BUSINESSES

## **PUBLIC (OPEN) SPACES**

**parks**

**streets**

**squares**

**pavements**

**playgrounds**

**vacant lots**

**sports fields**

**natural areas**

**transport hubs**

**community gardens**

# FEAR

# FEAR

=

**don't enjoy full benefit of public  
spaces**

=

**- social, economic, cultural, spatial  
impacts**

## Vision 2030

“In 2030, people living in South Africa feel safe at home, at school and at work, and they enjoy a community life free of fear. Women walk freely in the streets and children play safely outside...”

NDP, 2012, p. 387

A photograph of a man and a woman walking past a weathered wall with graffiti. The woman is in the foreground, wearing a maroon long-sleeved shirt and light blue jeans, walking towards the left. The man is slightly behind her, wearing a white and orange jacket and blue jeans, also walking towards the left. The wall behind them is grey and peeling, with purple and blue graffiti. The ground is paved with cobblestones.

**WAYS OF THINKING ABOUT  
THE RELATIONSHIP  
BETWEEN SAFETY AND  
PUBLIC SPACE**

**10 PROPOSITIONS**

# 1: Safety is a fundamental attribute of quality public spaces

# Safety

Live without threat or fear

# Security

Protection against a known or perceived threat.

## 2: Public spaces can be designed and managed in ways that reduce the likelihood of crime or violence occurring within them

### → Crime Prevention through Environmental Design

e.g. Lighting, passive surveillance etc

### → Rules

e.g. Restrictions on alcohol, gun-free zones etc

### → Active surveillance/law enforcement

e.g. police, private security, CCTV

### 3: Perceptions about safety in public spaces are as significant as the reality

**Figure 8: Percentage of households who feel safe walking alone in their area during the day by gender of the head of the household and province, 2011**

In 2011, more than a **third of households (35,1%)** avoided going to open spaces unaccompanied because of their fear of crime, followed by 23,2% of households who would not allow their children to move around unsupervised or play freely in their area. A further 15,7% of households would not permit their children to walk to school alone.

# Murder: Relationships & motives

## *Relationships*

Perpetrators known to victims	Perpetrators as relatives, friends, etc	Relatives as perpetrators
<b>80%</b>	<b>60%</b>	<b>20%</b>
Att murder - 60%   Rape - 75%   Assault - 90%		

## *Motives/Conditions*

Social behaviour (E.g. domestic conflict such as arguments, jealousy, alcohol & drug abuse, etc)	Criminal behaviour (E.g. resulting from other crime such as robbery, etc)	Group behaviour (E.g. gang & taxi violence, vigilantism, etc)	Other (E.g. retaliation, self-defence, police actions, etc)
<b>65%</b>	<b>16%</b>	<b>7%</b>	<b>12%</b>

## 4: Different users of public space experience safety differently and may be vulnerable in different ways

- Women
- Children
- Older persons
- People with disabilities

### PLANNING, DESIGN & MANAGEMENT OF PUBLIC SPACES

## 5: Levels of safety in public spaces are a reflection of the community and society in which they are located

CATEGORY	Number
<b>Murder</b>	<b>16 259</b>
<b>Total Sexual Crimes</b>	<b>66 387</b>
<b>Attempted murder</b>	<b>16 363</b>
<b>Common robbery</b>	<b>53 540</b>
<b>Robbery with aggravating circumstances</b>	<b>105 888</b>
<b>Burglary at non-residential premises</b>	<b>73 630</b>
<b>Burglary at residential premises</b>	<b>262 113</b>
<b>Theft out of or from motor vehicle</b>	<b>139 658</b>
<b>Commercial crime</b>	<b>91 569</b>
<b>Carjacking</b>	<b>9 990</b>
<b>Truck hijacking</b>	<b>943</b>
<b>Robbery at residential premises</b>	<b>17 950</b>
<b>Robbery at non-residential premises</b>	<b>16 377</b>
<b>Public violence</b>	<b>1 783</b>
<b>Kidnapping</b>	<b>4 333</b>

### **Murder:**

31.1 / 100.000

4 X higher than global average

## Need to look deeper into drivers of violence & crime...

Figure 3: Ecological model for understanding violence  
(Source: WHO, World Report on Violence and Health, 2002, p 12)

**WHO ecological model: location of risk & protective factors**

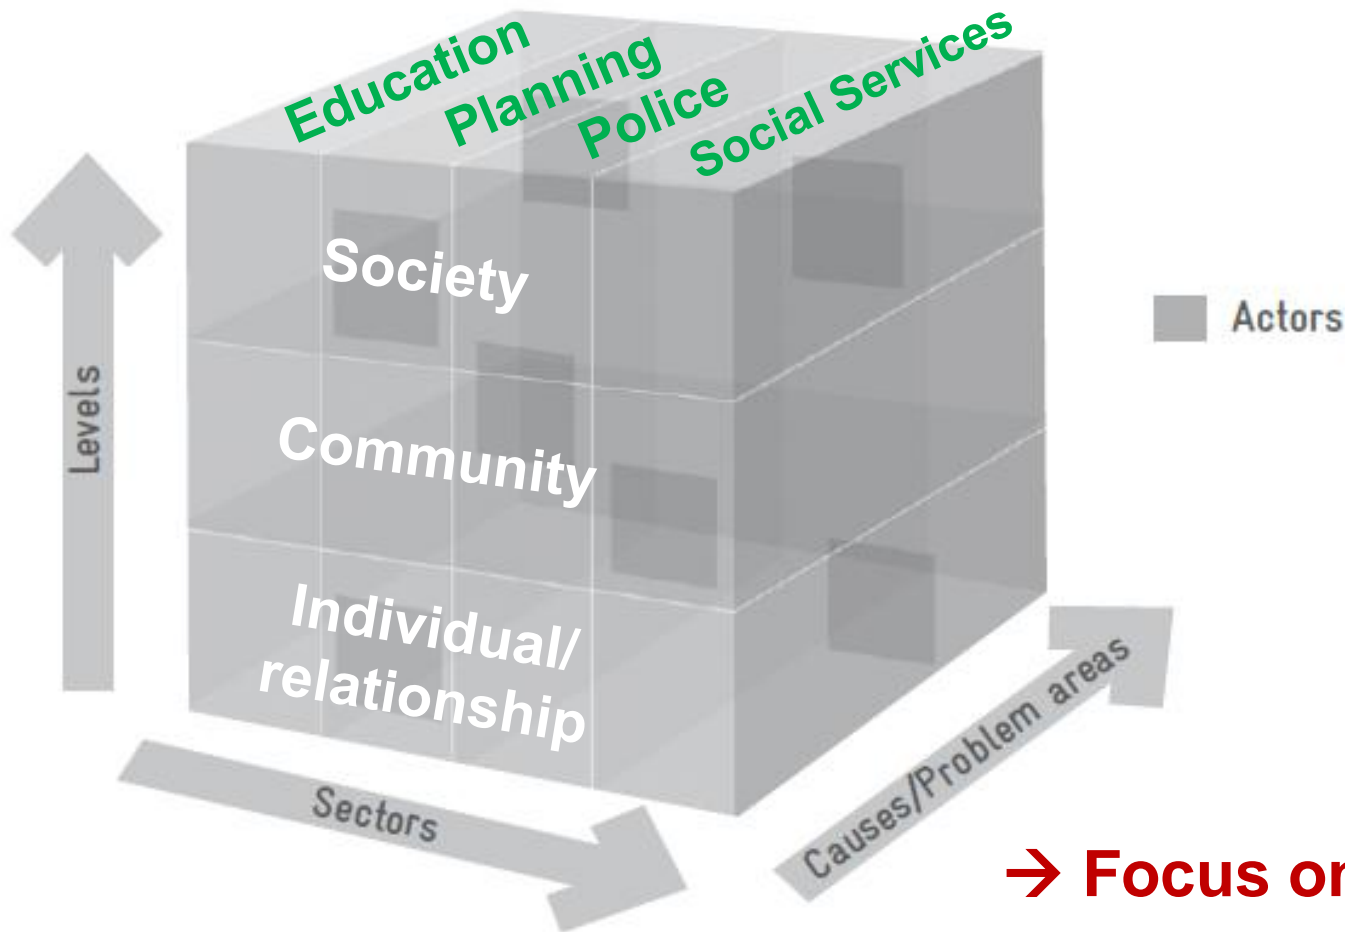

Level	Risk factors	Protective factors
<b>Individual</b>	Exposure to violence in the family, early involvement with drugs and alcohol	Self esteem, higher education,
<b>Relationship</b>	Low parental involvement in children's activities	Connectedness to family or adults outside the family
	Parental substance abuse or criminality	Positive role models
<b>Community</b>	Socially disorganized neighborhoods, low level of social cohesion, low levels of community participation, gangs	Social networks in place and presence of social workers, Active community structures
<b>Societal</b>	Rapid urbanisation Poverty and high income inequality	Social protection system, comprehensive national violence prevention strategy

**12.000 social workers vs. 170.000 police officers + 400.000 private security**

# Designing and planning comprehensive violence prevention measures

**→ Focus on young people**

## 6: Public spaces play a particularly important function for young people

- Learn
- Socialise
- Be creative
- Express themselves
- Have fun

## 7: Quality public spaces contribute to safety in the wider community and society

→ Functions public spaces play in communities... Safety as an OUTCOME

→ hubs radiating safety

## 8: Active public spaces are safer public spaces

**unsafe space**

**safe space**

## 9: Ensuring public spaces are safe is a collective responsibility

→ Lessons in how to involve local communities

e.g. participation processes & collaboration mechanisms

**“Many who live with violence day in and day out assume that it is an intrinsic part of the human condition. But this is not so. Violence can be prevented. Violent cultures can be turned around. In my own country and around the world, we have shining examples of how violence has been countered. Governments, communities and individuals can make a difference.”**

**Nelson Mandela**

## 10: Safety in public spaces is a RIGHT

**10. Human dignity.**—Everyone has inherent dignity and the right to have their dignity respected and protected.

**11. Life.**—Everyone has the right to life.

**12. Freedom and security of the person.**—(1) Everyone has the right to freedom and security of the person, which includes the right—

- (a) not to be deprived of freedom arbitrarily or without just cause;
- (b) not to be detained without trial;
- (c) to be free from all forms of violence from either public or private sources;
- (d) not to be tortured in any way; and
- (e) not to be treated or punished in a cruel, inhuman or degrading way.

(2) Everyone has the right to bodily and psychological integrity, which includes the right—

- (a) to make decisions concerning reproduction;
- (b) to security in and control over their body; and

VCP's contribution...

## Reference Group on Urban Safety

- **peer-to-peer learning and knowledge sharing** amongst practitioners on urban safety;
- **regular interaction and networking** between city practitioners and national departments
- **lobbying**

# safer spaces

working together for a safer South Africa

## Understand

Learn about risk factors that contribute to violence and crime in South Africa. Enhance your understanding of key concepts for the prevention of violence and crime. Get an overview of South African policy frameworks and strategies for promoting community safety.

## Be Inspired

Discover existing projects and initiatives that are promoting safer communities across the country. Get inspired by their actions on the ground. Learn from their approaches and experiences. Showcase and advocate for your project as a good practice.

## Learn How

Find tools and practical assistance for planning, implementing and evaluating community safety initiatives. Browse through manuals and guidelines linked to issues such as youth resilience, urban crime prevention, school safety or community-based violence prevention.

## Connect

Sign up for free and become part of the SaferSpaces community. Connect with & learn from other practitioners. Share your knowledge and get involved as a topic expert. Manage your own user, project and organisational profiles.
