Rental Equipment Protection does not apply to Power Systems Rental Equipment.

All customers renting from Wheeler Machinery Co. are required either to maintain physical damage insurance or to accept the Physical Damage Waiver prior to the rental of any equipment. If the customer chooses to maintain their own physical damage insurance, they must provide Wheeler Machinery Co. with valid proof of that insurance. If the customer chooses to accept the Physical Damage Waiver, Wheeler Machinery Co. will partially waive their responsibility as the Lessee for loss of or damage to the equipment. And, while the Physical Damage Waiver is not insurance, it does provide some limited protection against accidental direct physical loss of or damage to the rented or leased equipment other than automobiles or trucks licensed for use on public highways, which are not covered by the Physical Damage Waiver.

All Physical Damage Waiver charges will be charged at 15 percent of the gross rental charges.

EXCLUSIONS

The Physical Damage Waiver will not cover the following exclusions and causes of loss which will remain Lessee's responsibility:

1. The first \$3,000 of damage for all machines valued under \$50,000. The first \$5,000 of damage for all machines valued between \$50,000 and \$200,000. The first \$7,500 of damage for all machines valued over \$200,000. This deductible is per occurrence for each separate piece of equipment stolen or damaged.
2. Theft of or damage to all accessories, such as air hoses, tools, electric cords, blades, welding cable, fuel tanks and other similar items.
3. Damage caused by overloading or exceeding the rated capacity of equipment.
4. Damage to motors or other electrical devices caused by a surge in electric current.
5. Damage to tires and tubes caused by blowout, bruises, cuts, road hazards or other causes inherent in the use of the equipment.
6. Damage resulting from lack of lubrication or other normal servicing of equipment.
7. Wrongful conversion by the Customer in possession of the equipment or infidelity of Customer's employees or persons to whom the equipment is entrusted, carriers for hire excepted.
8. Voluntarily parting with the equipment by the Customer or by

others to whom the equipment may be entrusted, except carriers for hire, if induced to do so by any fraudulent scheme, trick or false pretense.

9. Loss or damage caused by abuse or misuse of equipment in violation of any of the terms of the rental agreement.
10. Failure to file a police report following the theft, disappearance or vandalism of the equipment.
11. Damage caused by using straight gas in 2-cycle motors.
12. Loss or damage caused by failure to keep the equipment in a locked enclosure or otherwise secured when not in use.
13. Loss or damage resulting from criminal activity.
14. Loss or damage caused by intentional acts.
15. Loss or damage that was, or should have been, expected due to an extraordinary application or use of the equipment.
16. Delay, loss of market, loss of use, loss of profit, business interruption or indirect or consequential loss of any kind.
17. Loss or damage resulting from overturning or striking overhead objects.

- Lessee agrees that he/she has read the foregoing Physical Damage Waiver explanation and understands that it covers direct physical damage to equipment only and is not a substitute for liability insurance.
- Lessee agrees to participate in the Physical Damage Waiver from Wheeler Machinery Co. and has read and understands the terms and conditions of the Physical Damage Waiver.
- Wheeler's Physical Damage Waiver is not available for trucks licensed for use on public highways. The customer must provide proof of insurance for these vehicles.

If Lessee chooses not to accept Physical Damage Waiver, proof of physical damage insurance on rented equipment must be provided. The Physical Damage Waiver will be charged until such proof has been provided.
