, the display also integrates with a reversing camera and LaneWatch. It also offers enhanced intuitive operation and full smartphone integration via both Apple CarPlay[®] and Android Auto[®].

In front of the driver, the instrument display layout provides vivid clarity and highly intuitive useability. A seven-inch colour TFT LCD Driver Information Interface (DII) display makes up the largest central section of the instrument binnacle, which includes virtual gauges as well as a switchable section that can display a variety of different function readouts including an LED gearshift indicator light, boost pressure gauge, G-Meter and lap time recorder.

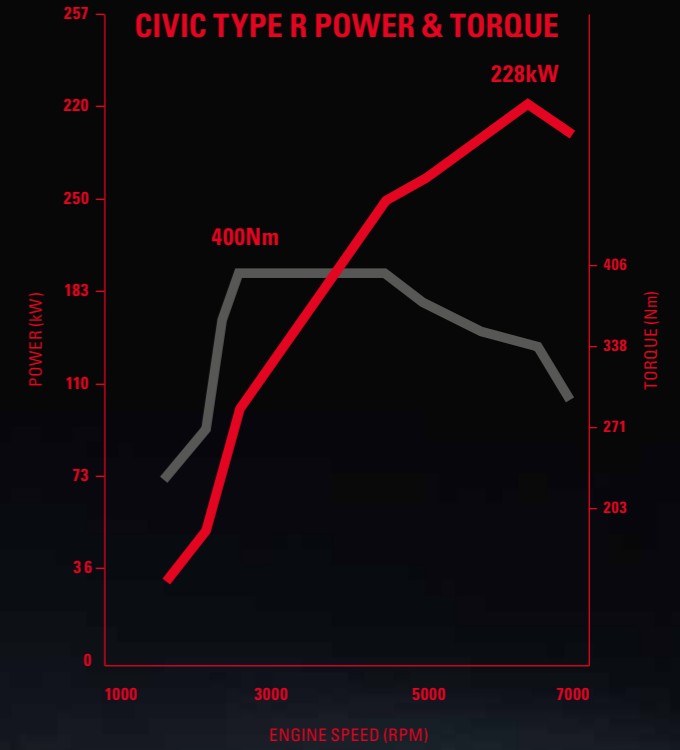

*Apple CarPlay is a trademark of Apple Inc. Apple CarPlay works with iPhone 5 models and above and running iOS or higher.
†Android Auto is a trademark of Google Inc. Android Auto works with Android 5.0 (Lollipop) or above.

EXHILARATING PERFORMANCE

The guttural and highly tuned 2.0 litre VTEC turbo engine responds instantly to your command with an adrenaline pumping 228kW of power with 400Nm torque delivered between 2500-4500rpm. With a tested top speed of 272km per hour*, it's amongst the quickest cars in its class.

A scalpel sharp, 6-speed manual transmission with rev matching function which enables engine speed to be aligned with the main shaft speed during upshifts or downshifts, provides for an intimate and rewarding connection with the driver.

Final drive is transmitted through an exceptionally responsive Helical Limited Slip Differential (LSD) which aids track cornering traction, even during hard driving for a more dynamic driving experience.

*Tested on European model, under controlled test conditions.

EXPERIENCE THE SCIENCE OF POWER AND CONTROL

Raw power is one thing, control is another. Depending on the road and track conditions, you can choose from an enhanced selection of driving modes; Comfort, Sport and +R mode and automatically adjust the suspension dampers, steering force, gearshift feeling and throttle response to suit.

COMFORT MODE

Comfort mode offers a softer suspension setup and smoother steering feel, for a more comfortable daily drive.

SPORT MODE

Sport mode offers a more dynamic response to your drive. It sharpens the throttle response, stiffens the suspension and increases steering sensitivity. It provides the optimum vehicle set up for driving on the open road.

+R MODE

+R mode is the choice for track driving. Engine responsiveness is heightened, with the torque-mapping changed to a more aggressive and performance-focused configuration, allowing more of the available torque at lower engine speeds. Damping force is increased by 15 per cent over Sport mode. This produces a firmer, flatter ride and greater agility for high-performance handling.

The Vehicle Stability Assist (VSA®) system is retuned for +R mode to focus on acceleration and performance, allowing a greater yaw and slip rate before intervening.

UNIQUE FEATURES

2.0 LITRE VTEC TURBO ENGINE

228kW POWER @ 6,500 RPM
400Nm TORQUE @ 2,500-4,500 RPM

HELICAL LIMITED SLIP DIFFERENTIAL

6-SPEED MANUAL TRANSMISSION WITH REV MATCHING FUNCTION

ADAPTIVE DAMPER SYSTEM

20-INCH BLACK ALLOY WHEELS WITH BREMBO 4-PISTON ALUMINIUM FRONT BRAKE CALIPERS

COLOUR RANGE

Crystal Black (Pearlescent)*

Championship White (Premium)*

Sonic Grey (Pearlescent)*

Rally Red

Brilliant Sporty Blue (Metallic)*

20-inch black alloy wheels

Light weight racing inspired seats

*Premium/Metallic/Pearlescent paint additional cost.

SPECIFICATIONS

ENGINE/TRANSMISSION

DOHC VTEC Turbo in line 4-cylinder engine
 6-speed manual transmission with rev matching function
 3-Mode Drive system (Comfort/Sport/+R)
 Drive By Wire throttle (DBW)
 Helical Limited Slip Differential (LSD)

PERFORMANCE/ECONOMY

Power: 228kW @ 6,500rpm
 Torque: 400Nm @ 2,500 – 4,500rpm
 Fuel consumption: 8.8L/100km[~] (combined)

STEERING

Dual Pinion Motion Adaptive Electric Power Steering (MAEPS)

EXTERIOR

Red Honda badges (front and rear)
 Piano black grille and B-pillar finish
 Carbon fibre effect front splitter, rear diffuser and side skirts with red striping
 Shark fin antenna
 Electrically adjustable and retractable door mirrors with integrated LED indicators
 Central triple exhaust
 Black rear wing spoiler with body coloured sides
 Vortex generators (rear roofline)
 Vertical air intakes (front)
 Hood scoop
 Rear window demister
 Auto rain sensing front wipers
 LED Daytime Running Lights and fog lights
 LED Headlights with auto dusk sensing, auto levelling and auto off coming home/leaving home function

SAFETY

Honda Sensing:
 Forward Collision Warning (FCW)
 Collision Mitigation Braking System (CMBS)
 Lane Departure Warning (LDW)
 Lane Keep Assist System (LKAS)
 Road Departure Mitigation System (RDM)
 Adaptive Cruise Control (ACC) with speed limiter
 LaneWatch
 Agile Handling Assist System (AHAS)
 Vehicle Stability Assist (VSA)
 Traction Control System (TCS)
 Anti-lock Braking System (ABS)
 Electronic Brake-force Distribution (EBD)
 Brake Assist system (BA)
 Hill Start Assist (HSA)
 Tyre Deflation Warning System (DWS)

SUSPENSION

MacPherson with Dual Axis Strut (front)
 Multi-link (rear)
 Adaptive Damper System

BRAKES

350mm ventilated disc brakes (front) with Brembo 4-Piston Aluminum Front Brake Calipers
 305mm solid disc brakes (rear)

INTERIOR

Driver Information Interface with colour display featuring G-Force meter, Boost meter and Stop Watch (Lap Timer)
 Steering wheel-mounted controls
 Dual-zone climate control
 Drilled alloy sports pedals
 Electric parking brake with brake hold function
 Power windows with auto up/down function
 Privacy glass rear passenger and cargo area
 Auto-dimming rear view mirror
 Smart keyless entry with push start button
 Tilt and telescopic steering column
 Type R sports bucket seats with red suede style fabric (driver and front passenger)
 Black fabric with red stitching rear seats
 60/40 split fold rear seats
 Red seatbelts
 Alloy gear shift knob
 Black and red leather-wrapped steering wheel
 Type R serial number plate
 Black suede style door trim with red stitching (front)
 Carbon fibre effect panels (front door/dash)
 Beverage holders (x6)
 Retractable cargo cover

MULTIMEDIA

Advanced Display Audio (7-inch touchscreen) featuring:
 AM/FM radio
 Android Auto[®] with Google[™] Voice search[†]
 Apple CarPlay[®] with Siri[®] Eyes Free mode[†]
 Bluetooth[®] connectivity with audio streaming[°]
 Digital Radio (DAB+)[†]
 HDMI connectivity (1 port)
 USB connectivity (2 ports)
 160W 8-speaker sound system
 Speed-sensitive Volume Compensation (SVC)

SECURITY

Engine immobiliser
 Security alarm system
 Walk Away door locking

WHEELS

20-inch black alloy wheels
 Tyre repair kit

[~]Fuel consumption figure is based on ADR 81/02 test results. You may experience different results depending on driving conditions and the condition of the vehicle.
