See something – say something! Below is far above any of us! Twice I swore to defend the Constitution from enemies foreign and domestic. The below appears there are BOTH!

Jan 17, 1961 President Eisenhower's farewell speech included warnings:

Unwarranted influence into every government offices, home and business; Control of Public Opinion;

Danger from Permanent Armament Industry;

Entrapment by Government contracts.

Scientific Technological Elites; Military (Dept Of War=D.O.W-Dept. Of Defense=D.O.D.) **Industrial (political) Complexes.**

(Coordination of 5,000 largest Depression WPA Work Projects Administration Businesses in all Congress Districts + Territories)

Eisenhower: As WW II Supreme Allied Commander he knew all European, Pacific, and World leaders. Included Southern White Supremacists who control 8 of 12 Congress Committees and many in Military; the Robber Baron rich including Rockefeller family influence over 33 Petro export states; Organized Crime from Prohibition controlling North, East, Midwest, and West coalition of Tammany Italians, Jews, Irish, Germans, Wasps; Yankee clipper Slave, booze, and drug runners as well as Dutch and British East India drug lord, Royals who controlled European upper class and intellectual classes in Military, Business, Religion, Academics, and Titular heads. <> Presidents, Popes, Prime Ministers, Legislators, Judges Military are selected by planning and operations <>

1979 - **Barry Goldwater:** "The Trilateral Commission is intended to be the vehicle for multinational consolidation of commercial and banking interests by seizing control of the political government of the United States. The Trilateral Commission represents a skillful, coordinated effort to seize control and consolidate the **four centers of power— political, monetary, intellectual and ecclesiastical.** What the Trilateral Commission intends is to create a worldwide economic power superior to the political governments of the nation-states involved. As managers & creators of the system, they will rule the future."

Eric Arthur Blair (25 June 1903 – 21 January 1950), who used the pen name **George Orwell**, was an English novelist, essayist, journalist, and critic. His work is marked by lucid prose, awareness of social injustice, opposition to totalitarianism, + outspoken support of democratic socialism. (Warned of danger of **pretextual** democratic socialism!)

Orwell wrote literary criticism, poetry, fiction, and polemical journalism. He is perhaps best known for his dystopian novel **Nineteen Eighty-Four** (1949) and the allegorical novella **Animal Farm** (1945). His non-fiction works, including **The Road to Wigan Pier** (1937), documenting his experience of working class life in the north of England, and **Homage to Catalonia** (1938), an account of his experiences in the Spanish Civil War, are widely acclaimed, as are his **essays on politics, literature, language, and culture.**

In 2008, *The Times* ranked him second on a list of "The 50 greatest British writers since 1945".

Orwell's work continues to influence popular and political culture, and the term *Orwellian*—descriptive of totalitarian or authoritarian social practices—has entered the language together with many of his neologisms, including **cold war, Big Brother, thought police, Room 101, memory hole, newspeak, doublethink, and thought crime.**

The **arms industry** is a global [business](#) that [manufactures weapons](#) and [military technology and equipment](#). It consists of [commercial industry](#) involved in [research and development](#), production, and the service of [military](#) material, equipment, and facilities. Arms producing companies, also referred to as **defense contractors** or military industry, produce arms mainly for the [armed forces](#) of [states](#). Departments of government also operate in the arms industry, buying and selling weapons, munitions and other military items. Products include [guns](#), [ammunition](#), [missiles](#), [military aircraft](#), [military vehicles](#), [ships](#), [electronic systems](#), and more. The arms industry also provides other logistical and operational support.

It’s estimated that yearly, **over 1.5 trillion United States dollars** are spent on **military expenditures worldwide** (2.7% of World GDP). https://en.wikipedia.org/wiki/Arms_industry

Average prices for OPEC crude oil from 1960 to 2015 (in U.S. dollars per barrel) This statistic depicts the change in average prices for selected OPEC crude oils between 1960 and 2015. **In 1961, the oil price per barrel was 1.57 U.S. dollars.**

➤ https://en.wikipedia.org/wiki/1973_oil_crisis

The **1973 oil crisis** began in October 1973 when the members of the [Organization of Arab Petroleum Exporting Countries](#) (OAPEC, consisting of the [Arab](#) members of the [OPEC](#) plus [Egypt](#) and [Syria](#)) proclaimed an oil [embargo](#). By the end of the embargo in March 1974, the **price of oil had risen from \$3 per barrel to nearly \$12 globally**, US prices were significantly higher. The oil crisis, or "shock", the embargo caused had many short-term and long-term effects on global politics and the global economy.^[2] It was later called the "first oil shock", followed by the [1979 oil crisis](#), termed the "second oil shock." https://en.wikipedia.org/wiki/1979_energy_crisis

George E. Mulligan, 429 Housatonic Avenue, Stratford, CT. 06615 (203) 378-1888 georgeemcom@yahoo.com

The **1979** (or **second**) **oil crisis** or **oil shock** occurred in the [United States](#) due to decreased oil output in the wake of the [Iranian Revolution](#). Despite the fact that global oil supply decreased by only ~4%, widespread panic resulted, driving the price far higher than justified by supply. The **price of crude oil rose to \$39.50** per barrel over the next 12 months and long lines once again appeared at [gas stations](#), as they had in the [1973 oil crisis](#).

As with the **1973** crisis, global politics and power balance were impacted. OPEC lost influence. In 1980, following the outbreak of the [Iran-Iraq War](#), oil production in Iran nearly stopped, and Iraq's oil production was severely cut as well. After 1980, oil prices began a [20-year decline](#), eventually reaching a 60 percent fall-off during the 1990s. Oil exporters such as Mexico, Nigeria, and Venezuela expanded production; the USSR became the top world producer; and North Sea and Alaskan oil flooded the market.

1980s US recession was triggered. Oil prices did not return to pre-crisis levels until the mid-80s. (Mulligan: Big OIL: Bush, Rockefeller, Schultz, USSR, O.P.E.C., North Sea, Common Wealth. 32 US States export OIL, Natural Gas, & Coal.

➤ <http://www.theguardian.com/business/2008/jul/12/oil.commodities>

Oil prices surged to a new record of \$147 a barrel yesterday on increasing tension between the west and [Iran](#). **Brent crude** rose to **\$147.02** in London. The US light sweet crude was up by more than \$3 to **\$146.90**

The abbreviation OPEC stands for Organization of the Petroleum Exporting Countries. The following countries are members of the organization: Algeria, Angola, Ecuador, Indonesia, Iraq, Iran, Qatar, Kuwait, Libya, Nigeria, Saudi Arabia, Venezuela and the United Arab Emirates.

Michelle Alexander – a law school professor who directed Stanford Law School's Civil Rights Clinic and served as law clerk for Justice Harry Blackmun at the U. S. Supreme Court – notes:

*The United States incarcerates a higher percentage of black men than South Africa did at the height of apartheid. Primarily because of these significant incarceration rates, level of black youth poverty is higher today than in **1968**. African-American males are sentenced an average of 20 to 50 times longer prison term than white males convicted of the same drug crime.*

Over 2.3 million men in America are in prison — about half for drug crimes. Seventy percent of all men imprisoned are black or Hispanic. Thirty years ago, before the "War on Drugs" was implemented, there were only 300,000 people in the American prison system. (Mulligan: Add Probation, Parole, ½ way house, Rehab, DCF, MD needs, more effects)

There are 2.7 million children whose fathers or mothers are in prison, on probation, or on parole.

There are 7 million Americans either in prison, on probation, or on parole — mostly for selling or using drugs. In many inner cities, eighty percent of young men have prison records. Convictions will remain on their records permanently, limiting their voting rights and their ability to find employment. Currently, in all but two states, citizens with felony convictions are permanently or temporarily prohibited from voting. The United States is the only country that permits permanent disenfranchisement of felons even "after completion of their sentences." Convicted=NO Vote!

- Since 1971, there've been more than 40 million arrests for drug-related offenses, (enriching lawyers, prisons, rehab).

Report released last year by the National Research Council - The U.S. prison population is largely drawn from the most disadvantaged part of the nation's population: mostly men under age 40, disproportionately minority, and poorly educated. *** Prisons are part of a poverty trap, with many paths leading in, but few leading out.

https://en.wikipedia.org/wiki/Statistics_of_incarcerated_African-American_males

- A black male born in 1991 has a 69% chance of spending time in prison at some point in his life.
- One out of nine African American men will be incarcerated between the ages of 20 and 34.
- Black males ages 30 to 34 have the highest incarceration rate of any race/ethnicity.

Federalist Papers # 4 - Pretext for provoked Wars. But the safety of the people of America against dangers from FOREIGN force depends not only on their forbearing to give JUST causes of war to other nations, but also on their placing and continuing themselves in such a situation as not to INVITE hostility or insult; for it need not be observed that there are PRETENDED as well as just causes of war. > It is too true, however disgraceful it may be to human nature, that nations in general will make war whenever they have a prospect of getting anything by it; nay, absolute monarchs will often make war when their nations are to get nothing by it, but for the purposes and objects merely personal, such as thirst for military glory, revenge for personal affronts, ambition, or private compacts to aggrandize or support their particular families or partisans. These and a variety of other motives, which affect only the mind of the sovereign, often lead him to engage in wars not sanctified by justice or the voice and interests of his people. **Federalist Papers # 4** - One government can collect and avail itself of the talents and experience of the ablest men, in whatever part of the Union they may be found. <http://blog.hiddenharmonies.org/2010/08/08/map-of-u-s-military-bases-around-the-world/> Map of U.S. Military bases around the world. After having won the Cold War, the U.S. has embarked on a global grand strategy of “full spectrum” domination. Former president Dwight Eisenhower warned his fellow Americans of the potential for the military industrial complex growing out of control. His fear was it becoming too strong a political force in America such that it would indulge in maintaining its size and influence at the expense of other needs of society. On the website is an infographic courtesy of militaryeducation.org in showing what this cost meant as an opportunity cost to American society: (Meaning: if priorities were different, (how) could society benefit?)

This is a fascinating set of maps showing a variety of similarities – and differences -- in the world as we think we know it. It may change your perspective on both.

Map: European colonialism conquered every country in the world but these five countries

Updated by [Max Fisher](#) on February 24, 2015, 10:24 a.m. ET

<http://www.vox.com/2014/6/24/5835320/map-in-the-whole-world-only-these-five-countries-escaped-european>

Modern-day **Saudi Arabia** came under partial domination. There are only four countries that escaped European colonialism completely.

***Japan** and ***Korea** successfully staved off **European domination**. (* Presently occupied by USA as staging & buffer)

Mongolia and **Tibet** were conquered by China. **Thailand** was spared when the British and French Empires decided to let it remain independent as a buffer between British-controlled Burma and French Indochina. Japan, however, colonized both Korea and Thailand itself during its early-20th-century imperial period. **Liberia**, which European powers spared because the United States backed the Liberian state, which was established in the early 1800s by freed American slaves who had decided to move to Africa.

Debate as to whether **Ethiopia** could be considered the sixth country never subjugated by European colonialism

Hello,

Please **investigate attached 2009 online threat to my life using Cancer** and project to circumstances & positions of some other Cancer victims.

Please discreetly investigate using **epi-demographic analysis** and actuary projection into the Attached 2000 and 2001 documents given to every Stratford Town:

Manager, Mayor, rank Police, Attorney, Council since Sept 10, 2001.

* Some happened 1992 -1995 after a National level appeal and others happened after my Ethics complaints against Police Chief Robert Mossman, Town Attorney Richard Buturla, & Town Manager Marks Barnhart

- **Series of deaths** which *appear natural* to reasonable people
- Couple *apparent murders*, which *appear unrelated* to reasonable people
- Series of (mostly rear end) **accidents** which **to me appeared reprisal & intimidation** and included one elderly death prior to appeal to Chief Justice William Sullivan
- **National Security issue** about price of (just) OIL affect on (just) DJIA and the potential to use OIL, Natural GAS, & Coal to take over all US Stocks (**the MATH WORKS**) or to use lower prices of those (and Drugs) to cut Russia ability to maintain COLD WAR.
 - * Please see the bottom of 9-10-2011 document presented to Stratford Town Council and do the math which equals **\$ 1 BILLION a DAY x 365 DAYS x 27 YEARS** which equals under **\$10 Trillion. Sept 1987** ether entire market or just DJIA = **\$9+ Trillion**
 - > **Do you want another country or Rockefeller / Bush controlling Stock Markets and YOUR PENSIONS?**
 - * Now that strategy is being used to squeeze IRAN & ISIS as well as RUSSIA, and a variation of the Marshall Plan can be used to set up peace in Mid East, Russia, and rest of the world, buy starving WEAPONS CAPITAL

This is my 2nd request within month by email. I've appealed since 1984 for USPS and DC investigations, and again April 1995 - with many before and after

Mulligan on 'justice delayed' (is justice denied)

By [Stratford Star](#) on June 30, 2016 in [Letters to the Editor](#) · [16 Comments](#)

<http://www.stratfordstar.com/53874/mulligan-on-justice-delayed/>

To the Editor:

"Why are you still alive? Anal cancer hasn't found you? Someone will find you soon:" "White Male Devil:" June 5, 2009 newspaper blog online threatening anal cancer to George Mulligan.

Found threat: Jan. 19, 2016. 2:44 pm, emailed to: Stratford Police Chief Ridenhour, Deputy Chief McNeil; Fairfield Police Chief McNamara, and Deputy Chief Lyddy. Sent follow-up emails and 2 February 22, 2016, Stratford Police online complaints. Ridenhour left Stratford.

I supplied supporting documentation about past continual appeals; non-discernible Biotoxins or natural deaths; World Wars cryptographic, nomenclatural, clandestine, Steganography; Stratford, Fairfield, and other preferential politics; and Southport USPS "going postal" type harassment. Motives? Multi-generational, covert, political messages? Families, character witnesses, and others can cause governmental politically connected peoples' arrests?

Local, state, and federal police refused investigations since 1984 multilateral appeals started. Spoke with Fairfield, Stratford, and other enforcement since April 1995.

Have over 20 affidavits from USPS coworkers, patrons, and witnesses about "going postal" ambiance. Management bullied workers, allowed by: national and regional unions; postal inspectors; legislative, executive and judicial. 1986 to 1997, over 40 people were shot by USPS current or ex-workers in 20 workplace rage incidents. Employees killed managers, fellow workers, police, and public.

"No national to local: managers, union, politicians, or elected took responsibility, nor charged with crimes?"

Motives?

Republicans: donations from management.

Democrats: donations from unions and fearful workers.

Enforcement covered patrons.

Management eliminated union clock time.

Unions consolidated union dues.

I'll run for Stratford Town Council against political parties' corrupted system, for transparent Constitutional assiduity.

Governments make laws, but whether they are carried out, and how the police behave, depends on the general temper in the country.
