## **4 Additional Software required**

**The following additional software was required to achieve this certification:**

- NewCrop
- Microsoft HealthVault
- Microsoft Word
- Mirth Connect
- MedlinePlus Connect

## **5 Transparency and Disclosures**

**Cost Transparency:** A monthly fee per provider is charged for enabling the Meaningful Use license. The Meaningful Use license is required for each provider to achieve Meaningful Use. Failure to pay the monthly Meaningful Use charges can result in the removal of the Meaningful Use license and an inability to achieve Meaningful Use.

**Limitations:** For each provider that is licensed for Meaningful Use, up to one Direct Messaging address can be generated. Unlimited outbound and inbound Direct Messaging can be utilized with the Direct Address generated for that provider. If a practice is interested in generating additional Direct Addresses beyond what is included with their Meaningful Use license, additional charges may apply.
