# **I A C T A C O N 2 0 2 1** ( V I R T U A L )

Greetings from organizing team of **I A C T A C O N - 2 0 2 1 ( V i r t u a l )**.

**Indian Association of Cardiovascular Anaesthesiologists (I A C T A)** is happy to announce the 24th annual conference **I A C T A C O N - 2 0 2 1 ( V )** on 27th and 28th of February, 2021. I A C T A is an association of cardiovascular anaesthesiologists and has been conducting annual conference since its inception in 1997 all across the country. COVID pandemic and flight restriction have forced not to conduct the physical conference in 2021. Looking at the interest and importance of annual conference, I A C T A is conducting annual conference of 2021 on a virtual platform. The scientific scheduled has been designed to cover the topics related to cardiac anaesthesia and the speakers have been involved across India and overseas also. The scientific program includes guest lectures followed by a panel discussion which will be participated by the presidents of international cardiac anaesthesia societies (one from each continent).

The virtual platform gives an advantage that more and more delegates can attend the scientific sessions as there is no need to travel and one need not to leave work place. There is no registration fee for delegates. Our recently organized virtual TEE workshop in Aug. 2020 was attended by more than 8,000 delegates. This gives us a confidence that **I A C T A C O N - 2 0 2 1** this number will cross five digits mark. Organizing team has made arrangement for the trade and industry to showcase their products during the online live telecast in the form of showing the logo, still pictures or even small videos in between the lectures. We invite the trade and industry also to take part in the conference and get a chance to interact with such a large number of delegates across the globe.

I A C T A executive members and Indian College of Cardiac Anaesthesia (an academic wing of I A C T A) have worked like a host team to present the quality scientific lectures and surely it will be an academic feast for the delegates. We have applied for CME credit hours for this conference as well.

For suggestions, queries and comments, please write to our email: [iactacon21@gmail.com](mailto:iactacon21@gmail.com)

With best regards...

Organizing Team,  
**I A C T A C O N - 2 0 2 1 ( V i r t u a l )**
